April 25, 2011

Dear Librarian or Reference Desk,

The California Department of Transportation (Caltrans) and the Alameda County Transportation Commission (Alameda CTC) are pleased to announce the release of the Draft Initial Study/Environmental Assessment (Draft IS/EA) for the Interstate 80 Integrated Corridor Mobility (ICM) Project for public review and comment. The project proposes to implement ramp metering and incident management along I-80 from the San Francisco-Oakland Bay Bridge Toll Plaza in Alameda County to the Carquinez Bridge in Contra Costa County.

The Draft IS/EA will be available for a thirty (30) day public review and comment period. I am writing to ask your assistance in providing a public repository where members of the public can view the enclosed public document.

Please provide the Draft IS/EA for public review between the dates of Monday, April 25 and Wednesday, May 25, 2011. If you have any questions, please contact me via phone at (510) 286-6062 or email at Maureen_A_Murphy@dot.ca.gov.

Sincerely,

Maureen A. Murphy
Office of Environmental Analysis
