## Seventeen Years in a Row, Independent Watchdog Committee Reports Measure B and Measure BB Sales Tax Dollars Spent in Accordance with Intent of Two Transportation Sales Tax Measures

**ALAMEDA COUNTY, Calif.** – On August 19, 2019, the Independent Watchdog Committee (IWC) of the **Alameda County Transportation Commission** (Alameda CTC) released its [17th Annual Report to the Public](#), covering fiscal year 2017-2018 expenditures and IWC activities. The report concludes that Measure B and Measure BB tax dollars were spent in accordance with the intent of the two transportation sales tax measures and that opportunities for improvement remain. The report also provides an update on the delivery of programs and projects funded by Measure B, Alameda County's half-cent sales tax for transportation improvements, and those funded by Measure BB, which augmented the half-cent sales tax to one cent and extended the tax through 2045.

Each year, the IWC reviews and analyzes Alameda CTC's Measure B and Measure BB expenditures to ensure that funds are spent in accordance with the voter-approved measures.

In fiscal year 2017-2018, Alameda CTC received \$154.5 million in Measure B revenue and expended \$149.6 million as follows:

- \$48.5 million for public transit, including operations, capital investments and special transportation for seniors and people with disabilities.
- \$32.0 million for highway and street capital projects.
- \$39.6 million for local transportation improvements, including local streets and roads and bicycle and pedestrian projects.
- \$26.5 million for debt repayment.
- \$2.3 million for general administration.
- \$0.7 million for direct program and project management and oversight.

Alameda CTC issued \$137.1 million of Measure B Sales Tax Revenue Bonds in March 2014 to bridge a short-term funding gap that existed while many large capital projects in the 2000 Measure B Expenditure Plan were closed out. The bonds incurred \$26.5 million of costs related to annual debt repayment in FY2017-18 and will continue to incur this same amount each fiscal year until the last bond matures in March 2022.

In fiscal year 2017-2018, Alameda CTC received \$153.5 million in Measure BB revenue and expended \$122.9 million as follows:

- \$56.5 million for public transit, including operations, capital investments and special transportation for seniors and people with disabilities.
- \$15.8 million for highway and street capital projects.
- \$44.5 million for local transportation improvements, including local streets and roads and bicycle and pedestrian projects.
- \$1.0 million for community development grants.
- \$3.2 million for general administration.
- \$1.9 million for direct program and project management and oversight.

In July 2015, the IWC replaced and assumed responsibility for the Citizens Watchdog Committee created in 2002 after reauthorization of the local sales tax measure in 2000. Each year, the IWC reports directly to the public on the agency's Measure B expenditures and Measure BB expenditures and performance measures.

The [17th Annual Report to the Public](#), the Executive Summary in [English](#), [Chinese](#) and [Spanish](#), and [audited financial statements and compliance reports](#) of each agency receiving Measure B and Measure BB funds through the direct local distribution program are available to the public on the Alameda CTC website. Hard copies of the Annual Report are available by request via e-mail to [aayers@alamedactc.org](mailto:aayers@alamedactc.org), via mail to Alameda CTC offices at 1111 Broadway, Suite 800, Oakland, CA 94607, or via telephone, 510.208.7450.
