 This table describes actual expenditures and activities incurred for FY 2013-2014 (FY 13-14).
- Table 3: Summary of Planned Projects and Reserve Funds**
 This table describes your agency's plan to expend any remaining VRF funds within the defined reserve policies of the funding agreement through FY 14-15 thru FY 17-18.

4. If your agency's ending VRF Direct Local Distribution Program fund balance was greater than ZERO, describe why you have this fund balance and identify anticipated projects that will use these funds within the next year. Indicate N/A if not applicable.

The fund balance is to pay for projects shown under Capital Fund Reserve and to establish Operations Fund Reserve. Box 7, Table 3 shows the three projects that will exhaust most of the available fund balances.

Refer to Reserve Fund Guidance, and complete Table 3 Summary of Planned Projects and Reserve Funds.

The Capital Fund Reserve in Box 7 of Table 3 shows the anticipated expenditures for FY14-15 and FY15-16. The projects shown under FY14-15 are mostly projects under construction at this time with impending fund expenditures. Any funds shown under FY15-16 are typically for later expenditures or upcoming projects that are currently under design or pre-construction stage.

The Operations and Undesignated Reserve funds show the amounts allocated for unanticipated expenditures and unforeseen needs.

7. Alameda CTC uses the data from Table 2 to monitor compliance with the Master Programs Funding Agreement requirement (Section 5.d.): "All projects and programs that use Vehicle Registration Fee Local Streets and Roads pass-through funds must receive governing board approval prior to the jurisdiction expending the pass-through funding on the project/program."

14a. Describe your agency's effectiveness at meeting your planned FY 13-14 expenditures reported in the last compliance report and reasons for any variations. Agencies are expected to expend their planned expenditures from their individual projects and/or and reserve funds. **Did your agency expend the amount planned?**

We were not very effective in meeting our planned FY 13-14 expenditures planned in last year's compliance report. The main reason for this was that the sole project for which we were planning expenditure was delayed and could not be constructed.

The allocated funds are being carried forward to FY14-15 for expenditure along with previously allocated FY14-15 funds for this one project (Index No. 3, Box 7).

14b. If your agency expended LESS THAN the planned amount, provide detailed justification on why dollars were not spent, and reference specific projects that did not expend the funds as planned. Indicate N/A if not applicable.

Project under Index No. 3, Box 6 was delayed and construction could not begin as planned. As noted in 14a above, the FY 13-14 funds will be added to the FY 14-15 funds for this same project for anticipated construction and expenditure in FY 14-15.

14c. If your agency expended MORE THAN planned amount for a particular project/reserve, explain why and describe any adjustments to the reserves to finance the surplus amount. Indicate N/A if not applicable.

N/A.

15. Provide additional information, if necessary, to further explain Vehicle Registration Fee expenditures for the Local Streets and Roads Program.
