

**REQUEST FOR PROPOSALS
ALAMEDA CTC RFP NO. R19-0002
TOLL REVENUE FORECASTING SERVICES
FOR EXPRESS LANES**

November 16, 2018

The Alameda County Transportation Commission (Alameda CTC) invites you to submit a proposal to provide toll revenue forecasting services for Alameda CTC. The performance period is for an initial period of 36 months from June 2019 to May 2022.

This contract will be funded with toll revenues and as such, will not be subject to the Alameda CTC Local Business Contract Equity Program. However, as local firms are a vital component of Alameda County's economy, Alameda CTC strongly encourages each proposer to consider the use of local and small firms in its proposal.

Responses should be submitted in accordance with the requirements and instructions set forth in the Request for Proposals (RFP). The RFP documents have been posted on the RFP Web Page below. To sign up for optional email notifications of important updates regarding this RFP only, please use the Email Notifications and/or Pre-Proposal Meeting Registration Form below.

The Optional Pre-Proposal Meeting is scheduled for Thursday, November 29, 2018, at 2:00 p.m. Pacific Time (PT); use the below Email Notifications and/or Pre-Proposal Meeting Registration Form to register to attend.

INTRODUCTION

Alameda CTC is a joint powers agency which plans, funds and delivers a broad spectrum of transportation projects and programs to enhance mobility throughout Alameda County, as the successor to three previous agencies: Alameda County Transportation Authority (ACTA), Alameda County Transportation Improvement Authority (ACTIA) and Alameda County Congestion Management Agency (ACCMA).

ACTA was created by the approval of Measure B by Alameda County voters in November 1986. Measure B authorized the imposition of a half-cent sales and use tax in the County for a period of 15 years, the proceeds of which were principally reserved for highway improvements, local transportation improvements, and transit funding in the County.

In November 2000, prior to the expiration of the first Measure B, the Alameda County Board of Supervisors placed a new Measure B on the ballot and Alameda County voters approved the measure with 81.5% support. The 2000 Measure B authorized the extension of the collection and expenditure of a half-cent sales tax for a period of 20 years, in order to address major transportation needs and congestion in Alameda County. ACTIA was instituted to administer the new Measure B funds, as detailed in the 2000 Transportation Expenditure Plan, including contract oversight, policy direction, financing, investment management, and coordinating projects with regional transit and transportation agencies and other Project Sponsors.

Although ACTA stopped collecting sales taxes in 2002, the agency continued its function to complete certain unfinished projects. On June 24, 2010, the ACTA Board adopted a resolution to transfer all of ACTA's assets, responsibilities, functions and liabilities to ACTIA, effective on July 1, 2010, and to terminate ACTA following the completion of the transfer process.

ACCMA was created in 1991 by a joint powers agreement between Alameda County and all its incorporated cities. ACCMA's goals, duties and composition enabled the local government to better address the complex problem of traffic congestion. ACCMA was responsible for planning, programming, and coordinating Federal, State, and Regional funds for transportation projects within Alameda County.

One such planning effort by the ACCMA evolved into a capital project, the Sunol Smart Carpool Lane Project. The Sunol Smart Carpool Lane Joint Powers Authority (Sunol JPA) was created in February 2006, pursuant to a Joint Exercise of Powers Agreement between ACCMA, ACTIA and the Santa Clara Valley Transportation Authority. The Sunol JPA was formed to plan, design and construct, and then administer the operation of a value pricing high occupancy vehicles (HOV) program on the Sunol Grade segment of Interstate 680 in Alameda and Santa Clara Counties. The Sunol JPA began project operations when the I-680 Southbound Express Lane was opened to traffic on September 20, 2010. The Sunol JPA will also operate the I-680 Northbound Express Lane when the facility is opened to the general public in the near future. Alameda CTC serves as the Managing Agency for the Sunol JPA.

In early 2010, ACTIA, ACCMA, the County of Alameda, the fourteen incorporated cities within Alameda County, the Bay Area Rapid Transit District (BART), and the Alameda-Contra Costa Transit District each took actions required to create a new joint powers agency known as the Alameda CTC, which combined the roles of ACCMA and ACTIA.

On June 24, 2010, the Boards of ACTIA and ACCMA gave the final approval required to create the Alameda CTC. After a transition period required to accomplish certain administrative matters, at the

close of business on February 29, 2012, ACTIA and ACCMA were both terminated, and Alameda CTC was designated as the successor to both agencies. Alameda CTC is responsible for all of the functions and responsibilities previously held by ACTA, ACTIA and ACCMA along with certain additional powers as described in the joint powers agreement establishing the Alameda CTC. Combining forces as Alameda CTC allowed ACTIA and ACCMA to eliminate redundancies and create efficiencies in planning, programs and project delivery and streamlined legislative, policy and funding efforts.

On January 23, 2014, Alameda CTC approved the 2014 Transportation Expenditure Plan. The 30-year Expenditure Plan will expand BART, bus and rail services within Alameda County, keep transit fares affordable for youth, seniors, and people with disabilities, provide traffic relief on city streets and highways using new technology, improve air quality, and create good quality, local jobs. On November 4, 2014, Alameda County voters approved Measure BB (supported by the 2014 Transportation Expenditure Plan), which will augment and extend the existing transportation sales tax (Measure B) and provide nearly \$8 billion to fund implementation of the 30-year Expenditure Plan. Alameda CTC is responsible for administering the 2014 Transportation Expenditure Plan, including contract oversight, policy direction, financing, investment management, and coordinating projects with regional transit and transportation agencies and other project sponsors.

SECTION I

1. GENERAL CONDITIONS

A. Governing Law

This RFP summarizes the applicable laws and governance; when in conflict, applicable State/Federal requirements shall apply. The contract and legal relations between the parties hereto shall be governed and construed in accordance with the laws of the State of California.

B. Examination of Proposal Documents

By submitting a proposal, the proposer represents that it has thoroughly examined and become familiar with the work required under this RFP, and that it is capable of performing the work identified in [Appendix A](#) (Required Scope of Work, Deliverables, and Staffing).

C. Rights of Alameda CTC

This RFP does not commit Alameda CTC to enter into a contract, nor does it obligate Alameda CTC to pay for any costs incurred in preparation and submission of the proposal in anticipation of a contract. Alameda CTC reserves the right to award contracts to one or more proposers pursuant to this RFP. Alameda CTC also reserves the right to transfer certain services covered by this RFP in-house, to be performed by staff.

Alameda CTC may investigate the qualifications of any proposer, require confirmation of information furnished by the proposer, and/or require additional evidence or qualifications to perform the work described in this RFP from any proposer.

Further, Alameda CTC reserves the right to do each of the following, in any manner necessary to serve the best interests of Alameda CTC and the citizens of Alameda County:

1. Reject any or all proposal submittals.
2. Cancel this RFP in whole or in part.
3. Issue one or more subsequent Requests for Qualifications and/or RFPs.
4. Postpone opening of proposals for its own convenience.
5. Remedy technical errors in the RFP process.
6. Negotiate with any, all, or none of the proposers responding to this RFP.
7. Waive informalities and irregularities in any proposal.
8. Request additional information from proposer.
9. Issue Addenda to this RFP.

D. Work Scope Modifications

Alameda CTC reserves the right to request changes to staff and/or scope of work proposed in any of the proposals and to enter negotiations with any of the proposers regarding their submittal.

E. Pre-Award/Post-Award Audit

Alameda CTC reserves the right to perform pre-award and/or post-award audits.

The proposer shall be aware that if a pre-award audit is to be performed, full cooperation with the auditors is expected. The pre-award audit recommendations shall be incorporated into the contract.

If Alameda CTC permits the contract to be awarded based on a post-award audit requirement, the proposer shall agree to the following contract language below:

CONSULTANT acknowledges that this AGREEMENT and the cost proposal are subject to a post award audit. Based on any post award audit recommendations, the cost proposal and/or the total compensation figure shall be adjusted to conform to the audit recommendations. CONSULTANT acknowledges and agrees that individual cost items identified in the audit report may be incorporated into this AGREEMENT. Refusal by CONSULTANT to incorporate interim audit or post award recommendations will be considered a breach of the AGREEMENT and cause for termination of the AGREEMENT.

F. Conflict of Interest

By submitting a proposal, proposer represents and warrants that, for the term of the resulting contract, no member, officer or employee of Alameda CTC, or of a public body within Alameda County or member or delegate to the Congress of the United States, during his/her tenure or for one year thereafter, shall have any direct interest in any such contract or any direct or material benefit arising therefrom, as defined in California Government Code Sections 1090 et seq. and 87100 et seq. Prohibited interests include interests of immediate family members, domestic partners, and their respective employers or prospective employers.

The proposer further warrants and represents that it presently has no interest and agrees that it will not acquire any interest that would present a conflict of interest under California Government Code Sections 1090 et seq. or 87100 et seq. during the performance of services under any contract resulting from this RFP and that it will not knowingly employ any person having such an interest. Violation of this provision may result in the contract being deemed void and unenforceable.

Proposers must provide a list of any potential conflicts of interest in working for Alameda CTC. This must include, but is not limited to, a list of your firm's clients who are cities in Alameda County, the County of Alameda, and/or transit or transportation agencies that operate and/or have projects in Alameda County, and a brief description of work for these clients. Identify any other clients that would pose a potential conflict of interest as well as a brief description of work you provide to these clients. This list must include all potential conflicts of interest within the year prior to the release of this RFP as well as current and future commitments to other projects.

On the contract resulting from this RFP, consultant key team members may be required to submit a California Fair Political Practices Commission (FPPC) Form 700: Statement of Economic Interests documenting potential financial conflicts of interest. For additional information, proposers should refer to the FPPC website at www.fppc.ca.gov/Form700.html.

After award, the winning proposer shall take all reasonable measures to preclude the existence or development of an organizational conflict of interest in connection with work performed under the agreement resulting from this and other Alameda CTC solicitations. An organizational conflict of interest occurs when, due to other activities, relationships, or contracts, a firm or person is unable, or potentially unable, to render impartial assistance or advice to Alameda CTC; a firm or person's objectivity in performing the contract work is or might be impaired; or a firm or person has an unfair competitive advantage in proposing for award of a contract as a result of information gained in performance of this or some other project.

Proposer shall not engage the services of any subconsultant or vendor on any work related to this RFP if the subconsultant or vendor, or any employee of the subconsultant or vendor, has an actual or apparent organizational conflict of interest related to work or services contemplated under this RFP.

If, at any time during the term of the contract resulting from this RFP, the consultant becomes aware of an organizational conflict of interest in connection with the work performed under such contract, the consultant shall immediately provide Alameda CTC with written notice of the facts and circumstances giving rise to this organizational conflict of interest. The consultant shall immediately notify Alameda CTC of any organizational conflict of interest, whether actual or apparent, in connection with any political campaign activities engaged by or involving its firm that is, or may be, related to and/or otherwise impact: the Alameda CTC, its governing body, its projects and programs and/or its delivery of such project and programs. The consultant's written notice will also propose alternatives for addressing or eliminating the organizational conflict of interest.

G. Levine Act – Government Code Section 84308

As part of the Fair Political Practices Act that applies to elected officials who serve on appointed bodies such as the Alameda CTC Commission, the Levine Act prohibits any Alameda CTC Commissioners or Alternates who have received more than \$250 within the previous twelve months from an applicant from participating in or influencing the decision on awarding a contract with Alameda CTC. The Levine Act also requires a Commissioner or Alternate who has received such a contribution to disclose the contribution on the record of the proceeding. In addition, Commissioners are prohibited from soliciting or accepting a contribution from a party applying for a contract while the matter of awarding the contract is pending before Alameda CTC or for three months following the date of a final decision concerning the contract.

Applicants must disclose on the record any contribution of more than \$250 which they have made to any Alameda CTC Commissioner or Alternate within the twelve-month period preceding submission of their proposal. This duty applies to your company, any member of your team, any agents for you or other team members, and the major shareholders of any closed corporation, which are part of your team.

If you have made a contribution which needs to be disclosed, you must provide written notice of the date, amount and receipt of the contribution(s) to Alameda CTC's Executive Director. This information must be included in Levine Act Statement ([Appendix C](#)) in the submitted proposal.

H. Public Contract Code

In accordance with Public Contract Code Section 10162, the proposer shall complete a Public Contract Code Statement and Questionnaire. See the Public Contract Code ([Appendix C](#)).

I. Public Records

The RFP and any material submitted by a proposer in response to this RFP are subject to public inspection under the California Public Records Act (Government Code 6250 et seq.) unless exempt by law. The proposals will remain confidential until any resulting contract has been awarded and executed. Each proposer should give specific attention to the identification of those portions of its proposal that it considers to be confidential, proprietary commercial information or trade secrets, and provide justification as to why such materials, upon request, should not be disclosed by Alameda CTC under the Act.

If Alameda CTC receives a request pursuant to the Public Records Act for information marked by the proposer as “Trade Secret” or “Business Secret,” and the requester takes legal action seeking release of the materials it believes do not constitute trade secret information, by submitting a proposal, proposer agrees to indemnify, defend and hold harmless Alameda CTC, its officers, agents and employees, from any judgment, fines, penalties, and award of attorney’s fees awarded against the Alameda CTC in favor of the party requesting the information, and any and all costs connected with that defense. This obligation to indemnify survives the Alameda CTC’s award of the contract. Proposer agrees that this indemnification survives as long as the trade secret information is in the Alameda CTC’s possession, which includes a minimum retention period for such documents.

Any language purporting to render the entire proposal or the cost proposal confidential or proprietary will be regarded as ineffective and will be deemed non-responsive.

J. Withdrawal of Proposal Submittal

A proposer may withdraw its proposal at any time before the expiration of the time for submission of proposal submittals as provided in this RFP by delivering to the Sole Point of Contact identified in [Section II.1.D](#) (Sole Point of Contact) a written request for withdrawal signed by, or on behalf of, the proposer’s binding official as identified in the [Section II.2.B](#) (Letter of Transmittal) included within the proposal.

K. Proposal/Bid Protest Procedure

A proposer who submits, or who plans to submit, a proposal may protest pursuant to the protest procedures applicable to this RFP in accordance with this **Section I.1.K**. Any attempted protest which fails to comply with this section shall be deemed to be an invalid protest and automatically denied.

1. Protests based on the content of the RFP shall be filed with the Sole Point of Contact within five (5) calendar days after the RFP is issued. Alameda CTC shall issue a written decision on the protest prior to opening the proposals.
2. Protests based on the determination of the short list of most qualified firms shall be filed with the Sole Point of Contact within five (5) calendar days after such determination has been made available to the proposer.
3. Protests based on the determination of the top-ranked firm for contract award shall be filed with the Sole Point of Contact within five (5) calendar days after such determination has been made available to the proposer.
4. Any protest shall contain a full and complete written statement specifying in detail the grounds of the protest and the facts supporting the protest. Protesters shall have an opportunity to appear and be heard before the Programs and Projects Committee (PPC) and/or the governing Commission of Alameda CTC prior to the opening of proposals in the case of protests based on the content of the RFP, or before the Chair and/or Vice-Chair of the Commission after determination of the short list of most qualified firms or of the top-ranked firm has been made available to the proposers in the case of protests based on denial of due process or fundamental unfairness.
5. If a bid protest is properly filed, Alameda CTC staff (potentially including consultants to Alameda CTC) will promptly initiate an investigation of the grounds of the bid protest. All proposers shall cooperate with any inquiries from Alameda CTC’s staff and consultants relating to the bid protest.

6. At the conclusion of its investigation, Alameda CTC staff shall submit a report, including a recommendation regarding the disposition of the bid protest, to the protestor and to the PPC and/or the Commission, in the case of any protest based on the content of the RFP, or the Chair and/or Vice-Chair of the Commission, in the case of protests based on denial of due process or fundamental unfairness. The protestor shall be given the opportunity to make a presentation to the PPC, Commission or Chair and/or Vice-Chair of the Commission, as appropriate, and the PPC, Commission or Chair and/or Vice-Chair of the Commission shall make a determination and take final action on the bid protest.

L. Equal Employment Opportunity

Proposer shall not, on the grounds of race, color, sex, gender, sexual orientation, gender identity, gender expression, age, religion, creed, national origin, ancestry, physical handicap, medical condition, genetic information, military/veteran status, or marital status either discriminate or permit discrimination against any employee or applicant for employment in any manner prohibited by Federal, State or local laws. In the event of proposer non-compliance, Alameda CTC may cancel, terminate or suspend the contract in whole or in part. Proposer may also be declared ineligible for further contracts with Alameda CTC.

Proposer and its subconsultants shall take affirmative action to ensure that applicants are employed, and that employees are treated during their employment, without regard to their race, religion, color, creed, sex, gender, sexual orientation, gender identity, gender expression, age, genetic information, military/veteran status, ancestry, physical handicap, medical condition, or national origin. Such action shall include, but not be limited to the following: employment, upgrading, demotion or transfer; recruitment or recruitment advertising; layoff or termination; rates of pay or other forms of compensation; and selection for training, including apprenticeship. Proposer and its subconsultants shall post in conspicuous places, available to all employees and applicants for employment, a notice setting forth the following provisions [29 U.S.C. § 623, 42 U.S.C. § 2000, 42 U.S.C. § 6102, 42 U.S.C. § 12112, 42 U.S.C. § 12132, 49 U.S.C. § 5332, 29 CFR Part 1630, 41 CFR Parts 60 et seq.].

M. Subconsultants

1. Nothing contained in this RFP and the resulting contract or otherwise, shall create any contractual relation between Alameda CTC and any subconsultants, and no subcontract shall relieve the proposer of his/her responsibilities and obligations hereunder. The proposer agrees to be as fully responsible to Alameda CTC for the acts and omissions of its subconsultants and of persons either directly or indirectly employed by any of them as it is for the acts and omissions of persons directly employed by the proposer. The proposer's obligation to pay its subconsultants is an independent obligation from Alameda CTC's obligation to make payments to the proposer.
2. Any subcontract in excess of \$25,000, entered into as a result of this RFP, shall contain all the provisions stipulated in this RFP and resulting contract to be applicable to subconsultants.
3. Proposer shall pay its subconsultants within ten (10) calendar days from receipt of each payment made to the proposer by Alameda CTC.
4. Any substitution of subconsultants must be approved in writing by Alameda CTC's Project Manager in advance of assigning work to a substitute subconsultant.

2. CONTRACT REQUIREMENTS

The selected proposer will be required to sign Alameda CTC's standard form professional services contract. The Alameda CTC Sample Professional Services Contract is available on the Alameda CTC website at www.alamedactc.org/app_pages/view/10614 and is incorporated herein as if attached. Alameda CTC reserves the right to substitute and/or modify the Alameda CTC Sample Professional Services Contract prior to contract execution with acceptance by both parties.

A. Exceptions to the Alameda CTC Sample Professional Services Contract

As noted above, proposers shall be prepared to accept the terms and conditions of Alameda CTC's standard form contract. If a proposer desires to take exception to the terms of the standard form contract, the proposer shall provide the following information as a section of the proposal identified as Exceptions to the Alameda CTC Sample Professional Services Contract Form ([Appendix C](#)):

1. Proposer shall clearly identify each proposed change to the contract, including all relevant Exhibits and Attachments.
2. Proposer shall furnish the reasons therefore as well as specific recommendations for alternative language.

Only exceptions that are included in the submitted proposals will be considered. No additional exceptions after proposal submissions will be considered during contract negotiations. Substantial exceptions to the contract may be determined by Alameda CTC, at its sole discretion, to be unacceptable and Alameda CTC will proceed with negotiations with the next highest ranked firm. See [Section II.3.F](#) (Award).

B. Invoicing Requirements

The selected proposer will be required to submit invoice forms as specified in Alameda CTC's standard professional services contract including any revisions.

C. Insurance Requirements

The selected proposer will be required to maintain insurance coverage, during the term of the contract, at the levels described in [Appendix E](#) (Insurance Requirement Form). Proposer agrees to provide the required certificates of insurance providing verification of the minimum insurance requirements listed in [Appendix E](#), within five (5) days of Alameda CTC's notice to firm that it is the successful proposer. Such insurance shall add Alameda CTC, the Sunol JPA, Caltrans, and their respective officers, employees and agents, as additional insured. Requests for waivers to Alameda CTC's insurance requirements should be submitted with the proposal using the form provided in [Appendix E](#). Alameda CTC will review any insurance exception requests from the selected proposer, and issue waivers at its discretion if the changes requested are determined to be acceptable. Compliance with all material insurance requirements will be assumed.

D. Cooperation

After contract award, the selected consultant shall carry out the instructions as received from Alameda CTC, which may include cooperation with Alameda CTC staff and members of its governing body (the Commission).

E. Identification of Documents

All reports and other documents completed as part of the resulting contract shall recognize the appropriate participating funds. Specific details will be provided to the successful proposer.

3. LOCAL BUSINESS CONTRACT EQUITY PROGRAM

Alameda CTC has a Local Business Contract Equity (LBCE) Program which establishes goals for award of professional service contracts to firms located within Alameda County. This contract will be funded with express lanes toll revenues and consequently, will not be subject to Alameda CTC's LBCE Program. However, as local firms are a vital component of Alameda County's economy, Alameda CTC strongly encourages each proposer to consider the use of local and small firms in its proposal. Further details regarding this program can be found on the Alameda CTC website at www.alamedactc.org/app_pages/view/4543.

SECTION II

1. RFP INFORMATION

A. RFP Description

Alameda CTC intends to retain a professional services consultant or consultant team to provide toll revenue forecasting services for the continuous-access I-580 Express Lanes and I-680 Sunol Express Lanes to support current and future toll revenue expenditure plans. The I-580 Express Lane revenue projections shall include options such as tolling of clean air vehicles and variations in occupancy requirements. In addition, revenue projections for the I-680 Sunol Express Lanes, anticipated to open in 2020 with a new northbound express lane and a conversion of the current southbound express lane to continuous access, shall be developed using the I-580 data to inform the projections. The revenue forecasts are not intended to support toll-backed financing.

B. Scope of Work

1. **Scope of Work, Deliverables, and Staffing** – The work to be performed under contract based on this RFP is described in [Appendix A](#) (Required Scope of Work, Deliverables, and Staffing) attached hereto and hereby incorporated herein.
2. **Period of Performance** – The period of performance for this contract will be 36 months, from June 2019 to May 2022.
3. **Method of Payment** – Compensation for this contract is anticipated to be based on specific rates of compensation and/or lump sum by task, but is subject to the terms and conditions established as a result of negotiations.

C. Reference Materials

Refer to [Appendix B](#) for reference materials (e.g., project reports, maps, diagrams, etc.).

D. Sole Point of Contact

The Sole Point of Contact for all purposes of this procurement is as follows. Email inquiries (where permissible under the terms of this RFP) and proposal submissions shall be directed to the Sole Point of Contact:

Name:	E.W. Cheng	Email:	echeng@alamedactc.org
Title:	Senior Administrative Analyst	Mailing Address:	Alameda CTC
Telephone:	(510) 208-7420		1111 Broadway, Suite 800
Fax:	(510) 836-2185		Oakland, California 94607

E. Pre-Proposal Meeting (Optional)

An optional, but recommended, pre-proposal meeting will be held at the Alameda CTC offices located at 1111 Broadway, Suite 800, Oakland, California as indicated in [Table 1](#) (RFP Schedule).

Prospective proposers do not have to attend this pre-proposal meeting in order to submit a proposal to this RFP; however, attendance by potential proposers and subconsultants is highly recommended and strongly encouraged.

Consultants planning to attend are requested to register for the pre-proposal meeting using the Email Notifications and/or Pre-Proposal Meeting Registration Form identified in the cover letter of this RFP by 5:00 p.m. the day prior to the pre-proposal meeting.

F. Addenda/Clarifications

It is the proposer’s responsibility to check for and review all addenda issued and posted by Alameda CTC on the RFP Web Page identified in the cover letter of this RFP. Proposers may sign up for email notifications of important updates about this RFP, as well as register for the pre-proposal meeting, using the Email Notifications and/or Pre-Proposal Meeting Registration Form identified in the cover letter of this RFP.

Explanations or clarifications desired by potential proposers regarding the meaning or interpretation of the RFP may be requested by the questions submission deadline, in writing via email to the Sole Point of Contact (as identified in [Section II.1.D](#)) with subject line “Questions – Alameda CTC RFP No. R19-0002.” Responses to questions submitted by the deadline that may have a material impact on the proposal will be posted on the RFP Web Page identified in the cover letter of this RFP, as well as provided to firms registered to receive email notifications of important updates about this RFP.

G. RFP Schedule

Any reference in this RFP to a specific time shall refer to Pacific Time. All dates and times are subject to change at the discretion of Alameda CTC.

2. PROPOSAL CONTENT AND FORMAT

A. General Instructions

By the proposal due date, interested proposers shall submit:

- **Technical Proposal** (written proposal, **without cost proposal or cost elements**): four (4) hard copies of the complete proposal, along with electronic files of the complete proposal in source (e.g., DOC/DOCX or RTF) **and** PDF formats.
- **Cost Proposal** (**sealed separately** from the technical proposal and labeled “Cost Proposal Attachment,” as identified in [Section II.2.E.5](#)): One (1) hard copy of the complete cost proposal, along with electronic files of the complete proposal in source (i.e., XLS/XLSX) **and** PDF formats.

Electronic files may be submitted on CD or USB flash drive. Proposers who submit their proposals by mail should allow sufficient mailing and internal delivery time to ensure timely receipt by the Alameda CTC. Late submittals will not be accepted. Submissions transmitted by facsimile or email will not be accepted.

The hard copies, the CD or USB flash drive, and a separate sealed cost proposal envelope, must be submitted in a sealed envelope or container—stating, on the outside, the proposer’s name, address, telephone number; the RFP number and title; and proposal due date—and delivered to the Sole Point of Contact at the mailing address identified in [Section II.1.D](#) (Sole Point of Contact).

Proposals must be typed with a minimum 12-point font and submitted on 8½” x 11” paper with at least 1” margins, using a single method of fastening. The font requirement applies to all text except for charts, tables and graphs. When appropriate, double-sided printing is encouraged. Graphs, diagrams or organizational charts could be shown on 11” x 17” paper. 11” x 17” paper will be counted as two pages per side or four pages if double-sided. Proposals shall not exceed 16 pages (8 if double-sided), excluding sections or content as indicated in Table 2: Page Limit Requirements. Proposal content and completeness are most important. Clarity, organization, and conciseness are essential and will be considered in assessing the proposer’s capabilities. Proposals should only contain relevant information pertaining to the response of this RFP; marketing materials should not be included, unless appropriate. When organizing required forms and certifications, please collate by form type rather than by firm; e.g., an appendix for Public Contract Code forms from all firms in alphabetical order by firm name.

B. Letter of Transmittal

An officer authorized to bind the proposer’s firm must sign the transmittal letter. The transmittal letter must include the following content and language:

1. List of the project team, including proposer and all subconsultants and/or vendors, if any, and detail any proposed joint venture arrangements such as revenue/profit sharing:
 - a. *Company (DBE, LBE, SLBE, and/or VSLBE status, if any) – arrangements detail (if any)*
2. Selection Process Lead (the primary point of contact during the selection process):
 - a. *English honorific prefix (e.g., Mr./Ms.), Name, Title*
 - b. *Mailing address*
 - c. *Telephone number*
 - d. *Email address*
3. This letter is signed by an officer that is authorized to bind the proposer’s firm contractually:

This proposal is a binding offer to contract with Alameda CTC according to the requirements of this RFP for a period of one hundred twenty (120) days from the proposal due date.

C. Title Page

The title page must include the RFP number and title, the proposer’s firm and contact information (local address and telephone number), contact person and contact information (name, email, and telephone number), and the date.

D. Table of Contents

Provide a table of contents that includes a clear identification of the material by section and page number.

E. Proposal Content

Proposals must contain the following sections:

1. **Understanding the Required Scope of Work.** By presentation of a well-conceived work plan, this section of the proposal shall (i) establish that the proposer understands Alameda CTC's objectives and work requirements and (ii) describe the proposer's ability to satisfy those objectives and requirements. Additional items included that are not specifically requested in the RFP must be clearly described as "optional tasks" in this section and should also be included as separate line items in the cost proposal.
 - a. Demonstrate understanding of the key risks and challenges for developing the requested revenue forecasts, and discuss risk mitigation measures.
 - b. Succinctly describe the proposed approach for addressing the risks and challenges.
 - c. Develop a work plan and outline the activities that would be undertaken to complete the various tasks with any underlying assumptions.
 - d. Provide a timetable for completing all work specified in [Appendix A](#) (Required Scope of Work, Deliverables and Staffing).
 - e. Identify key deliverables.
 - f. List all applicable standards required for the proposed services.
2. **Expertise.** This section shall describe how your firm's expertise will be practically applied to fulfill the Scope of Work, including how the team will implement the contract, areas of consideration, and the rationale for the implementation approach.
 - a. Provide representation of work performed by your firm that are similar in nature to this work or elements of this work.
 - b. Discuss specific qualifications and technical expertise of the firm.
 - c. Identify any technical and/or procedural innovations that have been used successfully on other projects which may facilitate the performance of services and which may not have been specifically stated in this RFP.
 - d. Provide overall comprehensive approach for implementing and managing the full Scope of Work.
3. **Management Plan.** This section shall describe methods of project management.
 - a. Describe methods of planning, scheduling, and delivering tasks. Discuss coordination meeting strategies and how the team will provide up-to-date and accurate information to Alameda CTC for the duration of the contract.
 - b. Describe how management of the team members and subconsultants will be handled. Discuss management of budgetary controls and avoiding exceeding resources allocated for specific tasks.
4. **Staffing Plan and Availability.** This section shall include an organizational chart and identify key team members and the firm(s) associated with such team members.

- a. Designate the principal-in-charge and the project manager who will serve as Alameda CTC's key contacts throughout the duration of the contract. The proposed project manager will have at least eight (8) years of experience in a project/contract manager role and three (3) years of experience in toll revenue forecasting.
 - b. Describe the qualifications and expertise of the proposed team, including all subconsultants, in providing services for clients comparable to Alameda CTC. Full resumes may be included in the proposal appendices with the expectation that key personnel will remain the same throughout the duration of the contract.
 - c. Proposers must also complete a Resources Form ([Appendix F](#)) and include as a proposal appendix.
5. **Cost Proposal.** Proposer shall submit, in hard copy and electronic files (i.e., XLS/XLSX and PDF formats), the following in one separately sealed envelope clearly labeled "Cost Proposal Attachment," per all requirements of Cost Proposal Requirements Certification ([Appendix E](#)):
- a. The overall price and budget, showing the level of effort and cost breakdown by tasks identified in the scope.
 - The budget should include an estimate of hours for each task and subtask, for all team members, along with their billing rates.
 - **Billing rates must be broken down into direct salary, fringe, overhead, and profit rates, if any.** Note that the profit and escalation rates for this contract may not exceed 8% and 3%, respectively.
 - **Non-labor expenses (direct expenses) must be itemized and broken down to show quantity and unit price.**
 - b. Provide cost breakdown by subconsultants, if any, and goal attainability, based on current certification at time of proposal submission.
 - c. Any additional tasks that are not specifically requested in the RFP must be clearly described as "optional tasks" and shown as On-Call Tasks line items.

The top-ranked proposer will be required to participate in negotiations which may result in revisions to the proposal. The cost and method of payment will be based on specific rates of compensation and/or lump sum by task, but is subject to the terms and conditions established as a result of negotiations.

Additionally, prior to award of a contract, the successful proposer may be required to submit the firm's most recent complete financial statements, including footnotes and auditor's opinion or other financial instrument that would establish the firm's ability to complete the obligations of the contract resulting from this solicitation.

F. Performance Measures

Provide a list of proposed performance measures that could be used during the course of the contract for Alameda CTC to evaluate the firm's deliverables and services performed. If selected, these will be negotiated with Alameda CTC during contract negotiations and final performance measures will be incorporated into a professional services contract.

G. References

For each key staff member, provide a minimum of three (3) references related to previous projects similar to this project, or elements of this project, on which the key staff member worked within the past five (5) years using the References Form. No more than one (1) of the minimum three (3) required references shall be from Alameda CTC. Project fact sheets and resumes may be provided in an appendix to the proposal and will not count toward the page-count limit.

The References Form is available at or from the RFP Web Page identified in the cover letter of this RFP and is incorporated herein as if attached. No modification to the form is allowed, other than entering the information requested. The prime proposer shall complete Part A of the References Form and include with its proposal in hard copy and electronic files.

The proposer is responsible for communicating to the referenced party the instructions and requirements for this process as outlined in this RFP, including the deadline for which References Forms are due to the Sole Point of Contact via email, as indicated in [Table 1](#) (RFP Schedule).

H. Forms and Certifications

Proposers **must** provide completed forms in their submittal as required in Table 3 and the RFP [Appendices](#). Please collate by form type rather than by firm; e.g., an appendix for Public Contract Code forms from all firms in alphabetical order by firm name.

3. PROPOSAL EVALUATION/CRITERIA

A. Review for General Responsiveness

Alameda CTC staff, in consultation with the Alameda CTC legal counsel if deemed necessary, will conduct an initial review of the proposals for general responsiveness and compliance with requirements of this RFP. Proposals failing to satisfy the requirements in this RFP will not be considered.

Any proposal that does not include enough information to permit the Selection Review Panel to rate the proposals in any one of the evaluation factors listed below will be considered non-responsive. A proposal that fails to include one or more items requested in [Section II.2](#) (Proposal Content and Format), may be considered complete and generally responsive, if evaluation in every criterion is possible.

Alameda CTC reserves the right to request additional information from **responsible and responsive** proposers prior to evaluation.

B. Proposal Evaluation

A Selection Review Panel, which may be comprised of staff from Alameda CTC and representatives from outside agencies, will evaluate responsive proposals. The Selection Review Panel will then establish a short list of the most qualified firms based on the following Proposal Criteria, and schedule interviews with the firms on the short list, if deemed necessary.

C. Proposal Criteria – 100 Points Possible

The result of the selection process will be a recommendation that Alameda CTC award the contract to the top-ranked proposer, as determined by the Selection Review Panel. The following criteria and point system will be used to evaluate the proposals:

TABLE 4: PROPOSAL CRITERIA

CRITERIA	MAXIMUM POINTS
1. Understanding the Required Scope of Work. Understanding of the RFP objectives, project needs, appropriate deliverables, schedule in accordance with the Scope of Work, and key risks and challenges as well as approach and mitigation measures.	25
2. Expertise. Qualifications and technical expertise of the proposer in performing related work; proposer’s experience in working with public agencies and familiarity with the related process; and method of approach.	25
3. Management Plan. Methods and strength of project management, including project communication, schedule and budget control, and quality assurance and quality control.	25
4. Staffing Plan and Availability. Appropriate staffing and organization of proposed team; qualifications and technical expertise of the team, particularly	25

the project manager; and key personnel’s level of involvement in performing related work. Capacity and ability to provide quality personnel in a timeframe that meets the needs of the contract and project.	
Total:	100

D. Proposer Interviews

Based on the initial technical scoring of the proposals, Alameda CTC, at its discretion, may select proposers from the short list for an interview. Final scoring to select the top-ranked proposer will be based on the interview criteria below and will not include the initial scoring of the technical proposals. If the Selection Review Panel determines that interviews are not necessary, proposers will be ranked based on the scoring of the technical proposals. The principal-in-charge and key team members should plan to attend the interview.

E. Proposer Interview Criteria – 100 Points Possible

The interview, if applicable, will be evaluated by a Selection Review Panel using the following criteria and point system:

TABLE 5: INTERVIEW CRITERIA

CRITERIA	MAXIMUM POINTS
1. Understanding the Required Scope of Work.	20
2. Expertise.	20
3. Management Plan.	20
4. Staffing Plan and Availability.	20
5. Effectiveness of Interview. Overall interview discussions and presentation.	20
Total:	100

F. Award

The selection of the consultants shall be fair, open, and competitive using a qualifications-based selection process, and will be based on clearly stated objectives identified in this RFP and on demonstrated competence, professional qualifications, experience, and capabilities to perform the required scope of services identified in [Appendix A](#) (Required Scope of Work, Deliverables, and Staffing). Proposals will be evaluated and scored for accuracy and completeness of submittal and against the qualifications and other requirements listed in this RFP.

The Selection Review Panel will recommend award to the highest ranked proposers based on the final scoring from the Proposer Interview Criteria in [Section II.3.E](#) and will not include the initial scoring of the technical proposals. If the Selection Review Panel determines that interviews are not necessary, proposers will be ranked based on the scoring of the technical proposals. The top-ranked firm may be required to submit a revised cost proposal and/or technical or other revisions to its proposal as a result of negotiations with Alameda CTC. If negotiations with the top-ranked proposer are ultimately unsuccessful, or if the proposer declines the work offered, then negotiations will proceed with the second highest ranked proposer from the proposal list, and so forth until a proposer is selected.

A. REQUIRED SCOPE OF WORK, DELIVERABLES, AND STAFFING

Purpose

The Alameda County Transportation Commission (Alameda CTC) requires the services of a qualified consultant to provide Express Lane Toll Revenue Forecasting Services for Alameda CTC's Express Lane Program. The forecasts developed through this project will be used in the development of expenditure plans for each of the express lane corridors operated by Alameda CTC.

Background

Alameda CTC operates and maintains two Express Lane systems: one on Interstate 580 (I-580) (eastbound and westbound) and the second on Interstate 680 (I-680) (southbound) Freeways in Alameda County, California. Tolling began on I-580 in February 2016 along approximately ten (10) miles of Express Lanes between Hacienda Drive in Pleasanton to Greenville Road in Livermore in the eastbound direction and approximately twelve (12) miles from Greenville Road to the I-580/I-680 interchange in Dublin in the westbound direction. The westbound Express Lanes and two small sections of eastbound Express Lanes are single lane, whereas part of the eastbound Express Lanes between Fallon Road and Vasco Road have two lanes (see project location map in [Appendix B](#)). The toll system is proposed to be upgraded, potentially with a reconfiguration of the toll zones, with the new system expected to begin live operations in early 2020.

The I-680 Sunol Southbound Express Lane extends from SR-84 south of Pleasanton to SR-237 in Milpitas. A new continuous-access I-680 northbound express lane is under construction and is anticipated to open in late 2020. When the northbound express lane opens, the existing 14-mile southbound express lane, which has been in operation since 2010, will convert from restricted access to continuous access from Andrade Road to Mission Boulevard/SR-262 while keeping the remaining express lane from Mission Boulevard/SR-262 to Calaveras Boulevard/SR-237 in its current restricted access configuration. Collectively, these lanes will comprise the I-680 Sunol Express Lanes.

An extension of the southbound I-680 Express Lane northward by approximately two (2) miles is planned for construction as part of the SR-84 Widening and SR-84/I-680 Interchange Improvements Project. This project is expected to begin construction in 2021 with the express lane extension opening in 2023.

Features of the I-580 and future I-680 Express Lanes include the following:

- The express lanes operate as toll managed facilities between 5 AM and 8 PM on weekdays. At night and on weekends, operations revert to “open to all” for general-purpose traffic.
- All vehicles must have a valid FasTrak® account or a valid License Plate account with an agency that has interoperable status with Alameda CTC.
- Tolls are dynamically priced based on travel demand and travel speeds in the Express Lanes and general purpose lanes.
- The facilities employ zone tolling – a flat fee for travel within a zone regardless of the distance traveled within that zone.
- Tolls are assessed through toll tag (transponder) and/or license plate detection at tolling sites throughout the corridor.
- Toll rates are locked in at the time of entry into the Express Lane.

- Toll rates are based on the first and last location at which the vehicle is detected by the toll system. If a motorist exits the express lane and gets back in downstream, they are still tolled as if they stayed in the express lane.
- Toll discounts for HOV and HOV-eligible vehicles such as clean air vehicles (CAV) are provided.
- Toll discounts are applied at the trip level.
- With the exception of non-revenue accounts or transponders, vehicles may only qualify for toll discounts if they have a properly mounted, valid FasTrak Flex (switchable) transponder set to an HOV position.
- During a major traffic incident, the affected express lane may be opened to all traffic for no charge.
- The California Highway Patrol (CHP) uses electronic and visual methods to enforce the Express Lanes policies and regulations.

Alameda CTC adopted the *Interstate 580 Express Lanes 20 Year Expenditure Plan, Fiscal Year 2016-17 through 2035-36* in April 2018; an expenditure plan for the I-680 Express Lanes has not yet been developed.

Scope of Services

The successful proposer (Consultant) will work in partnership with agency staff, provide technical expertise, and develop 20-year revenue projections for each of Alameda CTC's Express Lanes, by corridor and by direction of travel. The preliminary scope of work for this Traffic and Revenue (T&R) Forecast is listed below.

There will be two model years, 2020 and 2040, and multiple toll objective functions. Consultant shall test policy refinements involving up to four (4) policy scenarios for each network and analysis year combination. Policy scenarios include toll policy objectives and occupancy eligibility policy. Managed lanes operational policy alternatives shall be fully developed in consultation with the selected Consultant but are expected to include variations on the following:

- Consideration of CAV tolling in lieu of toll-free use;
- Consideration of HOV with 3 or more persons (HOV3+) toll-free facility, meaning HOV with two people (HOV2) is subject to partial toll discount;
- Maximizing vehicle throughput; and
- Maximizing revenues.

Task 1 Project Management

The Consultant shall provide the following Task 1 services for this contract:

- a. Hold a kick-off meeting with Alameda CTC staff to establish communication protocol and other matters related to project administration.
- b. Provide staffing, oversight, scheduling, administration, review, and coordination for all work performed under this contract, including subcontracted work.
- c. Develop and maintain work plans and budget estimates.
- d. Monitor and report on work progress regularly.

- e. Coordinate on all aspects of this contract by email, phone, and/or in-person meeting, subject to the preferences of Alameda CTC's Project Manager.
- f. Participate in meetings with officials or other persons as directed by Alameda CTC.
- g. Prepare meeting minutes for all meetings attended and distribute to Alameda CTC within three (3) business days of each meeting.
- h. Perform other contract administration tasks as required.

Deliverables

- Work plans, Staffing plans, Schedules, and Budgets
- Progress reports
- Meeting agendas and minutes
- Other materials as required

Task 2 T&R Analysis for I-580

Using data provided by Alameda CTC and any supplemental data collected by the Consultant, Consultant shall provide T&R forecasts by time of day for the I-580 Express Lanes. The Consultant shall propose a work plan describing the procedures, the source and type of information used, and preliminary assumptions made to complete this work to fulfill the minimum tasks for revenue projections. T&R analyses are expected to be Level II.

Subtasks within this task are as follows:

2.1 Data Collection

It is important that appropriate data sets are collected to support an accurate assessment of the express lane revenues, which shall primarily consist of available data sets.

The most recent Alameda Countywide Travel Demand Model was completed in June 2018 and includes land use and transportation assumptions updated to be consistent with Plan Bay Area 2040. The model is periodically updated to be consistent with the most recent land use and socio-economic database of the Association of Bay Area Governments and assumptions of the Metropolitan Transportation Commission's regional travel demand model. This model will be available to the Consultant to complete the T&R analysis.

Alameda CTC has 2018 traffic data collected for the I-580 Express Lanes After Study, as well as daily traffic, trip transaction, pricing, and revenue data since Go Live. A link to the I-580 After Study is included in [Appendix B](#). This data will be made available to the selected proposer.

Proposers may suggest, and add as an optional task, additional data collection to supplement data provided by Alameda CTC. If additional data collection is proposed, explain the type of data to be collected and how it would benefit the revenue forecasts.

2.2 T&R Analysis

The Consultant shall develop a traffic operation analysis model and toll revenue analysis based on a dynamic toll pricing imposed on the express lane which would ensure a Level of Service C or better in the express lanes. The existing I-580 Express Lanes data shall be used to validate the model for years 2017 and 2018.

The model shall have the capability to run multiple alternatives for toll policies and occupancy policies. The model shall provide forecast traffic levels, revenues, and total user benefits for each alternative. These forecasts shall be generated for four time blocks during a typical weekday (morning commute, midday traffic, afternoon commute, and evening traffic), and then aggregated for daily, weekly, monthly, and annual totals. This model computation shall be performed for all policy alternatives under consideration for this study, and compare the outputs to the base case of existing policies.

2.3 T&R Report

The Consultant shall provide a report detailing the model assumptions, seed data, and 20-year T&R forecasts for each policy alternative, or combination of policies.

Deliverables

- Raw and summarized data used for analysis
- Model network files, seed files for each alternative
- Assumptions for each alternative
- 20-year T&R forecasts for each alternative

Task 3 T&R Analysis for I-680

I-680 Sunol Express Lanes are currently under construction, and Go Live is anticipated in late 2020 with new facility design for near-continuous access. See [Appendix B](#) for the I-680 Sunol Express Lanes Project fact sheet.

Consultant shall provide the same Task 2 services for the I-680 Corridor under Task 3. Available data for the I-680 Sunol Express Lanes includes Before Study Data collected in 2017 in both the southbound and northbound directions, as well as trip and revenue data for the existing southbound express lane. I-580 user patterns developed in Task 2 shall be adapted to I-680, with appropriate assumptions included in the report.

Consultant shall propose a work plan describing the procedures, source, and type of information used, and preliminary assumptions made to complete this work.

On-Call Services T&R Analysis for Future Express Lane Corridors

If requested by Alameda CTC staff, the Consultant shall provide T&R forecasts for study of potential or future express lane corridors. The level of analysis and associated work plan will be determined at the time that this task is requested.

Such policy shall contain a Waiver of Subrogation endorsement in favor of Alameda CTC. Such Workers Compensation & Employers Liability may be waived, if, and only for as long as, the consultant is a sole proprietor with no employees.</p>
—	<p><u>Errors and Omissions Professional Liability Insurance</u> in an amount no less than \$2,000,000. If such policy is written on a “Claims-Made” (rather than an “occurrence”) basis, the selected consultant agrees to maintain continuous coverage in effect from the date of the commencement of services to at least three (3) years beyond the termination or completion of services or until expiration of any applicable statute of limitations, whichever is longer. The policy shall provide coverage for all work performed by the selected consultant and any work performed or conducted by any subconsultant working for or performing services on behalf of the consultant. No contract or contract between the selected consultant and any subconsultant shall relieve the consultant of the responsibility for providing this Errors & Omissions or Professional Liability coverage for all work performed by the consultant and any subconsultant working on behalf of the consultant on the project.</p>

Deductibles: Any deductibles or self-insurance retentions over **\$50,000** are subject to the approval of Alameda CTC.

Notice of Termination: All policies shall provide that the insurance carrier shall give written notice to Alameda CTC at least 30 days prior to cancellation, non-renewal or material change of coverage in the policy or policies, and shall provide notice of such change to Alameda CTC and any other additional insured.

Additional Provisions: Each policy or policies of insurance described in Commercial General Liability Insurance, above shall include an endorsement providing that such insurance is primary insurance and no insurance of Alameda CTC will be called on to contribute to a loss.

Certificates of Insurance: Promptly on execution of this contract and prior to commencement of any work hereunder, the selected consultant shall deliver to Alameda CTC Certificates of Insurance verifying the aforementioned coverages. Such certificates shall make reference to all provisions and endorsements referred to above and shall be signed on behalf of the insurer by an authorized representative thereof. Such certificates shall include information identifying the contract (i.e., services provided, project name, and the RFP number). The consultant agrees, upon written request by Alameda CTC, to furnish copies of such policies or endorsements required under the contract prior to the effective date of the contract.

Disclaimer: The foregoing requirements as to the types of limits of insurance coverage to be maintained by the selected consultant are not intended to and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by consultant pursuant hereto, including, but not limited to, liability assumed pursuant to indemnification.

Subconsultant/Subcontractor’s Insurance: The selected consultant shall require each of its subconsultant/subcontractors to provide the aforementioned coverages, unless such coverages are waived or reduced in writing by Alameda CTC’s Project Manager and Director of Budgets and Administration.

By signing below, you acknowledge and agree to provide the required certificate of insurance providing verification of the minimum insurance requirements listed above within five (5) days of Alameda CTC’s notice to firm that it is the successful proposer.

F. RESOURCES FORM

PRIME PROPOSER MUST SUBMIT A RESOURCES FORM

The Resources Form is available at or from the RFP Web Page identified in the cover letter of this RFP and is incorporated herein as if attached. The completed form should include the details for all team members (prime proposer and subconsultants/subcontractors if any). The prime proposer shall submit the following in hard copy and electronic files (i.e., XLS/XLSX **and** PDF formats):

1. **Key Staff Availability.** Provide sufficient detail to describe each individual's specific roles/responsibilities for this contract, a description of the benefits the person brings to the team, and their availability over the duration of this contract as to provide assurance to their ability to perform the requested services in a responsive and timely manner.
2. **Firm Participation Summary.** For firms with multiple offices, proposals must identify all locations from which resources are anticipated to be used. Clearly include a listing of any lawsuit or litigation and the result of that action resulting from (a) any services provided by the proposer or by its subconsultants where litigation is still pending or has occurred within the last five years or (b) any type of project where claims or settlements were paid by the proposer or its insurers within the last five years. Firms providing services subject to prevailing wage requirements must include proof of registration with the DIR.
3. **Task Resource Summary.** A table of estimated hours by task and firm (prime proposer and all subconsultants) should be provided, including the percentage of the total contract hours that each firm will spend on the contract. Total estimated hours should be provided for each task and for each firm.
4. **Alameda CTC Contracts Summary.** Provide a summary of all contracts that members of your team (including subconsultants) have held with Alameda CTC in the past three years.
5. **Potential Conflicts of Interest.** Proposers must provide a list of any potential conflicts of interest in working for Alameda CTC. This must include, but is not limited to, a list of your firm's clients who are cities in Alameda County, the County of Alameda, and/or transit or transportation agencies that operate and/or have projects in Alameda County, and a brief description of work for these clients. Identify any other clients that would pose a potential conflict of interest as well as a brief description of work you provide to these clients. This list must include all potential conflicts of interest within the year prior to the release of this RFP as well as current and future commitments to other projects.
