### **NOTES**

1) The numbers on Table 1 must be consistent with your Audited Financial Statements.

2) The expenditures inputted in Table 1 must match expenditures calculated on Table 2.

VERIFICATION CHECK: Values to the bottom right drawn from Table 1 and Table 2 (Sum of Column to ensure accurate reporting. Table 1's non-Meas expenditures values must match the sum of Table B expenditures.

Additional Information: Use the Box Below to clarify revenues and expenditures.

Newark's audit erroneously includes \$1,980 in their starting balance. The \$1,980 represents an adjustment that should have been removed in FY 11/12, and corrected in FY 12/13's Audit Statement. Unfortunately it did not, which is why there is a \$1,980 discrepancy from what's reported in the Compliance Report and on our Audit. Newark's FY 13/14 Audit Statement will correct this issue in the future. This compliance report \$397,365-\$1,980 = \$395,385.

Additional Information: Use the Box Below to clarify expenses or to provide additional information. Index No. 7: The City participates in an investment pool managed by the State of California titled Local Agency Investment Fund (LAIF). Each month, the State publishes on their website the investment pool's fair market value, along with any accrued interest for the period. The fair market value for any City participating in this pool is calculated by multiplying the amount invested in LAIF by the fair market value adjustment rate provided by LAIF. As of June 30, 2013, this rate was 1.000273207 – the fair value of total LAIF investments divided by the amortized cost. As part of the City's year end process, the fair market value of the City's investment in LAIF is then allocated to each fund based on that fund's cash proportion to the total cash and investments of the City.

### Additional Information: Use the Box Below to clarify revenues and expenditures.

Column A: On Newark's Audited Financial Statement, the starting FY 12/13 ending balance includes \$13,265 in fare revenue. In future audit reports, fare revenues will be separated from the pass-through revenue balance. For this report, Newark adjusted the FY 11/12 Pass-through balance to reflect the following: \$66,497-\$13,265 = \$52,232.

\* Non-Measure B Funding includes any non-Measure B funding sources such as state, federal, or local funding.

\*\*Report Fare revenues and expenditures in this section. Inputted Fare expenditures must match reported Fare expenditures from Table 2 (Column R).
