### Commission Chair

Supervisor Scott Haggerty, District 1

### Commission Vice Chair

Councilmember Rebecca Kaplan, City of Oakland

### AC Transit

Director Elsa Ortiz

### Alameda County

Supervisor Richard Valle, District 2 Supervisor Wilma Chan, District 3 Supervisor Nate Miley, District 4 Supervisor Keith Carson, District 5

### BART

Director Thomas Blalock

### City of Alameda

TBD

### City of Albany

Vice Mayor Peter Maass

### City of Berkeley

Councilmember Laurie Capitelli

### City of Dublin

Mayor David Haubert

### City of Emeryville

Mayor Ruth Atkin

### City of Fremont

Mayor Bill Harrison

### City of Hayward

Mayor Barbara Halliday

### City of Livermore

Mayor John Marchand

### City of Newark

Councilmember Luis Freitas

### City of Oakland

Vice Mayor Larry Reid

### City of Piedmont

Mayor Margaret Fujioka

### City of Pleasanton

Mayor Jerry Thorne

### City of San Leandro

TBD

### City of Union City

Mayor Carol Dutra-Vernaci

### **Executive Director**

Arthur L. Dao

### Programs and Projects Committee

Monday, January 12, 2015, 12:00 p.m. 1111 Broadway, Suite 800 Oakland, CA 94607

### **Mission Statement**

The mission of the Alameda County Transportation Commission (Alameda CTC) is to plan, fund, and deliver transportation programs and projects that expand access and improve mobility to foster a vibrant and livable Alameda County.

### **Public Comments**

Public comments are limited to 3 minutes. Items not on the agenda are covered during the Public Comment section of the meeting, and items specific to an agenda item are covered during that agenda item discussion. If you wish to make a comment, fill out a speaker card, hand it to the clerk of the Commission, and wait until the chair calls your name. When you are summoned, come to the microphone and give your name and comment.

### **Recording of Public Meetings**

The executive director or designee may designate one or more locations from which members of the public may broadcast, photograph, video record, or tape record open and public meetings without causing a distraction. If the Commission or any committee reasonably finds that noise, illumination, or obstruction of view related to these activities would persistently disrupt the proceedings, these activities must be discontinued or restricted as determined by the Commission or such committee (CA Government Code Sections 54953.5-54953.6).

### Reminder

Please turn off your cell phones during the meeting. Please do not wear scented products so individuals with environmental sensitivities may attend the meeting.

### Glossary of Acronyms

A glossary that includes frequently used acronyms is available on the Alameda CTC website at <a href="https://www.AlamedaCTC.org/app\_pages/view/8081">www.AlamedaCTC.org/app\_pages/view/8081</a>.

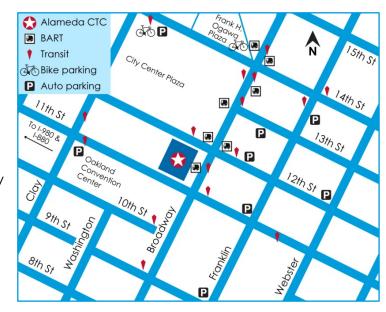

### **Location Map**

Alameda CTC

1111 Broadway, Suite 800

Oakland, CA 94607

Alameda CTC is accessible by multiple transportation modes. The office is conveniently located near the 12th Street/City Center BART station and many AC Transit bus lines. Bicycle parking is available on the street and in the BART station as well as in electronic lockers at 14th Street and Broadway near Frank Ogawa Plaza (requires purchase of key card from bikelink.org).

Garage parking is located beneath City Center, accessible via entrances on 14th Street between 1300 Clay Street and 505 14th Street buildings, or via 11th Street just past Clay Street.

To plan your trip to Alameda CTC visit www.511.org.

### **Accessibility**

Public meetings at Alameda CTC are wheelchair accessible under the Americans with Disabilities Act. Guide and assistance dogs are welcome. Call 510-893-3347 (Voice) or 510-834-6754 (TTD) five days in advance to request a sign-language interpreter.

### **Meeting Schedule**

The Alameda CTC meeting calendar lists all public meetings and is available at <a href="https://www.AlamedaCTC.org/events/upcoming/now">www.AlamedaCTC.org/events/upcoming/now</a>.

### **Paperless Policy**

On March 28, 2013, the Alameda CTC Commission approved the implementation of paperless meeting packet distribution. Hard copies are available by request only. Agendas and all accompanying staff reports are available electronically on the Alameda CTC website at <a href="https://www.AlamedaCTC.org/events/month/now">www.AlamedaCTC.org/events/month/now</a>.

### 1. Pledge of Allegiance

### 2. Roll Call

The Clerk conducted a roll call. All members were present with the exception of Commissioner Laurie Capitelli, Commissioner Nate Miley and Commissioner Larry Reid.

### Subsequent to the roll call:

Commissioner Miley arrived during Item 5.1.

### 3. Public Comment

There were no public comments.

### 4. Consent Calendar

### 4.1. October 13, 2014 PPC Meeting Minutes

### 4.2. California Transportation Commission October Meeting Summary

Commissioner Atkin moved to approve the Consent Calendar. Commissioner Freitas seconded the motion. The motion passed unanimously (Miley, Capitelli, Reid absent.)

### 5. Programs

### 5.1. Alameda CTC's Comprehensive Investment Plan Project Selection Methodology

Tess Lengyel recommended that the Commission approve Alameda CTC's Comprehensive Investment Plan Project Selection Methodology. She provided a brief recap of what the plan includes specifically the three phases of the plan and programming and allocation information. Tess covered general funding guidelines including projects and program screening, evaluation and reporting. She stated that the CIP will be updated both in concurrence with the Alameda CTC budget as well as every two years to add new projects and programs. She concluded by reviewing comments made by ACTAC and stated that the committee unanimously recommended the item to the full commission.

Commissioner Atkin wanted to know how the methodology detailed in the plan addresses the variations of project readiness. Tess stated that there will be a pipeline of funding at different stages of each project through the evaluation criteria.

Commissioner Kaplan moved to approve this item. Commissioner Dutra-Vernaci seconded the motion. The motion passed unanimously (Capitelli and Reid absent).

### 5.2. Alameda CTC At Risk Monitoring Reports

James O'Brien recommended that the Commission approve the State Transportation Improvement Program (STIP), Federal Surface Transportation/

Congestion Mitigation and Air Quality (STP/CMAQ), and Transportation for Clean Air (TFCA) At Risk monitoring reports. James stated that the At Risk reports assign projects to zones of risk based on the status of the monitored activities at the time of the report date. Reports for the STIP, STP/CMAQ and TFCA projects were reviewed with the committee.

Commissioner Freitas moved to approve this item. Commissioner Dutra-Vernaci seconded the motion. The motion passed unanimously (Capitelli, Reid).

### 5.3. CMA TIP Program: Vasco Road Project and ARRA Local Street and Road Project Exchange Agreements

Matt Todd recommended that the Commission approve the CMA TIP Program project exchange amendments and authorize the Executive Director to execute associated agreements. Matt stated that the Alameda CTC has approved 19 general CMA TIP exchanges that total \$78.8 million. He stated that there are two remaining exchanges for projects sponsored by the Alameda County Public Works Agency (ACPWA), the Vasco Road Project and the ARRA Local Street and Road Project, for \$9.0 million. Approving this item allow revisions to the terms of the CMA TIP exchanges initially approved in 2008-2010 period to reflect a reduction in the payment and to further define the payment sources, schedule and roles and responsibilities of each party through the completion of the exchange payments. Matt concluded by stating that the terms will be detailed in agreements between the ACPWA and the Alameda CTC. The Alameda County Board of Supervisors is scheduled to consider this item on December 2, 2014.

Commissioner Atkin wanted to know if the fund exchanges were constrained to Alameda County. Art stated that the exchange issue is a policy issue that will be addressed through the CIP and TEP implementation process.

Commissioner Kaplan moved to approve this item. Commissioner Dutra-Vernaci seconded the motion. The motion passed unanimously (Capitelli, Reid).

### 6. Programs

### 6.1. East Bay Greenway Project: Corridor Planning and Coliseum BART to 85th Avenue Construction (PN 635.1)

Matt Todd recommended that the Commission approve the programming actions and authorize the Executive Director to execute agreements required for the construction component of the project. Matt stated that the recommendation will approve the programming of \$345,000 in Measure B Bicycle/Pedestrian Countywide Discretionary Funds as a local match to the Active Transportation Program grant for corridor planning; approve the programming of an additional \$350,000 of Measure B Bicycle/Pedestrian Countywide Discretionary Funds for the construction phase of the Coliseum BART to 85th Avenue segment, and authorize the Executive Director, or his designee, to execute amendments to the construction and construction management contracts up to the additional funding amount and for additional time as required by the project schedule. Matt stated that that the fiscal impact for

approving this item is \$695,000 and concluded by informing the committee that the action will authorize the programming and the encumbrance of additional project funding for subsequent expenditure and will be reflected in the mid-year budget update of the Alameda CTC Adopted FY 2014-2015 Operating and Capital Program Budget.

Commissioner Kaplan moved to approve this item. Commissioner Miley seconded the motion. The motion passed unanimously (Capitelli, Reid absent).

6.2. I-680 Northbound Express Lane Project (PN 721.0): Contract Amendment to the Professional Services Agreement (Agreement No. A11-0034) with WMH Corporation Susan Chang recommended that the Commission approve and authorize the Executive Director, or his designee, to execute Amendment No. 2 to the Professional Services Agreement No. A11-0034 with WMH Corporation for an additional not-to-exceed amount of \$450,000 for a total not-to-exceed amount of \$6,611,366 and a contract time extension to June 30, 2016. She stated that the amendment will allow WMH to complete final PA&ED; develop construction phasing within financial constraints; address changes in environmental documentation standards; and update all technical reports and the environmental document to include the Caltrans pavement rehabilitation project.

Commissioner Freitas moved to approve this item. Commissioner Kaplan seconded the motion. The motion passed unanimously (Capitelli, Reid absent).

6.3. I-880 Operational and Safety Improvements at 23rd and 29th Avenue Project (PN 717.0): Amendment No. 7 to the Professional Services Agreement with RBF Consulting (Agreement No. A10-013)

Stefan Garcia recommended that the Commission approve and authorize the Executive Director, or his designee, to execute Amendment No. 7 to Agreement No. A10-013 with RBF Consulting for an additional not-to-exceed amount of \$437,500 for a total not-to-exceed amount of \$10,110,100 for continued design support services during construction. He stated that the amendment would provide budget to allow RBF Consulting, the design engineer of record, to provide continued DSDC for the project. This budget is included in the appropriate project funding plans and has been included in the Alameda CTC Adopted FY 2014-2015 Operating and Capital Program Budget.

Commissioner Kaplan moved to approve this item. Commissioner Miley seconded the motion. The motion passed unanimously (Reid, Capitelli absent).

6.4. I-80 Gilman Project (PN 765.0): Contract Amendment to the Professional Services Agreement (Agreement No. A10-012) with PB Americas, Inc.

Raj Murthy recommended that the Commission approve and authorize the Executive Director, or his designee, to execute Amendment No. 3 to the Professional Services Agreement No. A10-012 with PB Americas, Inc. for an additional not-to-exceed amount of \$25,000 for a total not-to-exceed amount of \$679,028 and a contract time extension to December 31, 2014. The amendment will allow PB to perform the remaining scoping phase closeout activities.

Commissioner Kaplan moved to approve this item. Commissioner Atkin seconded the motion. The motion passed unanimously (Reid, Capitelli absent).

### 6.5. I-880/Broadway-Jackson Interchange Improvement Project (PN 610.0): Project Approval and Environmental Document (PA&ED) Phase

Trinity Nguyen recommended that the Commission authorize the Executive Director, or his designee, to execute a Professional Services Agreement for a not-to-exceed amount of \$4,900,000 with HNTB Corporation for the PA&ED Phase. She stated that the Commission previously authorized staff to negotiate and finalize the terms and conditions of the agreement with HNTB. The contract value of \$4,900,000 will be funded from previously allocated Measure B funds.

Commissioner Dutra-Vernaci moved to approve this item. Commissioner Atkin seconded the motion. The motion passed unanimously (Reid, Capitelli absent).

### 6.6. Various Projects: Time Extension Only Amendments

Trinity Nguyen recommended that the Commission approve and authorize the Executive Director, or his designee, to execute amendments for requested time extensions in support of the Alameda CTC's Capital Projects and Program delivery commitments. She stated that two contracts needing amendments were identified; one with Caltrans and the other with S&C Engineers. Trinity concluded by stating that there is no fiscal impact with this approval.

Commissioner Atkin moved to approve this item. Commissioner Kaplan seconded the motion (Reid, Capitelli absent).

### 7. Committee Members

There were no committee member reports.

### 8. Staff Reports

Art Dao congratulated the committee on the passing of Measure BB on the November 2014 ballot.

### 9. Adjournment/ Next Meeting

The next meeting is:

Date/Time: Monday, January 12, 2015 @12:00 p.m.

Location: Alameda CTC Offices, 1111 Broadway, Suite 800, Oakland, CA 94607

Attested by:

Vanessa Lee,

Clerk of the Commission

### Memorandum

5.1

1111 Broadway, Suite 800, Oakland, CA 94607

510.208.7400

www.AlamedaCTC.ora

**DATE:** January 5, 2015

**SUBJECT:** Measure BB Election Results and Analysis

**RECOMMENDATION:** Receive a presentation on Measure BB Election Results

### Summary

On November 4, 2014, Alameda County voters passed Measure BB, the extension and augmentation of the existing transportation sales tax for transportation with 70.76 percent approval. In 2012 a similar measure in Alameda County (Measure B1) came just shy of passage – receiving 66.53 percent support and requiring 66.67 percent. The success of Measure BB was the culmination of four years of effort by Alameda CTC staff and Commissioners to engage the public, partners and stakeholders to develop, approve and educate the public about the 2014 Transportation Expenditure Plan (2014 Plan), which will guide the expenditures of Measure BB.

Alameda CTC staff has analyzed the Measure BB Statement of Vote from the Alameda County Registrar of Voters. This memorandum includes a summary of the Statement of Vote for Measure BB and how it compares to that of Measure B1, and a summary of outreach efforts undertaken to educate Alameda County residents about the 2014 Transportation Expenditure Plan.

### **Background**

Measure BB extends the county's existing half-cent transaction and use tax for transportation (Measure B, approved by 81.5 percent of voters in 2000) from April 1, 2022 through March 31, 2045 and adds an additional half-cent from April 1, 2015 through March 31, 2045, to be spent in accordance with the 2014 Transportation Expenditure Plan as approved by voters. The 2014 Plan was approved by the Alameda County Transportation Commission in January 2014 and placed on the November 4, 2014, ballot after receiving unanimous support from all fourteen of Alameda County's cities and the Board of Supervisors. Measure BB required 66.67 percent support to pass, and received 70.76 percent yes votes.

### **Voter Returns**

### Comparison of 2000, 2012, 2014 Election Results

	Registration	Ballots	Turnout	Yes	3	No		Underv	ote
		Cast	(%)	Votes Cast	%	Votes Cast	%	Votes Not Cast	%
2014: Measure BB	814,009	366,599	45.04%	240,557	70.76	99,417	29.24	26,397	7.20
2012: Measure B1	810,836	602,479	74.30%	350,899	66.53	176,504	33.47	69,483	11.53
2000: Measure B	669,918	502,045	74.94%	352,504	81.47	80,153	18.53	69,388	13.82

Voter turnout in 2014 was historically low – the fourth lowest nationwide since World War II, and at 45%, Alameda County turnout was nearly 40% less than in the November 2012 election. While a low turnout was anticipated, this was quite a bit lower than anticipated by pollsters, who predicted that Alameda County's turnout would be between 51-58% when Measure BB was placed on the ballot. The difference in turnout between 2012 and 2014 can be at least partially attributed to the fact that 2012 was a presidential election, which generally attracts significantly more voters. The 2014 ballot in Alameda County included a barely contested gubernatorial race, and the intensity of local elections varied across the county. In addition, there were fewer statewide measures on the ballot in 2014 than there were in 2012 and Measure BB was the only countywide measure.

Only 366,599 of the 814,009 total registered voters in Alameda County cast ballots in the November 2014 election. Of those who cast ballots, 70.76% or 240,557, voted Yes on Measure BB, and 29.24% or 99,417 voted No. 62% of ballots cast were Vote by Mail and 38% were cast on Election Day.

Seven of Alameda County's fourteen cities approved Measure BB (i.e. the total votes cast in each city's precincts resulted in more than 66.67% yes votes), including all of northern Alameda County cities and the City of Hayward. With the exception of Pleasanton (50.9% turnout), every city with a turnout of 50% or greater passed Measure BB. Only one city with a turnout under 35% (Hayward) passed Measure BB.

Four cities in Alameda County passed Measure BB with greater than 80% support, including in order by highest vote:

- Berkeley: 88.9% percent of yes votes (representing 33,000 yes ballots cast out of 40,301 total)
- Albany: 83.66% percent of yes votes (representing 4,833 yes ballots cast out of 6,130 total)
- Emeryville: 82.52% percent of yes votes (representing 1,922 yes ballots cast out of 2,524 total)

 Oakland: 81.38% percent of yes votes (representing 79,134 yes ballots cast out of 105,439)

Measure BB was approved in two (Oakland and Berkeley) of the three cities with the highest total number of votes cast in the 2014 election. Fremont supported at 61.1% with 22,769 yes ballots out of 40,548 cast.

Five cities had a nine percent or greater increase in percent of yes votes from 2012 to 2014:

- Piedmont: 14.6% increase in percent of yes votes (from 65.9% to 75.5% yes)
- Pleasanton: 13.6% increase in percent of yes votes (from 47.6% to 54% yes)
- Albany: 12.7% increase in percent yes votes (from 74.2% to 83.7% yes)
- Dublin: 10.62% increase in percent yes votes (from 54.6% to 60.4% yes)
- Berkeley: 9.5% increase in percent yes votes (from 80.8% to 88.1% yes)

Two cities saw their percent yes votes decrease from 2012 to 2014:

- Hayward's support fell from 69.4% in 2012 to 68% in 2014 (2% reduction)
- Union City's support fell from 65.6% to 64.3% in 2014 (2% reduction)

### **Undervote**

The vast majority of voters who cast ballots in Alameda County for the November 2014 election voted on Measure BB. Of the total ballots cast, only 26,397 or 7.2% did not include a valid selection for Measure BB (the undervote). In 2012 the undervote for Measure B1 was 11.53% and in 2000 the undervote for Measure B was 15.36%. Measure BB's very low undervote and can be attributed to several factors: the penetration of the Measure BB education and outreach efforts and the effectiveness of the independent campaign; and typically voters who vote in a very low turnout elections have strong voter records and are generally engaged and knowledgeable about their ballot and thus are more likely vote down the ballot. The high rate of votes on Measure BB also supports a conclusion that Alameda County voters who participated in the November 2014 election care deeply about transportation and see the nexus between local funding, transportation improvements and quality of life<sup>1</sup>.

### Development, Public Outreach and Education of 2014 Transportation Expenditure Plan

Alameda CTC has prioritized public outreach and education since the agency's inception in order to promote transparency and accessibility. This work is a critical component of the agency's efforts to plan, fund and deliver transportation projects and programs that meet the needs of Alameda County.

<sup>&</sup>lt;sup>1</sup> Higher undervotes can result from a lack of voter interest or understanding, a lack of outreach, a lack of caring, active abstention or protest, a poorly designed ballot, or in the instance of a long ballot, ballot fatigue. A high undervote can also be seen when voters care passionately about one candidate or issue and that draws new voters to the polls, but they don't vote down the ballot.

The identification of projects and programs in the transportation expenditure plan Plan was developed in conjunction with the long-range countywide transportation plan and had extensive public input to ensure that it addresses the county's diverse transportation needs. A wide variety of stakeholders, including businesses, technical experts, environmental and social justice organizations, and seniors and people with disabilities, helped shape the plan. Thousands of Alameda County residents participated in the Plan development process through public workshops and facilitated small group dialogues. Once the Plan was developed, public outreach and education about the Plan was incorporated into Alameda CTC's annual outreach activities.

After the close loss of Measure B1in 2012, Alameda CTC staff integrated lessons learned from 2012 into the 2014 outreach plan. These included using language that is more accessible and understanable to the general public and the production of educational materials that were easy to read and contained concise high level messages targeted to specific audiences. Similar to 2012, the 2014 outreach effort included participation in public events throughout the county, and was based on published materials in English, Spanish and Chinese and was done in conjunction with the agency's overall educational and outreach efforts, including events, publications, social media and media events.

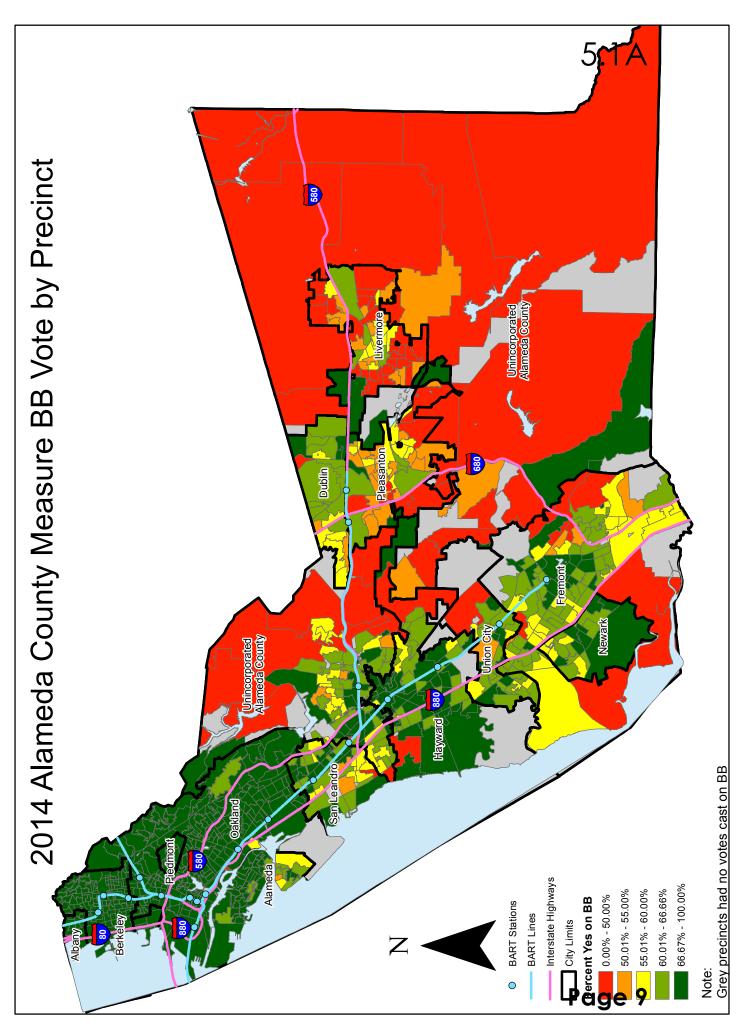

**Fiscal Impact:** There is no fiscal impact.

Fund Projections

### Summary

On November 4, 2014, Measure BB was approved by 70.76% of voters, authorizing the extension of the existing transportation sales tax and augmenting it by a half percent to fund projects and programs included in the 2014 Transportation Expenditure Plan (2014 TEP). The 2014 TEP includes 46 commitments of sales tax funding to various programs, capital projects, and categories of capital projects or grants. The total amount for each of the commitments was established by one of two methods: a percentage of the sales tax revenue projections or a fixed dollar amount.

In July 2014, a baseline revenue projection was prepared to support the commitments of \$7.785 billion included in the 2014 TEP. The baseline projection was based on actual Measure B receipts for FY 12/13 and a straight line growth factor of 1.2% per year for the 30-year revenue collection period. With passage of Measure BB and the start of transaction and use tax revenue collections on April 1, 2015, an update to the revenue projection has been prepared and is included as Attachment A. The updated 30-year total revenue and 46 individual commitment projections are based on actual Measure B receipts for FY 13/14, with two years of growth at 2% per year and 1.2% per year for the remainder of the revenue collection period, which ends three-quarters of the year into FY 44/45 (March 31, 2045).

In summary, the updated 30-year revenue total is \$8.157 billion with Direct Local Distribution (DLD) funds accounting for \$4.368 billion (53.55%). Attachment B provides further details on the distribution of the DLD funds. The remaining \$3.789 billion (46.45%) will fund specifically named capital projects and other discretionary programs and projects in the 2014 TEP.

The commitments that are based on a percentage of revenues adjust with the revenue update, while the fixed dollar amount commitments remain fixed. It is important to keep in mind that sales tax revenues can fluctuate significantly from year to year, and projecting over a 30-year period is inherently difficult and imprecise. The use of a normalized, long-term

growth rate is intended to account for fluctuations over the life of the Program. Annual updates of the revenue projections will be included in the Alameda CTC Comprehensive Investment Plan (CIP).

**Fiscal Impact:** There is no fiscal impact.

www.AlamedaCTC.org

**DATE:** January 5, 2014

**SUBJECT:** Alameda CTC's Comprehensive Investment Plan Update and Draft

Project Selection Criteria

**RECOMMENDATION:** Approve Alameda CTC's Comprehensive Investment Plan Draft Project

Selection Criteria

### Summary

In March 2013, Alameda CTC adopted a Strategic Planning and Programming Policy to consolidate existing planning and programming processes to improve the efficiency and effectiveness of future policy decisions on transportation investments in Alameda County. This policy will result in the integration of existing planning and programming practices performed by Alameda CTC into a single streamlined strategic planning and programming document that identifies short and long-term transportation solutions that meet the vision and goals established in the Countywide Transportation Plan (CTP). The vehicle document to implement this policy is the Comprehensive Investment Plan (CIP), which translates longrange plans into short-range implementation by establishing a list of short-range (5-year period) priority transportation improvements to enhance and maintain Alameda County's transportation system. The CIP will include all funding sources under the purview of Alameda CTC decision-making authority, including voter approved funding (2000 Measure B, 2014 Measure BB [approved by voters on November 4, 2014], and the 2010 Vehicle Registration Fee), as well as regional, state and federal funds. The CIP will serve as Alameda CTC's programming document as well as its strategic plan; revenues will be updated on an annual basis and enrollment of new projects and programs will occur every two years.

Since fall 2014, staff has brought policy recommendations to the Commission to define the policies and processes for development of the first Alameda CTC CIP. The first CIP is expected to be approved concurrent with the Fiscal Year 2015/16 budget and will include funding levels for direct local distribution funds, 2000 Measure B capital projects, 2014 Measure BB capital projects that demonstrate readiness for funding by specific phases (as approved by the Commission in December 2014), and both 2000 and 2014 discretionary programs, as applicable.

In October 2014, the Commission adopted the CIP's policy principles, development process and five-year programming fund estimate of just over \$1.5 billion for projects and programs (Attachment A). This programming fund estimate includes approximately \$737 million in Direct Local Distributions to the cities, transit agencies, and the county (Attachment B), and

\$487 million for Capital Projects from the 2000 Measure B, the 2014 Transportation Expenditure Plan, and the Vehicle Registration Fee Programs.

In December 2014, the Commission approved the CIP's Project Selection Methodology that guides the process for Alameda CTC's programming and allocation recommendations over the five-year period (Attachment C). The selection methodology includes a three phase approach of 1) Project/Program Identification and Screening 2) Project and Program Evaluation, and 3) Countywide Prioritization Assessment.

This memorandum discusses the CIP's Project Selection Criteria to guide programming and allocation decisions for funds administered by Alameda CTC. As a programming document, the CIP will identify anticipated transportation funding over a five-year period, and strategically match these funding sources to targeted transportation priorities. Additionally, the CIP will consist of a two-year allocation plan that will be consistent with the Alameda CTC's budget.

For the first CIP, staff recommends a conservative approach to funding projects and programs in recognition of the fact that there are many policies the Commission will be addressing over the coming year that will guide implementation of the 2014 Transportation Expenditure Plan (2014 Plan) funded by Measure BB. The next update to the CIP (CIP 2.0) will be in 2016 and is expected to include more robust criteria and a larger set of projects and programs, and will incorporate policy actions taken by the Commission as part of the 2014 Plan implementation.

The 2016 CIP will be developed in conjunction with the update to the long-range countywide transportation plan, which is expected to commence in spring 2015, and will include a request for projects and programs in summer 2015. This will allow local jurisdictions and transit operators to fully develop costs, scopes, and funding plans for proposed projects and programs. The update to the CTP will also include development of performance measures and additional criteria for project and program selection, as well as a robust analysis of how geographic equity could be implemented in Alameda County related to CIP funding. Criteria presented in this memo are focused on project readiness to move projects, programs and plans into specific phases of development to begin a steady pipeline of project delivery in Alameda County.

### Discussion

The following describes Alameda CTC's first CIP, revenue assumptions over the CIP's five year horizon, project selection methodology (approved in December 2014), and recommends draft project selection criteria.

**Alameda CTC's First CIP**: Alameda CTC's CIP integrates existing planning and programming practices performed by the agency into a streamlined planning and programming effort, where feasible and appropriate. The CIP is a programming document that strategically invests public funds under Alameda CTC's purview over a five-year period. The first CIP will

include a period from fiscal year 2015/16 through 2019/20. It replaces multiple planning and programming efforts, at both the local and countywide level, to create a comprehensive near-term transportation planning and programming tool that local agencies and Alameda CTC can use to direct staffing and financial resources.

Additionally, a two-year allocation plan will be developed to allocate funds to project sponsors during the first-two years of the CIP. The allocation plan will tie directly into Alameda CTC's annual budgetary process to facilitate cash-flow distributions and financing strategies. The two-year allocation plan will also provide project sponsors with a definitive funding schedule to assist them in preparing their local capital program budgets. The first Alameda CTC CIP is scheduled to be approved in conjunction with the FY2015-2016 Alameda CTC budget.

**Revenue:** Over the first five-year CIP, Alameda CTC will be responsible for over \$1.5 billion for capital projects and programs investments, which includes Measure B/Vehicle Registration Fee Direct Local Distributions, allocations to 2000 Measure B Capital Projects, 2014 Transportation Expenditure Plan (TEP) allocations, and other discretionary fund sources. The first CIP programming fund estimate includes approximately:

- \$738 million in Direct Local Distributions to the cities, transit agencies, and the county from 2000 Measure B, 2010 VRF and 2014 Measure BB;
- \$487 million specifically for capital projects from the 2000 Measure B and the 2014
   Plan: and
- \$275 million from regional, state and federal funds for projects and programs.

Currently, the current 2000 Measure B and 2014 Plan capital project revenues are based on a ½-cent sales tax each through March 31, 2022; thereafter through March 31, 2045, a full 1 cent sales tax will be applied to projects and programs in the 2014 Plan. With the limited funding projected in the first CIP for capital projects, the project evaluation process will examine the immediate readiness and needs of named capital projects from the expenditure plans by project development phases to determine funding priorities. Discretionary projects and programs will be evaluated separately from the named capital projects using criteria approved by the Commission. Below are recommended criteria for the first CIP.

There are three funding categories in the CIP associated with funding projects, programs and plans, including,

 Direct Local Distribution funds (formerly known as pass-through funds, these include local streets and roads, bicycle and pedestrian, paratransit and transit operations/maintenance funds) which are directly allocated to local jurisdictions and transit operators and are referred to as "program" funds. Alameda CTC will directly pass these funds to the local jurisdictions and transit operators per contract agreement requirements and will not apply criteria discussed in this memo to these funds,

- 2. Capital project funds (for specifically named projects in voter approved expenditure plans) which include a specific project sponsor that is responsible for delivering the project and which will be evaluated for funding based upon project readiness criteria, and
- 3. Discretionary funds (funds that do not have specifically named projects such as Congestion Relief, Local Bridge and Seismic Safety funds, Freight and Economic Development, Community Development Investments, etc.). Alameda CTC will develop and use specific project selection criteria to define which projects, programs or plans will be funded from discretionary sources.

Alameda CTC's programming capacity is limited to the available programming revenue during a given five-year CIP cycle to establish a fiscally constrained plan. Projects and programs outside the Alameda CTC's programming availability will be considered for inclusion in future CIP updates. It is important to note agency sponsors may use Direct Local Distributions (DLD) to initiate and prepare capital improvements projects for future CIP allocations, where feasible, in addition to using DLD funds to support annual local transportation programs, maintenance operations, and transit services.

**Selection Methodology**: In order to strategically program funds countywide, Alameda CTC will evaluate eligible projects and programs using traditional programming criteria used in prior discretionary cycles. The project selection methodology includes a three phase approach:

- Project/Program Identification and Screening
   Identifies eligible projects from transportation plans (Countywide Transportation Plan, modal plans, and transportation expenditure plans), and screens each project into categories and funding eligibilities.
- 2. Project and Program Evaluation

Provides a project level examination of improvements for full funding plans, a realistic schedule, and benefits to the county. Alameda CTC will prioritize projects relative to each other in defined categories types that were adopted by the Commission in December 2014 and which are shown in Attachment D.

3. Countywide Prioritization Assessment

The final step in the project selection process will examine the top tiers of each category from the Phase 2 scoring to strategically program the available CIP funds to achieve countywide goals and priorities.

**Draft CIP Project and Program Selection Criteria**: The Project and Programs evaluation (Phase 2) examines projects and programs for their ability to deliver beneficial improvements to the county within the funding constraints of the five-year CIP. The project selection criteria for this funding cycle will include traditional criteria that have been used in past funding

cycles, with an emphasis on readiness, as noted below, as well in consideration of programming requirements mandated by particular funding sources.

In the first CIP, Alameda CTC will use project and program information from the 2012 CTP for the evaluation. Alameda CTC will work with agency sponsors to verify project information, funding plans, and schedules prior to a final CIP recommendation. Subsequent biennial CIP updates will be synchronized with the update to the long-range transportation plan. As a result, future project selection criteria may contain additional specific criteria based on the development of Alameda CTC's 2016 CTP.

The recommendation for the first CIP project selection criteria is as follows:

A. <u>Readiness Delivery Criteria Overview</u>: The project has a well-defined funding plan, budget and schedule; implementation of the project phase is feasible; governing body approval and community support are demonstrated; and the agency has the ability to coordinate among internal and external agencies, as applicable.

COC	brainate among internal and external agencies, as applicable.	
Index	Criteria	Proposed Weight
1.	Project Development Status (not initiated, underway, complete)  Status of planning and scoping documents  Status of environmental phase and clearances  Status of preliminary engineering & design phase  Status of right-of-way acquisitions	
2.	<ul> <li>Detailed Scope, Schedule, and Funding Plan</li> <li>Defined project scope</li> <li>Defined schedule and budget</li> <li>Identified funding need to continue project development</li> </ul>	50
3.	Implementation Issues	
	Subtotal	50

B. Needs and Benefits Criteria Overview: The project need is clearly defined and demonstrates how the transportation improvement will benefit intended users by increasing connectivity, improving access, supporting well maintained transportation facilities/equipment (as applicable); promotes innovation and a multi-modal system; improves safety and supports a clean environment and strong economy.

		- / •
Index	Criteria	Proposed Weight
1.	Connectivity/Gap Closures	
	<ul> <li>Expands the transportation system, network, or service</li> </ul>	
	Enhances intermodal and multi-jurisdictional connectivity	
	<ul> <li>Complements existing services (not duplicative)</li> </ul>	35
2.	Access Improvements	
	<ul> <li>Increases access to activity centers, central business</li> </ul>	
	districts, and employment centers	

	<ul> <li>Identifies known safety issues with a proven countermeasure to address the conflicts</li> </ul>	
l	· · · · · · · · · · · · · · · · · · ·	
	<ul> <li>Identities safety concerns</li> <li>Increases public safety through a reduction of risk of accidents for vehicles, bicycles, and/or pedestrians</li> </ul>	
7.	Safety & Security	
	<ul> <li>Promotes modal shifts that encourages less dependency on motorized transportation</li> <li>Supports transit and/or transit access improvements</li> <li>Supports housing and/or jobs adjacent to transit</li> </ul>	
6.	improvements Environmental Benefits	
J.	<ul> <li>Identifies benefits to transit, bike, pedestrian, rail and goods movements</li> <li>Support multimodal transportation through coordination of</li> </ul>	
5.	<ul> <li>Promotes innovative (non-traditional) elements for services</li> <li>Promotes vehicle technology or ITS coordination</li> <li>Incorporates innovative design treatments to transportation projects</li> <li>Multimodal Benefits</li> </ul>	
4.	<ul> <li>Addresses past deferred maintenance</li> <li>Replaces capital assets that have exceeded their useful life</li> <li>Technology and Innovation</li> </ul>	
3.	State of Good Repair  • Corrects a deteriorating condition/aging infrastructure	
	<ul> <li>Serves transit dependent populations, communities of concerns, or vulnerable populations.</li> <li>Improves transportation routes to schools</li> <li>Serves a known or realistic level of demand in the community for transit services</li> </ul>	

C. Project/Program Sustainability Criteria Overview: Project demonstrates the ability to be maintained beyond project completion.			
Index	Criteria	Proposed Weight

	Subtotal Criteria A-E Total	5

Based on the scoring assessment, projects and programs will be evaluated and arranged into three tiers within their respective categories (high, medium and low priority). This sorted list will then move into the third phase of evaluation, where Alameda CTC will examine strategic programming to implement projects to identify financial strategies, geographic and modal equity, and synergies (co-benefits) between proposed improvements.

### **Next Steps**

Over the next two months, the Alameda CTC will finalize the selection criteria, and will begin the evaluation process. A draft recommendation will be brought to the Commission in March. The schedule below describes the upcoming actions for the CIP's development.

Month	No.	Task
January 2015	1.	Approve DRAFT Selection Criteria
February 2015	2.	Approve FINAL Selection Criteria
March 2015	3.	Approve DRAFT Project/Programs Inventory Recommendations
April 2015	4.	Approve DRAFT CIP Document including prioritization recommendations and two-year allocation plan
May 2015	5.	Approve FINAL CIP Document including prioritization recommendations and two-year allocation plan

Fiscal Impact: There is no fiscal impact.

### Comprehensive Investment Plan Summary Annual Programming Revenue

Table 1 Summary:

Over the five-year Comprehensive Investment Plan (FY 15/16 through FY 19/20), this amounts to approximately \$1.5 billion. The Alameda CTC is responsible for approximately \$304 million in funding annually for capital projects and programs. The Annual Revenue Projections are based on prior year's revenue distributions and assumptions.

### Notes/Assumptions

<sup>1.</sup> The FY 15/16 projections for 2000 MB dollars are based on FY 13/14 actual revenues escalated at a 2% growth rate for two years.

<sup>2.</sup> The FY 15/16 projections for VRF are based on FY14/15 projected revenues not escalated.

<sup>3.</sup> The FY 15/16 projections for 2014 TEP dollars are based on 2000 MB FY 13/14 actual revenues escalated at a 2% growth rate for two years.

<sup>4.</sup> The FY 16/17 through FY 19/20 projections for 2000 MB and 2014 TEP are based on FY 15/16 projections escalated at 1.2% growth each year.

 $<sup>5.\</sup> Prior\ balances\ represents\ an\ anticipated\ fund\ balance\ based\ on\ FY\ 12/13\ Compliance\ Reports.$ 

Measure B/VRF recipients are required, per the current funding agreement, to expend remaining balances in accordance with the Timely Use of Funds and Reserve policies.

### Memorandum

5.4

1111 Broadway, Suite 800, Oakland, CA 94607

PH: (510) 208-7400

www.AlamedaCTC.org

DATE: January 5, 2014

SUBJECT: BART Downtown Berkeley Station Project: STIP Amendment

**RECOMMENDATION:** Approve 1) STIP Amendment for the BART Downtown Berkeley Station

Project (PPNo 2103B) and the BART Station Modernization Program (PPNo 2010C) and 2) Provide concurrence to amend the State Proposition 1B Program to include the BART Downtown Berkeley

Station Project.

### **Summary**

The Bay Area Rapid Transit District (BART) has requested an amendment to the State Transportation Improvement Program (STIP) to move currently programmed STIP funds from the BART Downtown Berkeley Station Project (PPNo 2103B) to the BART Station Modernization Program (PPNo 2010C) in order to accommodate timely project delivery.

The BART Downtown Berkeley Station Project currently has \$3.726 million of STIP funds programmed in FY 16/17; therefore, the funds are not available for allocation until July 1, 2016. This project is currently scheduled to begin construction during the summer of 2015. The BART Station Modernization Program has available State Proposition 1B funds that can be reprogrammed to the BART Downtown Berkeley Station Project for immediate use.

Upon Commission approval of BART's STIP amendment request, staff will notify the Metropolitan Transportation Commission so they can provide their approval for forwarding the request to the California Transportation Commission.

### Discussion

The BART Downtown Berkeley Station Project is scheduled for contract award in July 2015. STIP funds on the project will not be available until FY 16/17. In order to move forward with the project, BART is proposing a shift of funds, further detailed in the attached letter, between two BART projects; one currently programmed in the STIP and the other programmed with State Proposition 1B funds. The net change to either project's funding plan will be zero. Approval of this action would initiate the reprogramming of STIP funds from the Downtown Berkeley Station Project to the BART Station Modernization Program and an equivalent amount of currently available State Proposition 1B funds to be reprogrammed from the Station Modernization Program to the Downtown Berkeley Station Project.

**Fiscal Impact**: The recommended actions are programming activities and have no direct fiscal impact to the Alameda CTC.

Tom Radulovich

Dear Mr. Dao,

The San Francisco Bay Area Rapid Transit District (BART) hereby requests the reprogramming of \$3.726M in STIP funding from the subject project to the BART Stations Modernization Program. This reprogramming is necessary to avoid significant delay of the project completion.

BART requires a project to secure full funding prior to seeking Board approval for award of the construction contract. The subject contract award is scheduled for July 2015. CTC has announced a two-year deferral of \$3.726M in STIP funding for this project, which would not make the funding available until FY16/17. This delay would prevent the Berkeley BART Plaza project from awarding a construction contract per schedule.

Under this proposal, a net zero swap of funds between the Stations Modernization Program and the Berkeley BART Plaza & Transit Area Improvement projects would occur. BART would reprogram \$3,726,000 of FY 2010-11 Prop 1B (Revenue share) funds from the Stations Modernization Program to the Berkeley BART Plaza & Transit Area Improvements Project. These Prop 1B funds have been received and BART will implement the funding change with Caltrans Mass Transportation. The Prop 1B funds would be replaced by \$3,726,000 in FY 2016/17 STIP funding currently programmed to the Berkeley BART Plaza & Transit Area Improvements Project.

Thank you for your time in considering this proposal. Should you have any questions, please contact Donna Lee at 510-464-6282.

Sincerely,

Tian Feng, FAIA, FCSI District Architect

DATE: January 5, 2015

**SUBJECT:** East Bay Greenway Project: Corridor Planning

**RECOMMENDATION**: 1) Authorize the release of a Request for Proposal (RFP) for scoping

and environmental phases and 2) Authorize the Executive Director to negotiate a Professional Services Agreement with the top ranked firm

for the scoping and environmental phases of the project.

### **Summary**

The East Bay Greenway (EBGW) is a major trail project in the Countywide Bicycle and Pedestrian Plans that is ultimately envisioned to traverse North, Central, and South Alameda County from Contra Costa County to Santa Clara County, providing a critical walking and bicycling facility for transportation and recreation. Substantial portions of the trail are envisioned to be constructed along the BART alignment and the greenway will provide high quality connections to regional transit and other key destinations.

Alameda CTC is the project sponsor and has recently secured \$3 million in funds for the scoping and environmental phases of a 15-mile segment of the EBGW corridor from north of the Fruitvale BART station to the South Hayward BART station, running along the BART alignment through Oakland, San Leandro, Hayward and the unincorporated communities of Ashland and Cherryland.

Upon Commission approval, a RFP for professional services to perform scoping and environmental phase activities is expected to be issued in March 2015. Staff anticipates returning to the Commission in July 2015 with an award recommendation. The estimated duration to complete the scoping and environmental phases is two years.

### **Background**

The East Bay Greenway (EBGW) is a major trail project in the Countywide Bicycle and Pedestrian Plans that is ultimately envisioned to traverse North, Central, and South Alameda County from Contra Costa County to Santa Clara County, providing a critical walking and bicycling facility for transportation and recreation. Substantial portions of the trail are envisioned to be constructed along the BART alignment and the greenway will provide high quality connections to regional transit and other key destinations.

Alameda CTC is the project sponsor for the East Bay Greenway and has recently secured \$3 million in funds (\$2.656 million in state competitive Active Transportation Program (ATP) funds and \$344,100 in Measure B funds as the local match) towards scoping and environmental phase activities.

Significant milestones already achieved for the EBGW include:

- (a) Adoption of Initial Study/Mitigated Negative Declaration (IS/MND) for the 12-mile long section that parallels the BART corridor, surface streets, and portions of the Union Pacific Railroad (UPRR), extending from 19<sup>th</sup> Avenue in Oakland to the Hayward BART Station (October 25<sup>th</sup>, 2012).
- (b) Authorization to Proceed with Construction of Segment 7A, a half mile segment located between 75<sup>th</sup> and 85<sup>th</sup> Avenues, adjacent to San Leandro Street and beneath the aerial Bay Area Rapid Transit (BART) tracks, in the City of Oakland (September 17, 2012).

**Fiscal Impact**: There is no significant fiscal impact associated with the approval of this item.

1111 Broadway, Suite 800, Oakland, CA 94607

PH: (510) 208-7400

www.AlamedaCTC.org

**DATE:** January 5, 2015

**SUBJECT:** Time Extension Only Amendments

**RECOMMENDATION:** Approve and authorize the Executive Director to execute amendments

for requested time extensions (as shown in Table A) in support of the Alameda CTC's Capital Projects and Program delivery commitments.

### **Summary**

Alameda CTC enters into agreements with consultants and local, regional, state, and federal entities, as required, to provide the services necessary to meet the Capital Projects and Program delivery commitments. Agreements are entered into based upon estimated known project needs for scope, cost, and schedule.

Two agreements have been identified with justifiable needs for a time extension and are recommended for approval.

### **Background**

Through the life of an agreement, situations may arise that warrant the need for a time extension. The most common and justifiable reasons include (1) project delays and (2) extended project closeout activities.

Staff recommends that the Commission authorize the Executive Director of Alameda CTC to amend the listed agreement as shown in Table A (Attachment A).

There is no Levine Act conflict.

**Fiscal Impact:** There is no significant fiscal impact to the Alameda CTC budget due to this item.

DATE: January 5, 2015

SUBJECT: Metropolitan Transportation Commission One Bay Area Grant(OBAG)

Program Funding Status Update

**RECOMMENDATION:** Receive an update on MTC's OBAG funding status

### **Summary and Discussion**

The Alameda County Transportation Commission approved the inaugural Coordinated Funding Program in June 2013. This Coordinated Funding Program provides about \$70 million over four fiscal years (FY 2012-13 through FY 2015-16) for local streets and roads improvements in every jurisdiction in the County, and for specific projects that were approved by the Commission. The Coordinated Funding Program is funded with about 25% from Measure B and Vehicle Registration Fee (VRF) funds, and about 75% from the federal One Bay Area Grant (OBAG) funds, which was programmed by the Metropolitan Transportation Commission (MTC).

The purpose of this Memorandum is to inform the Commission that due to reduced federal revenues, MTC's OBAG Program is facing a funding shortfall. At the inception of the OBAG Program in 2012, MTC estimated receiving about \$185 million in federal funds annually over the four year OBAG program period; however, the federal government has provided only \$153 million per year, resulting in a \$32 million annual shortfall, or about 17%, for the OBAG Program, region-wide.

To minimize the impact of the shortfall and to honor prior funding commitments, MTC has approved adding one additional year, FY 2016-17, to the OBAG Program. For the Alameda County Transportation Commission, this would effectively provide and maintain the same funding level for the Coordinated Funding Program and eliminate the risk of any loss of federal funds. However, the addition of one additional year, and the accompanying "make-up" federal funding, may affect the cash flow schedule, which may result in project delivery issues for some of the projects in the Alameda CTC's Coordinated Funding Program. Staff will be working with project sponsors to assess any impacts to the delivery of their projects, and assist in finding solutions.

Related to the federal funding change in the OBAG Program discussed above, MTC has also approved extending the required deadline for local jurisdictions to obtain their housing element certification from January 31, 2015 to May 31, 2015. Similarly, MTC has also

approved extending the required deadline for local jurisdictions to adopt their circulation element to meet the Complete Street Act of 2008 from January 31, 2015 to January 31, 2016.

### **Fiscal Impact**

This is only an informational item and there is long term fiscal impact to the Commission.

### **ABSTRACT**

Resolution No. 4035, Revised

This resolution adopts the Project Selection Policies and Programming for federal Surface Transportation Authorization Act following the Safe, Accountable, Flexible and Efficient Transportation Equity Act (SAFETEA), and any extensions of SAFETEA in the interim. The Project Selection Policies contain the project categories that are to be funded with various fund sources including federal surface transportation act funding available to MTC for its programming discretion to be included in the federal Transportation Improvement Program (TIP).

The resolution includes the following attachments:

Attachment A - Project Selection Policies

Attachment B-1 – Regional Program Project List

Attachment B-2 – OneBayArea Grant (OBAG) Project List

Attachment A (page 13) was revised on October 24, 2012 to update the PDA Investment & Growth Strategy (Appendix A-6) and to update county OBAG fund distributions using the most current RHNA data (Appendix A-1 and Appendix A-4). The Commission also directed \$20 million of the \$40 million in the regional PDA Implementation program to eight CMAs and the San Francisco Planning Department for local PDA planning implementation. Attachment B-1 and B-2 were revised to add new projects selected by the Solano Transportation Authority and Santa Clara Valley Transportation Authority and to add projects under the Freeway Performance Initiative and to reflect the redirection of the \$20 million in PDA planning implementation funds.

Attachment A (pages 8, 9 and 13) was revised on November 28, 2012 to confirm and clarify the actions on October 24, 2012 with respect to the County PDA Planning Program.

Attachment A (page 12) was revised on December 19, 2012 to provide an extension for the Complete Streets policy requirement. Attachments B-1 and B-2 were revised to add new projects selected by the Solano Transportation Authority, Sonoma County Transportation Authority and Santa Clara Valley Transportation Authority; add funding for CMA Planning activities; and to shift funding between two San Francisco Municipal Transportation Agency projects under the Transit Performance Initiatives Program.

Attachments B-1 and B-2 were revised on January 23, 2013 to add new projects selected by various Congestion Management Agencies and to add new projects selected by the Commission in the Transit Rehabilitation Program.

As referred by the Programming and Allocations Committee, Attachment B-1 and Appendix A-2 were revised on February 27, 2013 to add Regional Safe Routes to School programs for Alameda and San Mateo counties, and to reflect previous Commission actions pertaining to the Transit Capital Rehabilitation Program, and to reflect earlier Commission approvals of fund augmentations to the county congestion management agencies for regional planning activities. As referred by the Planning Committee, Attachments A and B-1 were revised to reflect Commission approval of the regional Priority Development Area (PDA) Planning and Implementation program and Priority Conservation Area (PCA) program.

As referred by the Programming and Allocations Committee, Attachments B-1 and B-2 and Appendix A-2 to Attachment A were revised on May 22, 2013 to shift funding between components of the Freeway Performance Initiative Program with no change in total funding; and split the FSP/Incident Management project into the Incident Management Program and FSP/Callbox Program with no change in total funding; and redirect funding from ACE fare collection equipment to ACE positive train control; and add new OBAG projects selected by the Contra Costa Transportation Authority, Napa County Transportation and Planning Agency, City/County Association of Governments of San Mateo (CCAG), and the Solano Transportation Authority, including OBAG augmentation for CCAG Planning activities.

Attachments B-1 and B-2 were revised on September 25, 2013 to add new projects selected by various Congestion Management Agencies in the OneBayArea Grant, Regional Safe Routes to School, and Priority Conservation Area Programs.

Attachment A, Attachments B-1 and B-2 and Appendix A-2 to Attachment A were revised on November 20, 2013 to add new projects and make grant amount changes as directed by various Congestion Management Agencies in the OneBayArea Grant Program. Also the deadline for jurisdictions' adoption of general plans meeting the latest RHNA was updated to reflect the later than scheduled adoption of Plan Bay Area.

Attachment B-1 to the resolution was revised on December 18, 2013 to add an FPI project for environmental studies for the I-280/Winchester I/C modification.

Attachment B-2 was revised on January 22, 2014 to adjust project grant amounts as directed by various Congestion Management Agencies in the OneBayArea Grant Program, including changes as a result of the 2014 RTIP.

Attachments B-1 and B-2 were revised on February 26, 2014 to add six OBAG projects selected by the CMA's, make adjustments between two Santa Clara OBAG projects, and add three PDA Planning Program projects in Sonoma County.

Attachment B-1 was revised on March 26, 2014 to add 15 projects to the Transit Performance Initiative Program and 3 projects in Marin County to the North Bay Priority Conservation Area Program.

On April 23, 2014, Attachment B-1 was revised to add 13 projects to the Priority Conservation Grant Program, revise the grant amount for the BART Car Exchange Preventative Maintenance Project in the Transit Capital Rehabilitation Program, and add three projects to the Climate Initiatives Program totaling \$14,000,000.

As referred by the Planning Committee, Attachment B-1 was revised on May 28, 2014 to reflect Commission approval of the selection of projects for the PDA Planning Technical Assistance and PDA Staffing Assistance Programs.

As referred by the Programming and Allocations Committee, Attachment A and Attachment B-2 were revised on May 28, 2014 to change the program delivery deadline from March 31, 2016 to January 31, 2017, and to adjust two projects as requested by Congestion Management Agencies in the OneBayArea Grant Program.

On June 25, 2014, Attachment B-1 was revised to add an additional \$500,000 to the Breuner Marsh Project in the regional PCA Program and to identify a transportation exchange project (Silverado Trail Phase G) for the Soscol Headwaters Preserve Acquisition in the North Bay PCA Program, and to Redirect \$2,500,000 from Ramp Metering and Traffic Operations System (TOS) elements to the Program for Arterial System Synchronization (PASS), within the Freeway Performance Initiatives (FPI) Program.

On July 23, 2014, Attachment B-1 was revised to redirect \$22.0 million from the Cycles 1 & 2 Freeway Performance Initiatives (FPI) Programs and \$5 million from other projects and savings to the Golden Gate Bridge Suicide Deterrent System.

On September 24, 2014, Attachments B-1 and B-2 were revised to add 5 projects totaling \$19M to the Transit Performance Initiative Program (TPI), to shift funding within the Freeway Performance Initiative Program; to add a project for \$4 million for SFMTA for priority identified TPI funding; to provide an additional \$500,000 to the Freeway Performance Initiative (FPI); and to amend programming for two projects in Santa Clara County: San Jose's The Alameda "Beautiful Way" Phase 2 project, and Palo Alto's US-101/Adobe Creek Bicycle and Pedestrian Bridge project.

On December 17, 2014, Attachments A, B-1, and B-2 and Appendices A-1 and A-2 to Attachment A were revised to add a fifth year – FY 2016-17 - to the Cycle 2/OBAG 1 program to address the overall funding shortfall and provide additional programming in FY 2016-17 to maintain on-going commitments in FY 2016-17; make adjustments within the Freeway Performance Initiatives Program; rescind the Brentwood Wallace Ranch Easement Acquisition from the Priority Conservation Area (PCA) Program reducing the PCA program from \$5 million to \$4.5 million and use this funding to help with the FY 17 shortfall; identify two Santa Clara Local Priority Development Area Planning Program projects totaling \$740,305 to be included within MTC's Regional Priority Development Area Program grants; make revisions to local OBAG compliance policies for complete streets and housing as they pertain to jurisdictions' general plans update deadlines; add five car sharing projects totaling \$2,000,000 under the climate initiatives program; and add the Clipper Fare Collection Back Office Equipment Replacement Project to the Transit Capital Priority Program for \$2,684,772.

ABSTRACT MTC Resolution No. 4035, Revised Page 5

Further discussion of the Project Selection Criteria and Programming Policies is contained in the memorandum to the Joint Planning Committee dated May 11, 2012; to the Programming and Allocations Committee dated October 10, 2012; to the Commission dated November 28, 2012; to the Programming and Allocations Committee dated December 12, 2012 and January 9, 2013; to the Joint Planning Committee dated February 8, 2013; to the Programming and Allocations Committee dated February 13, 2013, May 8, 2013, September 11, 2013, November 13, 2013, December 11, 2013, January 8, 2014, February 12, 2014, March 5, 2014, April 9, 2014; and to the Planning Committee dated May 9, 2014; and to the MTC Programming and Allocations Committee Summary Sheet dated May 14, 2014, June 11, 2014, July 9, 2014, September 10, 2014, and December 10, 2014.

RE: Federal Cycle 2 Program covering FY 2012-13, FY 2013-14, FY 2014-15 and FY 2015-16: Project Selection Policies and Programming

### METROPOLITAN TRANSPORTATION COMMISSION RESOLUTION NO. 4035

WHEREAS, the Metropolitan Transportation Commission (MTC) is the Regional Transportation Planning Agency (RTPA) for the San Francisco Bay Area pursuant to Government Code Section 66500 et seq.; and

WHEREAS, MTC is the designated Metropolitan Planning Organization (MPO) for the ninecounty San Francisco Bay Area region and is required to prepare and endorse a Transportation Improvement Program (TIP) which includes federal funds; and

WHEREAS, MTC is the designated recipient for federal funding administered by the Federal Highway Administration (FHWA)assigned to the MPO/RTPA of the San Francisco Bay Area for the programming of projects (regional federal funds); and

WHEREAS, the federal funds assigned to the MPOs/RTPAs for their discretion are subject to availability and must be used within prescribed funding deadlines regardless of project readiness; and

WHEREAS, MTC, in cooperation with the Association of Bay Area Governments, (ABAG), the Bay Area Air Quality Management District (BAAQMD), the Bay Conservation and Development Commission (BCDC), California Department of Transportation (Caltrans), Congestion Management Agencies (CMAs), transit operators, counties, cities, and interested stakeholders, has developed criteria, policies and procedures to be used in the selection of projects to be funded with various funding including regional federal funds as set forth in Attachments A, B-1 and B-2 of this Resolution, incorporated herein as though set forth at length; and

WHEREAS, using the policies set forth in Attachment A of this Resolution, MTC, in cooperation with the Bay Area Partnership and interested stakeholders, has or will develop a program of projects to be funded with these funds for inclusion in the federal Transportation Improvement Program (TIP), as set forth in Attachments B-1 and B-2 of this Resolution, incorporated herein as though set forth at length; and

MTC Resolution 4035 Page 2

WHEREAS the federal TIP and subsequent TIP amendments and updates are subject to public review and comment; now therefore be it

<u>RESOLVED</u> that MTC approves the "Project Selection Policies and Programming" for projects to be funded with Cycle 2 Program funds as set forth in Attachments A, B-1 and B-2 of this Resolution; and be it further

<u>RESOLVED</u> that the federal funding shall be pooled and redistributed on a regional basis for implementation of Project Selection Criteria, Policies, Procedures and Programming, consistent with the Regional Transportation Plan (RTP); and be it further

<u>RESOLVED</u> that the projects will be included in the federal TIP subject to final federal approval; and be it further

<u>RESOLVED</u> that the Executive Director or his designee can make technical adjustments and other non-substantial revisions, including updates to fund distributions to reflect final 2014-2022 FHWA figures; and be it further

<u>RESOLVED</u> that the Executive Director or designee is authorized to revise Attachments B-1 and B-2 as necessary to reflect the programming of projects as the projects are selected and included in the federal TIP; and be it further

<u>RESOLVED</u> that the Executive Director shall make available a copy of this resolution, and such other information as may be required, to the Governor, Caltrans, and to other such agencies as may be appropriate.

METROPOLITAN TRANSPORTATION COMMISSION

Adrienne J. Vissier, Chair

The above resolution was entered into by the Metropolitan Transportation Commission at the regular meeting of the Commission held in Oakland, California, on May 17, 2012

Date: May 17, 2012

Attachment A

Resolution No. 4035

# Cycle 2 / OBAG 1 Program Project Selection Criteria and Programming Policy

For FY 2012-13, FY 2013-14, FY 2014-15, FY 2015-16, and FY 2016-17

# BACKGROUND

Anticipating the end of the federal Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA) on September 30, 2009, MTC approved Cycle 1 commitments (Resolution 3925) along with an overall framework to guide upcoming programming decisions for Cycle 2 to address the new six-year surface transportation authorization act funding. However, the successor to SAFETEA has not yet been enacted, and SAFETEA has been extended through continuing resolutions. Without the new federal surface transportation act, MTC may program funds forward based on reasonable estimates of revenues. It is estimated that roughly \$795 million is available for programming over the upcoming four-year Cycle 2 period.

Cycle 2 covers the four years from FY 2012-13 to FY 2015-2016 FY 2016-17 pending the enactment of the new authorization and/or continuation of SAFETEA.

This attachment outlines how the region will use Cycle 2 funds for transportation needs in the MTC region. Funding decisions continue to implement the strategies and objectives of the Regional Transportation Plan (RTP), Transportation 2035, which is the Bay Area's comprehensive roadmap to guide transportation investments in surface transportation including mass transit, highway, local road, bicycle and pedestrian projects over the long term. The program investments recommended for funding in Cycle 2 are an outgrowth of the transportation needs identified by the RTP and also take into consideration the preferred transportation investment strategy of the Sustainable Communities Strategy (SCS).

Appendix A-1 provides an overview of the Cycle 2 Program commitments which contain a regional program component managed by MTC and a county program component to be managed by the counties.

# CYCLE 2 REVENUE ESTIMATES AND FEDERAL PROGRAM ARCHITECTURE

MTC receives federal funding for local programming from the State for local programming in the MTC region. Among the various transportation programs established by SAFETEA, this includes regional Surface Transportation Program (STP) Congestion Mitigation and Air Quality Improvement (CMAQ) Program and to a lesser extent, Regional Transportation Improvement Program (RTIP) and Transportation Enhancement (TE) funds. The STP/CMAQ/RTIP/TE programming capacity in Cycle 2 amounts to \$795 million. The Commission programs the STP/CMAQ funds while the California Transportation Commission programs the RTIP and TE Funds. Furthermore, the Bay Area Air Quality Management District (BAAQMD) is contributing Transportation Fund for Clean Air (TFCA) funding to Cycle 2. Below are issues to be addressed as the region implements Cycle 2 programming, particularly in light that approval of Cycle 2 will precede approval of the new federal transportation act.

Revenues: A revenue growth rate of 3% over prior federal apportionments is assumed for the first year – FY 2012-13. Due to continued uncertainties with federal funding, the estimated revenues for the later years of the program, FY 2013-14 through FY 2015-16 FY 2016-17, have not been escalated, but held steady at the estimated FY 2012-13 apportionment amount. If there are significant reductions in federal apportionments over the Cycle 2 time period, as in the past, MTC will reconcile the revenue levels following enactment of the New Act by making adjustments later if needed, by postponement of projects or adjustments to subsequent programming cycles.

Assessment (RHNA) and added weighting to acknowledge very low and low income housing. The formula breakdown is as follows with distributions derived from each jurisdiction's proportionate share of the regional total for each factor:

## **OBAG Fund Distribution Factors**

Factor Weighting	Percentage
Population	50%
RHNA* (total housing units)	12.5%
RHNA (low/very low income housing units)	12.5%
Housing Production** (total housing units)	12.5%
Housing Production (low/very low income housing units)	12.5%

<sup>\*</sup> RHNA 2014-2022

The objective of this formula is to provide housing incentives to complement the region's Sustainable Community Strategy (SCS) which together with a Priority Development Area (PDA) focused investment strategy will lead to transportation investments that support focused development. The proposed One Bay Area Grant formula also uses actual housing production data from 1999-2006, which has been capped such that each jurisdiction receives credit for housing up to its RHNA allocation. Subsequent funding cycles will be based on housing production from ABAG's next housing report to be published in 2013. The formula also recognizes jurisdictions' RHNA and past housing production (uncapped) contributions to very low and low income housing units. The resulting OBAG fund distribution for each county is presented in Appendix A-4. Funding guarantees are also incorporated in the fund distribution to ensure that all counties receive as much funding under the new funding model as compared to what they would have received under the Cycle 1 framework.

The Commission, working with ABAG, will revisit the funding distribution formula for the next cycle (post FY2015-16 FY 2016-17) to further evaluate how to best incentivize housing production across all income levels and other Plan Bay Area performance objectives.

# CYCLE 2 GENERAL PROGRAMMING POLICIES

The following programming policies apply to all projects funded in Cycle 2:

1. **Public Involvement.** MTC is committed to a public involvement process that is proactive and provides comprehensive information, timely public notice, full public access to key decisions, and opportunities for continuing involvement. MTC provides many methods to fulfill this commitment, as outlined in the *MTC Public Participation Plan*, Resolution No. 3821. The Commission's adoption of the Cycle 2 program, including policy and procedures meet the provisions of the MTC *Public Participation Plan*. MTC's advisory committees and the Bay

<sup>\*\*</sup>Housing Production Report 1999-2006

programs, magnetic levitation transportation technology deployment program, and experimental pilot projects. For more detailed guidance see the *CMAQ Program Guidance* (FHWA, November 2008).

In the event that the next surface transportation authorization materially alters these programs, MTC staff will work with project sponsors to match projects with appropriate federal fund programs. MTC reserves the right to assign specific fund sources based on availability and eligibility requirements.

- ▶ RTP Consistency: Projects included in the Cycle 2 Program must be consistent with the adopted Regional Transportation Plan (RTP), according to federal planning regulations. Each project included in the Cycle 2 Program must identify its relationship with meeting the goals and objectives of the RTP, and where applicable, the RTP ID number or reference.
- ► Complete Streets (MTC Routine Accommodations of Pedestrians and Bicyclists) Policy): Federal, state and regional policies and directives emphasize the accommodation of bicyclists, pedestrians, and persons with disabilities when designing transportation facilities. MTC's Complete Streets policy (Resolution No. 3765) created a checklist that is intended for use on projects to ensure that the accommodation of non-motorized travelers are considered at the earliest conception or design phase. The county Congestion Management Agencies (CMAs) ensure that project sponsors complete the checklist before projects are considered by the county for funds and submitted to MTC. CMAs are required to make completed checklists available to their Bicycle and Pedestrian Advisory Committee (BPAC) for review prior to CMAs' project selection actions for Cycle 2.

Other state policies include, Caltrans Complete Streets Policy Deputy Directive 64 R1 which stipulates: pedestrians, bicyclists and persons with disabilities must be considered in all programming, planning, maintenance, construction, operations, and project development activities and products and SB 1358 California Complete Streets Act, which requires local agency general plan circulation elements to address all travel modes.

Project Delivery and Monitoring. Cycle 2 funding is available in the following four five federal fiscal years: FY 2012-13, 2013-14, 2014-15, and FY 2015-16 and FY 2016-17. Funds may be programmed in any one of these years, conditioned upon the availability of federal apportionment and obligation authority (OA). This will be determined through the development of an annual obligation plan, which is developed in coordination with the Partnership and project sponsors. However, funds MUST be obligated in the fiscal year programmed in the TIP, with all Cycle 2 funds to be obligated no later than January 31, 2017. Specifically, the funds must be obligated by FHWA or transferred to Federal Transit Administration (FTA) within the federal fiscal year that the funds are programmed in the TIP.

All Cycle 2 funding is subject to the Regional Project Funding Delivery Policy and any subsequent revisions (MTC Resolution No. 3606 at <a href="http://www.mtc.ca.gov/funding/delivery/MTC">http://www.mtc.ca.gov/funding/delivery/MTC</a> Res 3606.pdf . Obligation deadlines, project substitutions and redirection of project savings will continue to be governed by

- A jurisdiction is required to have its general plan housing element adopted and certified by the California Department of Housing and Community Development (HCD) for 2007-14 RHNA prior to January 31, 2013. If a jurisdiction submits its housing element to the state on a timely basis for review, but the State's comment letter identifies deficiencies that the local jurisdictions must address in order to receive HCD certification, then the local jurisdiction may submit a request to the Joint MTC Planning / ABAG Administrative Committee for a time extension to address the deficiencies and resubmit its revised draft housing element to HCD for re-consideration and certification.
- For the OBAG cycle subsequent to FY 2015-16, jurisdictions must adopt housing elements by January 31, 2015 (based on a July 2013 SCS adoption date); therefore, jurisdictions will be required to have General Plans with approved housing elements and that comply with the Complete Streets Act of 2008 by that time to be eligible for funding. This schedule allows jurisdictions to meet the housing and complete streets policies through one general plan amendment.
- For the OBAG cycle subsequent to FY 2016-17, a jurisdiction is required to have its general plan housing element adopted and certified by the California Department of Housing and Community Development (HCD) for 2014-22 RHNA prior to May 31, 2015. Additionally, a jurisdiction is required to have its general plan circulation element comply with the Complete Streets Act of 2008 prior to January 31, 2016. These deadlines must be met in order to be eligible for funding for the subsequent OBAG cycle.
- OBAG funds may not be programmed to any jurisdiction out of compliance with OBAG policies and other requirements specified in this attachment. The CMA will be responsible for tracking progress towards these requirements and affirming to MTC that a jurisdiction is in compliance prior to MTC programming OBAG funds to its projects in the TIP.
- For a transit agency project sponsor under a JPA or district (not under the governance of a local jurisdiction), the jurisdiction where the project (such as station/stop improvements) is located will need to comply with these policies before funds may be programmed to the transit agency project sponsor. However, this is not required if the project is transit/rail agency property such as, track, rolling stock or transit maintenance facility.
- CMAs will provide documentation for the following prior to programming projects in the TIP:
  - The approach used to select OBAG projects including outreach and a board adopted list of projects
  - o Compliance with MTC's complete streets policy
  - A map delineating projects selected outside of PDAs indicating those that are considered to provide proximate access to a PDA including their justifications as outlined on the previous page. CMA staff is expected to use this exhibit when it presents its program of projects to explain the how "proximate access" is defined to their board and the public.

Eligible non-pavement activities and projects include rehabilitation or replacement of existing features on the roadway facility, such as storm drains, National Pollutant Discharge Elimination System (NPDES), curbs, gutters, culverts, medians, guardrails, safety features, signals, signage, sidewalks, ramps and features that bring the facility to current standards. The jurisdiction must still have a certified PMP to be eligible for improvements to non-pavement features.

Activities that are not eligible for funding include: Air quality non-exempt projects (unless granted an exception by MTC staff), capacity expansion, new roadways, roadway extensions, right of way acquisition (for future expansion), operations, routine maintenance, spot application, enhancements that are above and beyond repair or replacement of existing assets (other than bringing roadway to current standards), and any pavement application not recommended by the Pavement Management Program unless otherwise allowed above.

<u>Federal-Aid Eligible Facilities:</u> Federal-aid highways as defined in 23 U.S.C. 101(a)(5) are eligible for local streets and roads preservation funding. A federal-aid highway is a public road that is not classified as a rural minor collector or local road or lower. Project sponsors must confirm the eligibility of their roadway through the Highway Performance Monitoring System (HPMS) prior to the application for funding.

Federal Aid Secondary (FAS) Program Set-Aside: While passage of the Intermodal Surface Transportation Efficiency Act (ISTEA) of 1991 dissolved the Federal Aid Secondary (FAS) program, California statutes provide the continuation of minimum funding to counties, guaranteeing their prior FAS shares. The first three years of Cycle 2 were covered up-front under the Cycle 1 FAS program (covering a total 6-year period). The fourth and fifth years of Cycle 2 will be covered under the OBAG. Funding provided to the counties by the CMAs under OBAG will count toward the continuation of the FAS program requirement.

# 3. Bicycle and Pedestrian Improvements

The Bicycle and Pedestrian program may fund a wide range of bicycle and pedestrian improvements including Class I, II and III bicycle facilities, bicycle education, outreach, sharing and parking, sidewalks, ramps, pathways and pedestrian bridges, user safety and supporting facilities, and traffic signal actuation.

According to CMAQ eligibility requirements, bicycle and pedestrian facilities must not be exclusively recreational and reduce vehicle trips resulting in air pollution reductions. Also to meet the needs of users, hours of operation need to be reasonable and support bicycle / pedestrian needs particularly during commute periods. For example the policy that a trail be closed to users before sunrise or after sunset limits users from using the facility during the peak commute hours, particularly during times of the year with shorter days. These user restrictions indicate that the facility is recreational rather than commute oriented. Also, as contrasted with roadway projects, bicycle and pedestrian projects may be located on or off the federal-aid highway system.

## 4. Transportation for Livable Communities

The purpose of Transportation for Livable Communities (TLC) projects is to support community-based transportation projects that bring new vibrancy to downtown areas, commercial cores, high-density neighborhoods, and transit corridors, enhancing their amenities and ambiance and making

- Air quality public education messages: Long-term public education and outreach can be
  effective in raising awareness that can lead to changes in travel behavior and ongoing
  emissions reductions; therefore, these activities may be funded indefinitely.
- Non-construction outreach related to safe bicycle use
- Travel Demand Management Activities including traveler information services, shuttle services, carpools, vanpools, parking pricing, etc.

## **Infrastructure Projects**

Bicycle/Pedestrian Use:

- Constructing bicycle and pedestrian facilities (paths, bike racks, support facilities, etc.) that are not exclusively recreational and reduce vehicle trips
- Programs for secure bicycle storage facilities and other facilities, including bicycle lanes, for
  the convenience and protection of bicyclists, in both public and private areas new
  construction and major reconstructions of paths, tracks, or areas solely for the use by
  pedestrian or other non-motorized means of transportation when economically feasible and
  in the public interest
- Traffic calming measures

## Exclusions found to be ineligible uses of CMAQ funds:

- Walking audits and other planning activities (STP based on availability will be provided for these purposes upon CMA's request)
- Crossing guards and vehicle speed feedback devices, traffic control that is primarily oriented to vehicular traffic rather than bicyclists and pedestrians
- Material incentives that lack an educational message or exceeding a nominal cost.

## 6. Priority Conservation Areas

This is an outgrowth of the new regional program pilot for the development of Priority Conservation Area (PCA) plans and projects to assist counties to ameliorate outward development expansion and maintain their rural character. A CMA may use OBAG funding to augment grants received from the regionally competitive program or develop its own county PCA program Generally, eligible projects will include planning, land / easement acquisition, open space access projects, and farm-to-market capital projects.

# PROGRAM SCHEDULE

Cycle 2 spans apportionments over **four five** fiscal years: FY 20012-13, FY 2013-14, FY 2014-15 and FY 2015-16 and FY 2016-17. Programming in the first year will generally be for the on-going regional operations and regional planning activities which can be delivered immediately, allowing the region to meet the obligation deadlines for use of FY 2012-13 funds. This strategy, at the same time, provides several months during FY 2012-13 for program managers to select projects and for MTC to program projects into the TIP to be obligated during the remaining second, third, and fourth and fifth years of the Cycle 2 period. If CMAs wish to program any OBAG funds in the first year, MTC will try to accommodate requests depending on available federal apportionments and obligation limitations, as long as the recipient has meet the OBAG requirements.
