

SR-262 (Mission Boulevard) Cross Connector

Scoping Phase

Project Description

Recommended improvements include, but are not limited to the following:

- Improve geometry at the SR-262/I-680 interchange
- Provide level separation at the SR-262/Warm Springs intersection
- Widen SR-262 to six lanes, between the Warm Springs intersection and I-680
- Construct high-occupancy vehicle (HOV)/express lane to HOV/express lane direct connector between I-880 and I-680
- Depress the SR-262 alignment to separate the local and regional traffic

Eastbound SR-262 at the I-680 southbound on-ramp.

Funding Overview

Total Project Cost	\$261 Million
Estimated Available	\$9 Million
Funding Need	\$252 Million
