## Project Fact Sheet

### PROJECT SPONSOR

Alameda CTC

### PROJECT DESCRIPTION

The I-580 Westbound HOV Lane Project - West Segment constructed a westbound high occupancy vehicle (HOV) lane from Isabel Avenue Livermore to the San Ramon / Foothill Road overcrossing in Dublin / Pleasanton and included pavement rehabilitation. The project aims to increase capacity, safety and efficiency for commuters and freight along the primary trade corridor connecting the Bay Area with the Central Valley.

### PROJECT STATUS

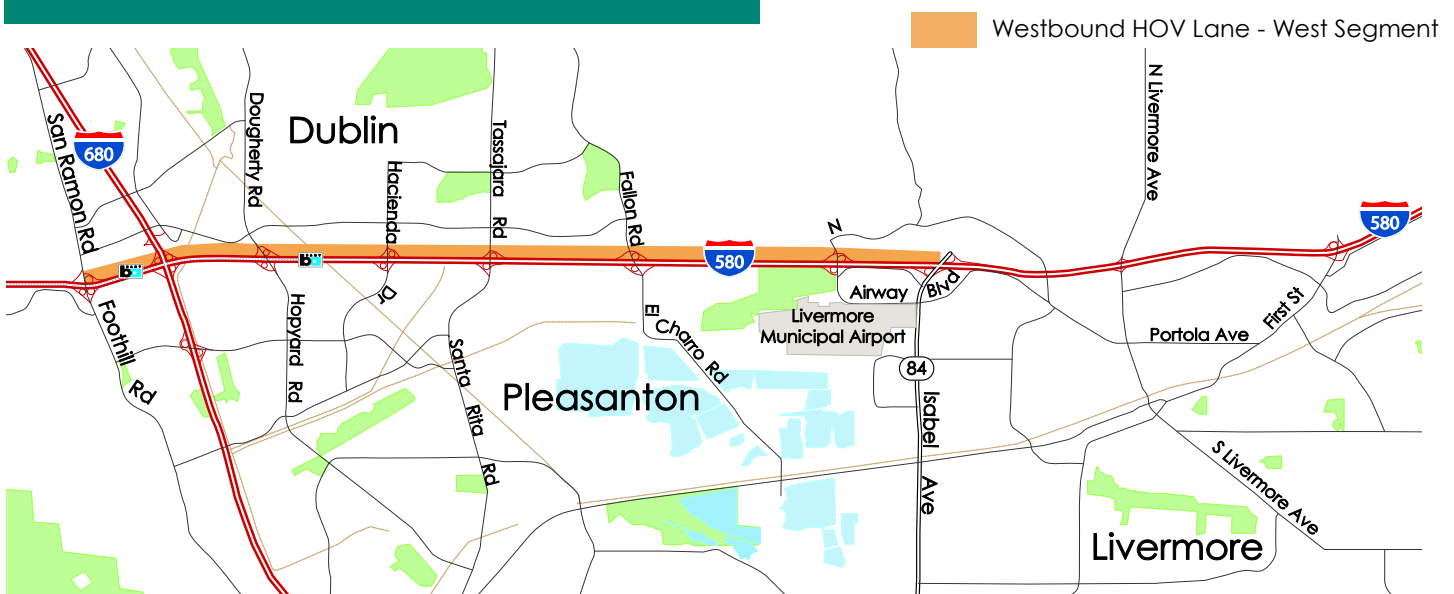

The total project cost of the west segment was estimated at \$61 million and funded with a combination of federal, state, regional, local and Measure B funds. In April 2012, the California Transportation Commission allocated Proposition 1B Corridor Mobility Improvement Account funding for the construction phase of the project. Construction, which was administered by Caltrans, began in March 2013 and completed in December 2015. The new lane opened to traffic as an express lane in February 2016.
