Measure B Pass-through and Grants Expenditure Summary
Expenditure Comparison
Expenditures by Transportation Mode
Expenditures by Project Phase
Expenditures by Project Type
Timely Use of Funds and Reserve Policy
Measure B Fund Balances
Bicycle and Pedestrian
Local Streets and Roads
Mass Transit
Paratransit 19

Introduction

In 1986, Alameda County voters approved the Measure B Transportation Expenditure Plan, which authorized the collection of a half-cent transportation sales tax to finance transportation improvements throughout the county. With the revenue generated through the sales tax, Alameda County became one of the first "self-help" counties in California. As the 1986 expenditure plan neared expiration, in November 2000, approximately 81.5 percent of Alameda County voters reauthorized the Measure B Transportation Expenditure Plan to continue sales tax collections through 2022. Alameda CTC distributes 60 percent of net Measure B revenues to Alameda County agencies and jurisdictions on a monthly basis.

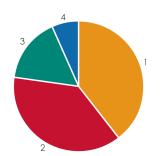

In FY 11-12, Alameda CTC distributed approximately \$60.5 million to the twenty local agencies and jurisdictions. Each fiscal year, Alameda CTC requires these recipients to report on their Measure B pass-through fund expenditures.

Agencies and jurisdictions rely on Measure B funds for numerous types of projects including bikeways, bicycle parking facilities, pedestrian crossing improvements, intersection and signal improvements, guardrails, street resurfacing and maintenance, bus and ferry operations, rail services, shuttle and fixed transit operations, and programs for seniors and people with disabilities.

This Compliance Report is a summary of FY 11-12 revenues and expenditures reported by Measure B recipients, as per the updated Master Programs Funding Agreement (MPFA) executed between Alameda CTC and the local agencies and jurisdictions in Spring 2012. The MPFA outlines the funding distribution to the recipients, eligible expenditures, and reporting requirements pertaining to the use of the transportation sales tax.

As part of the audited financial statement and compliance reporting process, recipients must submit the following program deliverables to Alameda CTC:

- Road miles: The number of maintained road miles within the city's jurisdiction, consistent with the miles the jurisdiction reported to state and federal agencies.
- Population: The number of people the jurisdiction's transportation program serves in the fiscal year.
- Newsletter: Documentation of a published article that highlights the program in either Alameda CTC's newsletter or the agency's newsletter.
- Website: Documentation of up-to-date program information on the agency's website including a link to Alameda CTC's website.
- Signage: Documentation of the public identification of the program improvements as a benefit of Measure B.
- Pavement Condition Index: Documentation of the agency's Pavement Condition Index (PCI) to provide a frame of reference for the condition of their local streets and roads as applicable to the Local Streets and Road Program.
- Complete Streets Policy: Confirmation that local jurisdictions have developed or will be adopting a Complete Streets policy by June 30, 2013.
- Timely Use of Funds Policy: Document an implementation plan using ending fund balances. Per the MPFA, local jurisdictions must expend Measure B pass-through funds in an expeditious manner, and no unexpended funds beyond those included in specified reserve categories, as noted in the Reserve Fund Policy, may be permitted. If Measure B recipients do not meet the timely use of funds requirements, unspent pass-through funds may be subject to rescission.
- Reserve Fund Policy: Local jurisdictions must establish and identify reserve funds for unspent funds.
 - Capital Fund Reserve: This reserve is for larger Capital Projects. Funds identified must be expended by the end of the third fiscal year following the fiscal year when the reserve was established.
 - Operations Fund Reserve: This reserve is for operational activities and may not exceed more than 50 percent of anticipated annual Measure B pass-through revenues.
 - Undesignated Fund Reserve: This reserve is for general transportation needs (within the category) and may not contain more than 10 percent of annual Measure B pass-through revenues.

Alameda CTC Pass-through Program Distribution

Dollars	ın	millions	

Total Distributions	\$60.5	100%
4 Bicycle and Pedestrian	\$4.0	6%
3 Paratransit	\$9.7	16%
2 Mass Transit	\$22.8	38%
1 Local Streets and Roads	\$24.0	40%

Fiscal Year 2011-2012 Measure B Pass-through Fund Distribution

The Alameda CTC disburses Measure B pass-through funds on a monthly basis to Alameda County agencies and jurisdictions for their transportation programs, based on the 2000 Measure B Transportation Expenditure Plan. This report summarizes the total Alameda CTC pass-through fund allocations and agency expenditures for fiscal year 2011-2012 (FY 11-12).

The data within this report is based on the information included in the compliance and audited financial statement reports that the agencies/ jurisdictions submitted. The individual reports and audits are available for review online at http://www.alamedactc.org/app_pages/view/4135.

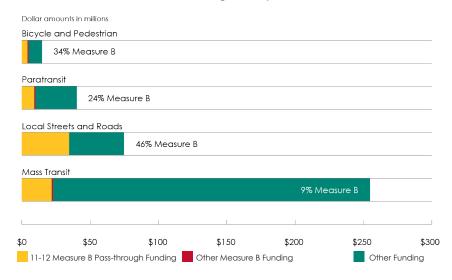

Measure B Pass-through Fund Distributions

In FY 11-12, Alameda CTC provided approximately \$60.5 million in total Measure B pass-through funding for four transportation programs:

- 1) Local Streets and Roads (\$24.0 million)
- 2) Mass Transit Services (\$22.8 million)
- 3) Special Transportation Services for Seniors and People with Disabilities (paratransit) (\$9.7 million)
- Bicycle and Pedestrian Safety (\$4.0 million)

The agencies reported the receipt of \$60.5 million in pass-through fund revenues, and leveraged these revenues for overall total project costs reported as \$312.4 million.

Measure B Contribution to Total Program Expenditures

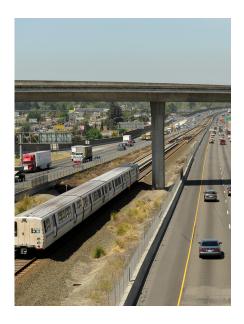

Reported Measure B Pass-Through Expenditures

Each fiscal year, local agencies and jurisdictions utilize past Measure B pass-through fund reserves and their annual pass-through program revenue to implement their projects and programs. In FY 11-12, the total reported \$70.2 million of Measure B pass-through expenditures included using \$54.3 million in FY 10-11 reserves. As a result, the unspent balance at the end of FY 11-12 was reported as \$44.9 million and represents a decline in reserve balances from the previous year.

The overall total expenditure in FY 11-12 and the decline in reserve balances indicates that agencies and jurisdictions are expending reserve Measure B funds more than the previous fiscal years and reducing the balance.

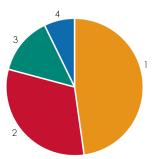

See the chart below for more information on Measure B (MB) pass-through fund reserves, annual pass-through revenue distribution, and expenditures in FY 11-12. The profiles for each of the local agencies and jurisdictions appear later in the report to provide more detail on their Measure B reserves and expenditures per program.

FY 11-12 Measure B Expenditures and Fund Balances

Agency/Jurisdiction	10-11 MB Balance	11-12 MB Revenue	MB Interest	11-12 MB Expended	Ending MB Balance
AC Transit	\$0	\$23,037,792	\$0	\$23,037,792	\$0

City of Pleasanton	\$2,128,314	\$942,044	\$19,444	\$731,747	\$2,358,055
City of San Leandro	\$3,072,379	\$1,658,414	\$18,084	\$1,689,571	\$3,059,306
City of Union City	\$3,847,657	\$1,443,046	\$41,074	\$3,059,658	\$2,272,119
Total	\$54,271,527	\$60,556,178	\$259,943	\$70,219,219	\$44,868,430

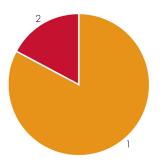

- 1. The table above reflects total Measure B revenue and expenditures reported by agencies/jurisdictions.
- Revenue and expenditure figures throughout this report may vary due to number rounding.
- The Ending MB Balance includes interest on Measure B funds and reflects fund transfers.
- The City of Hayward reported a negative interest due to a GASB 31 accounting adjustment.

Measure B Pass-through and Discretionary Fund **FY 11-12 Expenditures**

As part of the Annual Program Compliance Reporting process, agencies provided expenditure details on their Measure B expenses. This includes reporting on Measure B pass-through expenses and project/program financing using "Other Measure B" funds such as Measure B discretionary grant awards.

In FY 11-12, agencies reported a total of \$72.7 million of Measure B expenditures. This includes \$70.2 million in Measure B pass-through expenditures and \$2.5 million in "Other Measure B" funds. These expenditures financed infrastructure improvements on local transportation and roadways, bicycle and pedestrian routes, and provided support to paratransit and mass transit operations. By program type, agencies reportedly spent 48 percent of total Measure B funds on local streets and roads projects, 31 percent on mass transit, 14 percent on bicycle and pedestrian projects, and 7 percent on paratransit.

Measure B Pass-through Expenditures

Of the reported \$70.2 million of Measure B pass-through fund expenditures, local jurisdictions used their previous year's reserve balance (\$54.2) and their allocated FY 11-12 Measure B pass-through funds (\$60.5 million) to finance the reported FY 11-12 improvements.

Other Measure B Discretionary Fund Expenditures

Discretionary Measure B funds that are awarded through Alameda CTC's grant programs are distributed to local jurisdictions on a reimbursement basis. In FY 11-12, agencies reported approximately \$2.5 million in Other Measure B expenditures, across the four discretionary grant programs:

- Bicycle and Pedestrian Countywide Discretionary Fund Grant Program (\$0.9 million),
- Express Bus Service Grant Program (\$1.0 million),
- Paratransit Gap Grant Program (\$0.6 million),
- Transit Center Development Grant Program (\$0.2 million).

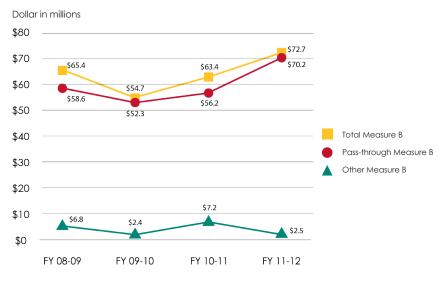

Measure B grant fund recipients receive payment after submitting a request for reimbursement for costs already incurred. Recipients reported their grant fund expenditures on an accrual basis, according to invoices submitted during FY 11-12.

Economic Upswing Increases Measure B Sales Tax Revenues and Expenditures

Each year, the state of the economy directly affects the amount of transportation sales tax revenue generated in Alameda County. Since the economic downturn in 2007, the annual net sales tax revenue has steadily increased from \$90.2 million in FY 09/10, \$100.7 million in FY 10-11, to \$107.5 in FY 11-12. The progressive growth in sales tax revenue has resulted in an increase in the amount recipients receive in their pass-through program distribution.

In FY 11-12, agencies and jurisdictions expended more Measure B funding than they did in the previous fiscal years. The chart below details the total Measure B funds expended over the last four fiscal years.

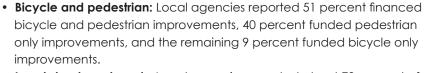

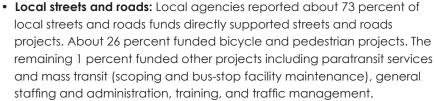

"Other Measure B" includes Measure B grants, paratransit cash-flow stabilization funds, and paratransit minimum service level funds.

Expenditures by Transportation Mode

• Paratransit: The jurisdictions reported expenditures of approximately 61 percent of paratransit funds on services for people with disabilities, 39 percent on services for seniors and people with disabilities, and less than 1 percent on other.

Measure B Expenditures by Transportation Mode

	Bicycle and Pedestrian Fund	Local Streets and Roads Fund	Mass Transit Fund	Paratransit Fund	Total Expenditures

Note: Measure B expenditures by mode include both pass-through and grant funds.

Total Measure B Expenditures by Project Phase

By project phase, the 20 agencies reported expenditures of approximately 44 percent of Measure B funds on operations (\$31.9 million of the \$72.7 million in total expenditures). These dollars helped agencies to maintain services, despite cutbacks from other funding sources.

Other top expenditures by phase include:

- Construction (\$17.9 million)
- Project Completion / Closeout (\$9.5 million)
- Maintenance (\$8.2 million)
- Scoping, Feasibility and Planning (\$2.2 million)

Dollars in millions		

Local Streets and Roads Expenditures by Project Phase

Agencies reported a total expenditure of approximately \$34.7 million on projects to maintain and improve local streets and roads. The majority of the expenses were to construction projects (43%). Construction projects include street resurfacing and maintenance, street reconstruction and overlay, drainage improvements, turn lanes, curb ramps, and striping. Additionally, approximately \$7.8 million was spent on maintenance activities that help provide residents with improved road conditions.

Other top local streets and roads expenditures by phase include:

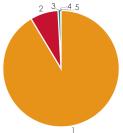

- Project Completion / Closeout (\$6.9 million)
- Scoping, Feasibility and Planning (\$2.2 million)
- PS&E (\$1.5 million)

^{*} Dollars in millions

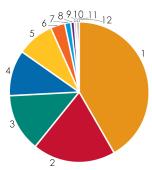

Bicycle and Pedestrian Safety Expenditures by **Project Phase**

Agencies reported total expenditures of \$12.2 million on bicycle and pedestrian projects. The majority of these expenditures funded construction of capital projects such as lanes and pathways for bicyclists and pedestrians, sidewalk and ramp installation and repair, and bicycle facilities. Many of the improvements from Measure B funding made intersections and walkways safer and more accessible for pedestrians and bicyclists.

Total Measure B Expenditures by Project Type

Local Streets and Roads Expenditures by Project Type

By project type, the agencies reported expenditures of approximately \$14.5 million on street resurfacing and maintenance. About \$6.6 million financed sidewalk and curb ramp improvements, and \$4.7 million funded other expenditures, including a wide variety of improvements such as scoping studies for traffic signals replacement and roadway maintenance, equipment and field supplies for street projects, guardrails, and training.

Paratransit Expenditures by Project Type

By project type, agencies reported the majority of their paratransit Measure B expenditures as Americans with Disabilities Act (ADA)-mandated service, which includes approximately \$6.5 million in AC Transit and BART operations of ADA-mandated paratransit services provided by the East Bay Paratransit Consortium. Other paratransit expenditures by type include \$1.1 million for City-based Door to Door operations and \$500,000 for shuttle or fixed route trip service.

These expenditures also include a number of Paratransit Gap Grant projects that provide travel training, transportation services for people with dementia, volunteer drivers and escorts, on-demand shuttle, scholarships, and other paratransit services.

Bicycle and Pedestrian Expenditures by Type

2 Sidewalks and Ramps	\$3.4	28%
1 Safety Improvements	\$3.6	30%
Dollars in millions		

Bicycle and Pedestrian Expenditures by Project Type

By project type, agencies reported the majority of Measure B expenditures on safety improvements (\$3.6 million), sidewalks and ramps projects(\$3.4 million), and bikeways non-Class 1 (\$2.4 million). These projects continue to be among the annual reoccurring expenditures financed through Measure B.

Other top bicycle and pedestrian expenditures by type include approximately \$800,000 on pedestrian crossing improvements, \$700,000 on multiuse paths (Class 1), and \$400,000 on other projects including streetscape improvements, bicycle and pedestrian education programs, and signals.

Staffing Expenditures by Project Type

By project type, approximately 5 percent of the \$72.7 million in total Measure B expenditures was reported to cover salary and benefits for staff to support projects, programs, or services. The agencies reported expenditures of approximately \$3.9 million on staffing.

In FY 11-12, agencies reported an increase in staffing expenditures compared to prior years. The total staffing costs in FY 10-11 was reported as \$1.7 million across the Local Streets and Roads, and the Bicycle and Pedestrian Programs. The increase in staffing expenditures corresponds to the economic upswing and the increase of total expenditures on projects and programs across the recipients.

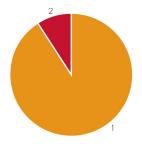

The majority of FY 11-12 staffing expenditures covered staffing for local streets and roads projects, such as:

- Engineering services
- Transportation planning
- Street resurfacing and maintenance, traffic including electrical services, pavement rehabilitation, pothole repair, and preventative maintenance
- Information technology services
- Customer service

The remaining funds supported staffing for bicycle and pedestrian projects and activities, such as:

- Engineering services for bicycle parking
- Administrative services for bicycle and pedestrian programs
- Bicycle/pedestrian planning
- Transportation planning

Timely Use of Funds and Reserve Policy

In order to ensure agencies are expending Measure B funds expeditiously on local transportation improvements, the MPFA's Timely Use of Funds Policy requires jurisdictions to report anticipated use of fund balances for each of their programs. Thus, as part of the FY 11-12 annual compliance reporting process, jurisdictions provided information on planned uses of Measure B funds and planned project deliverables.

Per the MPFA's Fund Reserve Policy, jurisdictions maintain the ability to establish fund reserves to account for unexpended balances. The types of fund reserves and their eligibilities are noted in the following chart.

Fund Reserve Categories			
Reserve Category	Maximum Funding Allotment		ely Use of Funds quirement
Capital Fund Reserve Recipients may establish a specific capital fund reserve to fund specific large capital project(s) that could otherwise not be funded with a single's year revenue of Measure B pass-through funds.	None.	(1)	Recipients shall expend all reserve funds by the end of three fiscal years following the fiscal year during which the reserve was established.
Operations Fund Reserve Recipients may establish and maintain a specific reserve to address operational issues, including fluctuations in revenues, and to help maintain transportation operations.	50 percent of anticipated annual pass-through revenue	(1) (2)	Revolving fund Unexpended funds may be reassigned in the subsequent fiscal year.
Undesignated Fund Reserve Recipients may establish and maintain a specific reserve for transportation needs over a fiscal year for grants, studies, contingency, etc.	10 percent of anticipated annual pass-through revenues	(1)	Unexpended funds may be reassigned in the subsequent fiscal year.

Monitoring Timely Use of Funds and Reserves

FY 11-12 is the first year of implementing the new MPFA's Timely Use of Funds Policy. Alameda CTC will utilize the reported information to track reported expenditures and to monitor compliance with the MPFA's Timely Use of Funds Policy. The purpose of capturing and tracking expenditures is to ensure jurisdictions are actively expending Measure B funds and effectively enhancing the local transportation system throughout Alameda County.

The charts on the following pages summarize the jurisdictions' Measure B pass-through fund balances and anticipated expenditures for FY 12-13 by program. The profiles for the local jurisdictions that appear later in the report provide additional detail on their Measure B fund balances and specific planned expenditures, per program.

Measure B Bicycle and Pedestrian Program **Fund Balance**

For the Measure B bicycle and pedestrian program, jurisdictions reported an ending FY 11-12 Measure B balance of approximately \$12.8 million. After including FY 12-13 estimated revenue, and accounting for anticipated FY 12-13 expenditures, the expected balance at the end of FY 12-13 is projected to be approximately \$9.0 million. This is approximately \$3.8 million less than the prior fiscal year and illustrates a decline in Measure B balances across the jurisdictions for the bicycle and pedestrian program.

FY 12-13 Ending Fund Balances

- FY 12-13 Estimated Revenue is based on a 3 percent growth escalation of the jurisdiction's FY 11-12 revenue.
- The FY 12-13 Planned Expenditures column consists of anticipated transportation related expenditures reported in the FY 11-12 Compliance Report.
- The Anticipated Balance is the estimated FY 13-14 beginning balance.

Measure B Local Streets and Road Program (Local Transportation) Fund Balance

For the Measure B local streets and roads program, jurisdictions reported an ending FY 11-12 Measure B balance of approximately \$25.6 million. After including FY 12-13 estimated revenue and accounting for anticipated FY 12-13 expenditures, the expected balance at the end of FY 12-13 is projected to be approximately \$15.9 million. This is about \$9.7 million less than the prior fiscal year and illustrates a decline in Measure B balances across the jurisdictions for the local streets and roads program.

- 1. FY 12-13 Estimated Revenue is based on 3 percent growth escalation of the jurisdiction's FY 11-12 revenue.
- 2. The FY 12-13 Planned Expenditures column consists of anticipated transportation related expenditures reported in the FY 11-12 Compliance Report.
- 3. The Anticipated Balance is the estimated FY 13-14 beginning balance.

Measure B Mass Transit Program Fund Balance

For the Measure B mass transit program, jurisdictions reported a total ending FY 11-12 Measure B balance of approximately \$5.2 million. After including FY 12-13 estimated revenue and accounting for anticipated FY 12-13 expenditures, the expected balance at the end of FY 12-13 is projected to be approximately \$5.0 million. This is about \$0.2 million less than the prior fiscal year and illustrates a decline in Measure B balances across the jurisdictions for the mass transit program.

It is important to note that jurisdictions are regularly using mass transit funds on operations, and that the anticipated revenue balance of \$5.0 million is indicative of ACE's annual expenditures consistent with the agreement in place that addresses the Alameda share of the cost of operating the service, and WETA's planned expenditures of Measure B funds on major ferry vessel upgrades in subsequent fiscal years. ACE and WETA's fund balances and their planned expenses are outlined in more detail in the respective agency's profiles that appear later in this report.

- The FY 12-13 Planned Expenditures column consists of anticipated transportation related expenditures reported in the FY 11-12 Compliance Report.
- The Anticipated Balance is the estimated FY 13-14 beginning balance.

Measure B Paratransit Program **Fund Balance**

For the Measure B paratransit program, jurisdictions reported a total ending FY 11-12 Measure B balance of approximately \$1.4 million. After including FY 12-13 estimated revenue and accounting for anticipated FY 12-13 expenditures, the expected balance at the end of FY 12-13 is projected to be approximately \$163,000. This is about \$1.2 million less than the prior fiscal year and illustrates a significant decline in Measure B balances across the jurisdictions for the paratransit program.
