

WHAT IS SB 1?

In April 2017, Governor Jerry Brown signed into law Senate Bill 1 (SB 1), the Road Repair and Accountability Act of 2017.

This landmark funding program invests approximately \$5.4 billion annually in state and local roads, public transit and active transportation programs through increases in the gas and diesel taxes and the vehicle registration fee. These funds help stretch our local, voter approved transportation sales tax dollars to deliver projects faster.
