I-680 Northbound (NB) Express Lane Project from SR 237 to SR 84

- Environmental Clearance / Project Approval - July 2015
- Phased Construction Approach
- Initial phase of construction (Phase 1): South of Auto Mall to SR 84

I-680 NB Phase 1A Project

- Modified version of Phase 1
- Reduced lane and shoulder widths
- Reduced number of bridge modifications and retaining walls
- No impacts to creeks or riparian areas
- Minor right-of-way acquisition
- No utility relocation
Key Features of I-680 NB Phase 1A Project

- Add new continuous-access express lane on northbound I-680 from south of Auto Mall Parkway to SR 84 (Calaveras Road)
- Widen roadway in the median and to the outside
- Construct new auxiliary lane from Washington Boulevard on-ramp to SR 238 (Mission Boulevard) off-ramp
- Modify 3 bridges (Sheridan Road, Palm Avenue, Calaveras Road)
- Construct 9 retaining walls to accommodate widening
- Pavement rehabilitation from Auto Mall Parkway to Koopman Road
- Install electronic tolling equipment and signage
- Install enhanced lighting and other safety features
I-680 Southbound (SB) Sunol Express Lane

- Convert SB express lane to continuous access from SR262 (Mission) to SR84
- Integrate the converted express lane system with existing SB toll system, south of SR262
- Create a single toll operation for NB & SB
