Project Fact Sheet

PROJECT SPONSOR

City of Livermore

PROJECT DESCRIPTION

The project involves widening a 4.6-mile section of State Route (SR) 84 (Isabel Avenue) from Ruby Hill Drive to Jack London Boulevard from two lanes to four lanes and six lanes.

PROJECT STATUS

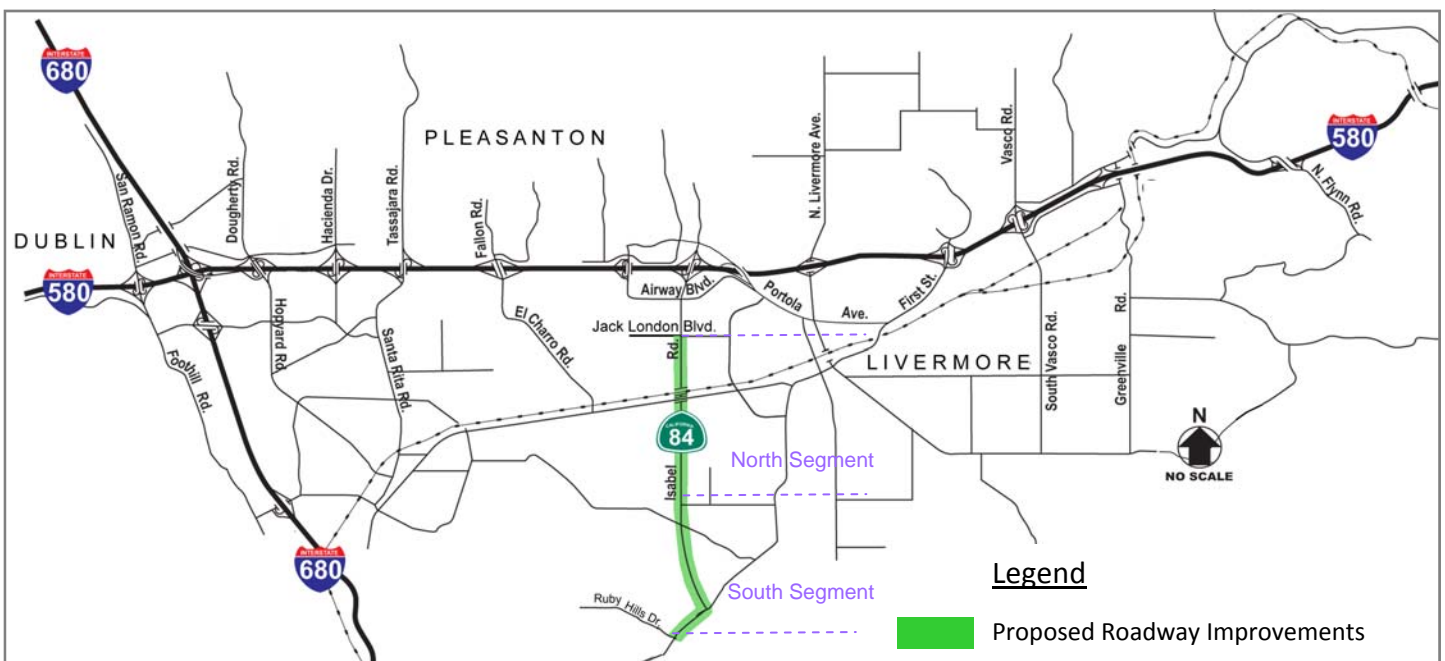

A 2003 Project Study Report (PSR) sponsored by the Tri-Valley Transportation Council (TVTC) identified several improvement projects along SR 84 (Isabel Ave corridor) between I-680 and I-580; that could be constructed in stages as funding became available. The Alameda CTC and the City of Livermore are managing the design phase of the Route 84 Expressway Project. This project will be delivered in two construction packages; the North Segment construction contract, from Concannon Boulevard to Jack London Boulevard, was awarded in March 2012 and the South Segment construction contract, from Ruby Hills Drive to Concannon Boulevard, will follow in 2013.
