LOCAL STREETS AND ROADS (LSR) PROGRAM

Compliance Report Summary *Fiscal Year 2012-13*

1. Did your agency receive VRF Local Streets and Roads Funds in the reporting period of July 1, 2012 through June 30, 2013?

- Yes (Complete the LSR section.)
 No (Do not complete the LSR section and continue on.)

2. Complete the below contact information.

CONTACT INFORMATION	
LSR Program Agency:	City of Pleasanton
Contact Name:	Adam Nelkie
Title:	Senior Civil Engineer
Phone Number:	925 931-5675
E-mail Address:	anelkie@cityofpleasantonca.gov

3. Complete the Excel Worksheets Tables 1 to 3 for Local Streets and Roads.
(Check the boxes below to indicate completion).

- Table 1: VRF Revenues and Expenditures**
The values entered into Table 1 must match your agency's audited financial statements and compliance report. **Please contact Alameda CTC staff if you have questions before submitting your report. All dollar figures must match your audited financial statements and compliance report or Alameda CTC may reject your submission.**
- Table 2: Summary of Expenditures and Accomplishments**
This table describes actual expenditures and activities incurred for FY 2012-2013 (FY 12-13).
- Table 3: Summary of Planned Projects and Reserve Funds**
This table describes your agency's plan to expend any remaining VRF funds within the four-year time table of the funding agreement through FY 13-14 thru FY 16-17.

4. **If your agency's ending MB Pass-through balance was greater than zero, why do you have this reserve?** For instance, if you are saving a funding amount, what amount are you saving and what types of projects/programs will those dollars fund? **Refer to Reserve Fund Guidance, and complete Table 3 Summary of Planned Projects and Reserve Funds as required by the Master Programs Funding Agreement.**

The majority of VRF expenditures were allocated toward the Annual Resurfacing of City Streets CIP 125003. Project bids were lower than expected providing surplus funding. The funding was then re-allocated to a new project, CIP 125024 (Stoneridge Dr & Vineyard Ave overlay), but the project could not begin construction until after FY 12/13. Construction has been completed and will be reflected in FY 13/14 expenditures.

5. **If applicable, why were the reported expenditures in FY 12-13 more than the amount of VRF funds the agency received in FY 12-13?** How did you use VRF funds from a previous fiscal year(s)?

N/A – Did not use all of the funds allocated this year.

6. **Describe reserve funds.** If your agency has reserve VRF funds identified, describe your process to allocate these funds and describe in detail your plan and time frame for using those funds. In addition, if you plan to use reserves, will this require additional agency approvals, and if so, what is your approval process? **Refer to Reserve Fund guidance, and complete Table 3 Summary of Planned Projects and Reserve Funds.**

Reserve funds have been allocated in our Capital Improvement Program for use toward our Pavement Management Program projects. Remaining reserve funds from previous fiscal years' reserves are expected to be expended on CIP 135003 (Annual Resurfacing of City Streets). FY 12/13 funding was placed in the reserve per the City's Capital Improvement Program budget to be expended on FY 14/15 projects.

7. Alameda CTC uses the data from Table 2 to monitor compliance with the Master Programs Funding Agreement requirement (Section 5.d.): "All projects and programs that use VRF Local Streets and Roads pass-through funds must receive governing board approval prior to the jurisdiction expending the pass-through funding on the project/program."

If your agency expended funds on any projects not approved by your governing board in advance (as indicated in **Column R of Table 2: Governing Board Approval**), list them below and explain why your agency expended funds without agency approval.

N/A - All project funding was approved by the City Council.

8. Describe the governing board approval for future planned projects and/or programs. List the document type, time period, and resolution approval date. Examples include a bicycle and/or pedestrian plan, capital improvement plan, prioritized project list, etc.

Document Type	Time Period	Resolution Date
Capital Improvement Program FY 13/14 through FY 16/17 FY	FY 13/14 thru FY 16/17	6/4/2013

9. **Verify Complete Streets Policy Adoption.** Per Section 6 of the Master Programs Fund Agreement, Alameda CTC requires local jurisdictions to have developed and adopted a Complete Streets policy by June 30, 2013.

Governing Board Approval Date	Attach Governing Board Resolution Verifying Complete Streets Policy Adoption.
December 4, 2012	

- 9a. Describe how your agency is implementing the Complete Streets Policy.

During the design and review stages of Capital Improvement Projects the City traffic engineering department provides consultation and ensures consistency with the Complete Streets Policy. The City standards are being updated to reflect complete street concepts. Roadway & Pedestrian related projects that affect public travel are reviewed by the Bicycle, Pedestrian and Trails Committee.

10. Complete the table below to describe your jurisdiction's road miles and conditions.

Jurisdiction's Information	
Current Population This figure should reflect the population as of January 1, 2013. Refer to the California Department of Finance's Population Estimates: http://www.dof.ca.gov/research/demographic/reports/estimates/e-1/documents/RankCities_2013.xls	71,871
Certified number of road-miles This figure must be consistent with the number of miles reported to state and federal agencies.	207
Average Pavement Condition Index (PCI) for agency's local streets and roads This figure must be consistent with the information available in Metropolitan Transportation Commission's 2011 Pavement Condition Index Summary. http://www.mtc.ca.gov/news/press_releases/pavement/PCI_11.pdf	77

11. Did your agency publish an article(s) that highlight Local Streets and Roads projects and programs funded by VRF in an agency or Alameda CTC newsletter?

Yes No. *If no, explain in Question #15 - Additional Information.*

If yes, include a copy of the article(s) as Attachment B: Local Streets and Roads Program Attachments and list the publication(s) and date(s) below.

Publication	Date Published	Copy Attached? (Y/N)
Your Measure B Funding At Work	Nov-Jan 2014	Y
Alameda CTC Newsletter	Nov 2012	Y

12. Did your agency include a description of the Local Streets and Roads projects and programs funded by VRF on its website?

Yes No. *If no, explain in Question #15 - Additional Information.*

If yes, include a printout of the website in Attachment B and provide the URL below that contains updated and accurate project information.

Website Address	Printout Attached? (Y/N)
http://www.cityofpleasantonca.gov/government/departments/works/index.html	Y

13. Did your agency use signage that indicates use of VRF funds for its Local Streets and Roads projects and programs?

Yes No. *If no, explain in Question #15 - Additional Information.*

If yes, include photos of the signage in Attachment B and describe the signage below.

Signage Description	Photos attached? (Y/N)
On Equipment	Y
On Project ID Signs	Y

14a. Describe your agency's effectiveness at meeting your planned FY 12-13 expenditures reported in the last compliance report and reasons for any variations. Agencies are expected to expend their planned expenditures from their individual projects and/or and reserve funds. **Did you expend the planned funds? Did you expend more than anticipated?**

After receiving bids on the primary VRF funded project, the City recognized that all of the funding would not be used. A new project was developed and put out to bid, but could not be completed before the end of FY12/13. The project has since been completed and a new project, CIP 135003 is under design, incorporating the reserve VRF funding.

14b. If your agency did not expend the planned amount, please provide a detailed justification on why dollars were not spent, reference specific projects.

CIP 125003 Annual Resurfacing of Various City Streets – Project bids came in lower than expected and Measure B reserve funds were used to reduce Measure B fund balance. The remaining VRF balance was transferred to a new project, CIP 125024 that went to construction after FY 12/13.

14c. If your agency expended more than planned amount for a particular project/reserve category, please describe any adjustments to the reserves to finance the surplus amount.

CIP 115014 West Las Positas Blvd at Tassajara Creek Repairs – additional funding was required because of the increase in project scope.

15. Provide additional information, if necessary, to further explain VRF expenditures for the Local Streets and Roads Program.
