End-of-Year Program Compliance Reporting Requirements

Reporting Period July 1, 2011 through June 30, 2012

In July 2010, the Alameda County Transportation Improvement Authority (ACTIA) merged with the Alameda County Congestion Management Agency to become the Alameda County Transportation Commission (Alameda CTC). Agencies and jurisdictions that have Measure B pass-through fund and grant agreements with ACTIA must continue to submit end-of-year program compliance reports to the Alameda CTC.

Measure B and Vehicle Registration Fee (VRF) pass-through fund recipients are required to submit to the Alameda CTC, one electronic and one hard copy version of the following: an audit report and a compliance report.

COMPLIANCE REPORT REQUIRED ENCLOSURES:

1. End of the Year Compliance Report Forms for Measure B and Vehicle Registration Fee (as applicable)
2. Tables 1-3 (for each applicable program)
3. Documentation of Reporting Requirements
   - Measure B/VRF Signage: In the compliance report, include a description and documentation of signage and the number of signs posted.
   - Website: In the compliance report, include a description and documentation of where you listed a link to Alameda CTC’s website (www.alamedactc.org) on your agency’s website, and informed the public about how your jurisdiction uses Measure B funds for transportation projects/programs.
   - Publications: In the compliance report, include a description and documentation of an article published in your agency’s newsletter or Alameda CTC’s e-newsletter for each fund type you receive.

Audit and Compliance Reporting Consistency

The dollar amounts on each of your compliance documents must match, or Alameda CTC will consider your agency out of compliance.

For example, your audit’s expenditure dollar figures for the Paratransit program must match reported figures in your Paratransit compliance report, and the Tables 1-3 Attachments. See guidance throughout the report forms.

Policies on Timely Use of Funds and Reserve Funds

Each jurisdiction receiving Measure B and Vehicle Registration Fee (VRF) pass-through funds are required to comply with the stipulations set forth in the Master Programs Funding Agreement (MPFA) between the jurisdiction and Alameda CTC.

Measure B and VRF funds are to be expended in a timely manner, and/or placed into an appropriate reserve as indicated in the MPFA excerpts below.

Article 3.A. Timely Use of Funds

1. Except for those funds properly placed into a reserve fund pursuant to Section B below, all Measure B and VRF funds received by RECIPIENT shall be spent expeditiously, and no expended funds beyond those included in reserves pursuant to Section B below are allowed, unless a written request is submitted to the Alameda CTC and approved by the Board.

Article 3.B. Reserve Fund Policy

1. **Capital Fund Reserve**: RECIPIENT may establish a specific capital fund reserve to fund specific large capital project(s) that could otherwise not be funded with a single year’s worth of Measure B or VRF pass-through funds.
   a. RECIPIENT may collected capital funds during not more than three years and shall expend all reserve funds prior to the end of the third fiscal year immediately following the fiscal year during which the reserve was established.

   For example, if a reserve is established at any time during FY 12-13, recipient may collect reserve funds during some or all of FY 12-13, FY 13-14, and FY 14-15, and must spend the reserve funds prior to the end of FY 15-16.

2. **Operations Fund Reserve**: RECIPIENT may establish and maintain a specific reserve to address operational issues, including fluctuations in revenues, and to help maintain transportation operations. The total amount retained in such fund may not exceed 50 percent of anticipated annual combined revenues from Measure B and VRF funds. This fund may be a revolving fund and is not subject to an expenditure timeframe.

3. **Undesignated Fund Reserve**: RECIPIENT may establish and maintain a specific reserve for transportation needs over a fiscal year, such as matching funds for grants, project development work, studies for transportation purposes, or contingency funds for a project or program. This fund may not contain more than 10 percent of annual pass-through revenues.

3. Complete the Excel Worksheets Tables 1 to 3 for the Bicycle and Pedestrian Program.
   (Check the boxes below to indicate completion).
   - Table 1: Measure B Revenues and Expenditures
     The values entered into Table 1 must match your agency’s audit and compliance report. Please contact Alameda CTC staff if you have questions before submitting your report. All dollar figures must match your independent audit report and compliance report or Alameda CTC may reject your submission.
   - Table 2: Summary of Expenditures and Accomplishments
     This table describes actual expenditures and activities incurred for FY 2011-2012 (FY 11-12).
   - Table 3: Summary of Planned Projects and Reserve Funds
This table describes your agency’s plan to expend any remaining Measure B funds within the four-year time table of the funding agreement through FY 12-13 thru FY 15-16.

4. **If your agency's ending MB Pass-through balance was greater than zero, why do you have this reserve?** For instance, if you are saving a funding amount, what amount are you saving and what types of projects/programs will those dollars fund? Refer to Reserve Fund guidance (page iv), and complete Table 3 Summary of Planned Projects and Reserve Funds as required by the Master Programs Funding Agreement.

   In 2012, the City of Emeryville completed a new Ped-Bike plan for the City for the next 10 years. Millions of dollars in projects are identified in the plan. The City Council will be adopting a new Capital Improvement Program in 2013 for the next two years. Measure B Bike-Ped funds will likely be allocated to various projects identified in that new CIP.

5. **If applicable, why were the reported expenditures in FY 11-12 more than the amount of Measure B funds the agency received in FY 11-12?** For instance, if your agency faced a funding shortage, how did you use reserve Measure B funds from a previous fiscal year(s)?

   The City used $73,900 of funds for new video detection systems at two intersections. The intersections are both important in the bicycle and pedestrian network of the City so the new detection equipment will improve the performance at those intersections. Revenues had accumulated over the last few years, so there were sufficient funds to accommodate the expenditure.

6. **Describe undesignated funds.** If your agency has undesignated Measure B funds, describe your process to allocate these funds and describe in detail your plan and time frame for using those funds. In addition, if you plan to use reserves, will this require additional agency approvals, and if so, what is your approval process? Refer to Reserve Fund guidance (page iv), and complete Table 3 Summary of Planned Projects and Reserve Funds.

   The City is preparing a new Capital Improvement Project plan for the next two fiscal years. The CIP is expected to be complete by June of 2013 and will identify new bike and pedestrian projects. The City will use Measure B funds for those projects.

7. Alameda CTC uses the data from Table 2 to monitor compliance with the Master Programs Funding Agreement requirement (Section 5.1.d): "All projects and programs that use Measure B Bicycle and Pedestrian Safety pass-through funds must receive governing board approval prior to the jurisdiction expending the pass-through funding on the project/program."

   If your agency expended funds on any projects not approved by your governing board in advance (as indicated in Column R of Table 2: Governing Board Approval), list them below.
and explain why your agency expended funds without agency approval.

For instance, if you are saving a funding amount, what amount are you saving and what types of projects/programs will those dollars fund? Refer to Reserve Fund guidance (page iv), and complete Table 3 Summary of Planned Projects and Reserve Funds as required by the Master Programs Funding Agreement.

It is necessary to accrue larger Measure B balances in order to deliver projects that are cost effective in size. Pavement management system reports indicate that annual expenditures of $400,000 are necessary to maintain the current condition of City roadways.

Street maintenance projects performed in the early part of fiscal year 2012/2013 have exhausted the 2011/2012 Local Streets and Roads ending balance.

5. If applicable, why were the reported expenditures in FY 11-12 more than the amount of Measure B funds the agency received in FY 11-12? For instance, if your agency faced a funding shortage, how did you use reserve Measure B funds from a previous fiscal year(s)?

Accrued Measure B funds from FY 2010/2011 enabled the City to deliver a street maintenance project that was cost effective in magnitude.

6. Describe undesignated funds. If your agency has undesignated Measure B funds, describe your process to allocate these funds and describe in detail your plan and time frame for using those funds.    The City of Emeryville keeps a small reserve of approximately $6,500 for a rainy day, such as if the bus needs substantial repairs to keep providing accessible trips or if we'd like to offer more programs through Paratransit funding than budgeted. It is not strictly capital or unreserved. The city plans on keeping approximately $5,000-$7,000 in reserve each year as it has done over the past years for a multi-purpose reserve.

5. If applicable, why were the reported expenditures in FY 11-12 more than the amount of Measure B funds the agency received in FY 11-12? For instance, if your agency faced a funding shortage, how did you use reserve Measure B funds from a previous fiscal year(s)?

Refer to Reserve Fund guidance (page iv), and complete Table 3 Summary of Planned Projects and Reserve Funds.

The City of Emeryville keeps an amount of undesignated reserve funds for unexpected repairs and to help fund more programs in a given year. We have no immediate plans to spend this funding as it is within the allowed reserve limit.
