The City of Newark has approved its Biennial Budget and Capital Improvement Plan for Fiscal Years 2018-2020. The Biennial Budget includes an increased budget for the Street Maintenance Program and Curb, Gutter, Sidewalk Replacement Program for both fiscal years 2018-2019 and 2019-2020 and adds the Lindsay Tract and Storm Drain Improvement CIP project. Measure B/BB funds will be used for these projects. Newark will continue to monitor remaining MeasureB/BB fund balances and adjust project scope accordingly.

Additionally, the timing of these projects (which typically begin at the end of one fiscal year and are completed early in the following fiscal year) may provide the appearance that funding is not being maximized during a particular fiscal year. Funds are generally fully expended during the construction season of the concluding fiscal year, but the majority of the construction activity and therefore the expenditure of funding typically occurs in the early part of the new fiscal year.

2c. Specify any large planned uses of fund balances within this program and their status i.e. planned or underway.

A minimum of 15% of Measure BB LSR funds are required to be expended on bike/pedestrian Improvements.

In this fiscal year, how much of Measure BB LSR funds were expended on bike/pedestrian improvements?

Percent of Measure BB LSR funds expenditures on bike/pedestrian improvements:

Meets minimum 15% threshold?

\$ 19,484 3.3% FALSE

If your agency did not meet the 15% minimum expenditure requirement this fiscal year, explain why.

In fiscal year 2018-2019, the City's Curb, Gutter, and Sidewalk Replacement program was primarily funded using Measure B/BB Bike and Pedestrian funds. As a result, Measure BB LSR funds were primarily focused on the asphalt concrete overlay program. In fiscal year 2018-2019, Newark's Curb, Gutter, and Sidewalk Replacement program is budgeted to Measure BB LSR funds, which will achieve the 15% minimum.
