Table of Contents

Executive Summary	1
The Transportation System	4
LOS Monitoring	5
Multimodal Performance Element	6
Travel Demand Management Element	7
Land Use Analysis Program	8
Database and Travel Demand Model	10
Capital Improvement Program	10
Program Conformance and Monitoring	11
Deficiency Plans	12
Conclusions and Future Considerations	12
 1 Program Overview	 15
Alameda County's Congestion Management Agency	15
Alameda County Congestion Management Program	16
 2 Designated CMP Roadway Network	 19
Designated CMP Network	20
Process for Adding Potential Roadways	22
Changes to the CMP Network Since 1991	23
CMP Network Tier 1 Roadways	23
CMP Network Tier 2 Roadways	28
CMP and MTS Roadway Networks and MTS Transit Corridors	36
Next Steps	37
 3 Level of Service Standards	 47
Standards and Approach for LOS Monitoring	48
Traffic Monitoring Program	52
Transit Performance Monitoring	58
Local Government Responsibilities and Conformance	58
Next Steps	59

4 Multimodal Performance Element	61
Principles for Selecting Performance Measures	62
Relationships of Performance-Based Planning Activities	64
Performance Measures	65
Legislatively Required Performance Measures	66
Local Government and Transit Agency Responsibilities	69
Next Steps	70
5 Travel Demand Management Element.	71
Framework	72
Required Program	76
Funding Approach.	78
Local Government Responsibilities and Conformance	79
Next Steps	81
6 Land Use Analysis Program	83
Review of Land Use Actions.	85
Review of Land Use Projections.	90
Fostering Transportation Land Use Connection	91
Strategic Monitoring of Transportation Land Use Coordination	95
Local Government Responsibilities and Conformance	96
Next Steps	97
7 Database and Travel Demand Model	99
2014-2015 Updated Countywide Travel Demand Model Features	99
Transportation System Network.	102
Model Results.	103
Model Adequacy	103
Local Government Responsibilities and Conformance	103
Next Steps	104
8 Capital Improvement Program	105
Relationship of CIP to Other Plans and Studies	106
A Diversified Investment Strategy.	109
Funding Sources	109

The Comprehensive Investment Plan (CIP)	113
Local Government Responsibilities and Conformance	114
Next Steps	114
9 Program Conformance and Monitoring	117
Conformance	117
Monitoring	118
Consistency with the Regional Transportation Plan.	120
Next Steps	121
10 Deficiency Plans	123
Requirements.	123
Deficiency Plan Types	124
Conflict Resolution	124
Completed and In-Progress Deficiency Plans.	127
Local Government Responsibilities and Conformance	128
Next Steps	128
11 Conclusions and Future Considerations	129
Conclusions.	129
Future Considerations	131

Tables

ES1	2017 CMP Update Actions Summary	3
ES2	Agency Data Collection Resources	7
2.1	CMP-Designated System, Tier 1 Roadway List	24
2.2	CMP-Designated System, Tier 2 Roadway List	28
3.1	Approach to LOS Monitoring.	48
3.2	Relationship Between Average Travel Speed and LOS	51
3.3	LOS F Freeways for Alameda County CMP-Designated Roadway Network	54
3.4	LOS F Freeway-to-Freeway Connectors, Alameda County CMP-Designated Roadway Network	55
3.5	LOS F Arterial Segments, Alameda County CMP-Designated Roadway Network	55
3.6	LOS Trends on the CMP Network.	57
4.1	Alameda CTC Uses of Performance Measures	63
4.2	Performance Measures for Frequency of Transit Service	67
6.1	Legislative and Regulatory Actions	84
6.2	CMP Land Use Analysis Project Review	85
8.1	Projects Recommended for Funding in the 2018 STIP	112
