

I-880/Washington Avenue Interchange Improvement ACTIA 11

Project Sponsor:

City of San Leandro

ACTIA Project Contact:

Arun Goel
ACTIA Project Manager
(510) 208-7404

Project Description:

The project improved access between Washington Avenue and I-880. The initial phase improvements included widening the southbound I-880 on-ramp, modifying the signals along Washington Avenue at Beatrice Street and Fargo Avenue, and widening northbound Washington Avenue to accommodate increased turning movements.

Project Status Report

The project is complete. The City of San Leandro combined the project with its federally funded Washington Avenue overlay project. The construction contract was awarded in February 2009 and accepted in May 2010.

Recent Activities:

- Project Complete.

Project Issues:

Issue	Action Plan
None.
