Valley Link: TEP Amendment

A presentation to the Planning, Policy and Legislation Committee
May 11, 2020

Overview

- Project Background
 - BART to Livermore
 - Tri-Valley San Joaquin Valley Regional Rail Authority (TVSJVRRRA)
- Project Briefing – Michael Tree, Executive Director TVSJVRRRA
- Draft 2014 Measure BB Amendment
 - Proposed language
 - Amendment process
- Next Steps

ALAMEDA
County Transportation
Commission

Valley Link TEP Amendment

2

Today's Action

- TVSJVRRRA has requested an amendment to the 2014 Measure BB Transportation Expenditure Plan
- Action item to **initiate a 45-day comment period** by jurisdictions in Alameda County on the proposed Measure BB Transportation Expenditure Plan amendment

Rail in the Tri-Valley

- Long-standing commitment to rail service and connectivity
- **Planning and policy priority:** identified in state and regional rail planning
 - Alameda CTC Countywide Transportation Plans
 - 2007 MTC Regional Rail Plan
 - 2018 California State Rail Plan
- **Local land use planning:** Isabel Neighborhood Plan completed in May 2018 for development around a new rail station

Funding for Rail in the Tri-Valley

- **Financial commitment:** Voters consistently supported funding
 - 1986 Alameda County Measure B
 - \$170 million for a "Rail extension to Dublin Canyon"
 - 2000 Transportation Expenditure Plan
 - \$8.7 million for I-580 Corridor/BART to Livermore Studies
 - 2014 Alameda County Measure BB
 - \$400 million for BART to Livermore
 - Regional Measures (RM)
 - RM1 bridge toll funding to advance planning and environmental work
 - RM3 (2018) included \$100 million for Tri-Valley Transit Access Improvements

BART to Livermore

- 1980s: BART purchased a potential sites near I-580 and Isabel Avenue and Greenville Road to preserve land for extension
- 2010: BART completed a Program EIR evaluating station sites and alignments
- 2012: BART advanced conceptual engineering and environmental review of extension to Isabel Avenue
- 2017: BART released Draft Project EIR
- 2018: BART certified Final Project EIR and directed staff to not advance an alternative

Tri-Valley San Joaquin Valley Regional Rail Authority (TVSJVRRRA)

- Assembly Bill 758 created the TVSJVRRRA for the purposes of planning, developing and delivering cost-effective and responsive transit connectivity between BART and commuter rail service in the Tri-Valley and San Joaquin County
- TVSJVRRRA assumed responsibility to advance rail project in 2018 when the BART Board declined to advance the project
- TVSJVRRRA leveraged significant amount of previous work:
 - BART to Livermore
 - ACEForward planning and environmental work

Director, Mountain House

BOARDMEMBER
BOB WOERNER
LAVIA Boardmember

BOARDMEMBER
LEO ZUBER
Commissioner, ACE

Corridor Snapshot With Proposed Stations

42 miles
7 stations
26,000-28,000 daily riders by 2040
33,000 metric tons of CO₂ equivalent/year reduction in Greenhouse Gas (GHG) emissions in 2040
Seamless connections to BART and ACE

Tri-Valley + San Joaquin Valley
REGIONAL RAIL AUTHORITY

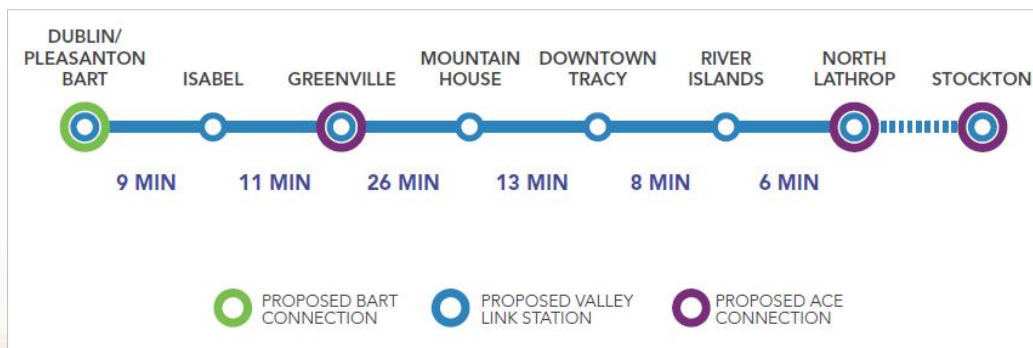

Improving Statewide Connectivity

Key Policy Objective
 Support the vision of California State Rail Plan to connect the Northern California Megaregion to the State rail system.

Valley Link closes critical transit gaps and improves connectivity within the Bay Area Megaregion by connecting two designated State Rail Hubs and providing a connection to High Speed Rail.

Travel Times Between Proposed Stations

Frequent and Reliable Service

	PEAK	OFF-PEAK
Between Bart Dublin/Pleasanton and Greenville	12 min (meeting every BART train)	30 min (meeting every other BART train)
Beyond Greenville	24 min (meeting every other BART train)	60 min (meeting every 4th BART train)

Station Partnerships

Key Policy Objectives

- Work in partnership with communities to identify and incorporate high priority local goals and objectives for individual stations.
- Initiate service at earliest possible date.
- Preserve land and right-of-way to allow for the implementation of phased design and infrastructure, in support of Sustainable Community Strategies (SB375).

Typology of Stations

Transit-Oriented Development

Park and Ride

Intermodal

Transit Oriented Development Policy

ADOPTED DECEMBER 11, 2019

- Station area plans required that include zoning, design standards, parking policies and station access plans
- Station area plans that meet or exceed a corridor-level threshold of 2,200 housing units within ½ mile radius of stations

Tri-Valley + San Joaquin Valley
REGIONAL RAIL AUTHORITY

19

Station Access

Key Policy Objectives

- Expand and improve connectivity through improved transit and/or feeder bus services.
- Promote active transportation.
- Encourage zero emission vehicles and shared rides.

Tri-Valley + San Joaquin Valley
REGIONAL RAIL AUTHORITY

20

Sustainability Goal

100% Self-sufficiency

Key Policy

Be a model of sustainability in the design, construction and operation of the system.

Valley Link will strive for a system that can operate largely on its own stored and created energy.

Project Funding

Cost of Project

- \$2.4 to \$3.2 billion in year of expenditure

Funds Identified for the Project

Measure BB	\$400 million
Bridge Toll	\$188 million
Impact Fees	<u>\$ 40 million</u>
TOTAL:	\$628 million

Project Partners

- Alameda CTC: I-580 relocation of managed lanes
- Caltrans: I-580 widening
- MTC and SJCOG: Funding and project delivery
- CalSTA: Funding
- BART: Valley Link/BART connection
- SJRRC/ACE: Valley Link/ACE connections and station designs in San Joaquin Valley
- UPRR: Review for construction and operation in UPRR right-of-way in San Joaquin Valley

Project Schedule

- Completed Feasibility Report in October of 2019
- EIR to be certified and project adopted by the end of 2020
- 30% design to be completed in 2021
- Beginning of revenue service in late 2027 to early 2028

TEP Amendment Process

- TEP amendment process from the 2014 TEP
- Amendments Require 2/3rds Support: To modify and amend this Plan, an amendment must be adopted by a two-thirds vote of the Alameda CTC Commissioners
- Comment Period: All jurisdictions within the County will be given a minimum of 45 days to comment on any proposed Plan amendment
- Staff to return to Commission to report on the comments received and recommend final action by Commission

TEP Project Requirements

- All implementing guidelines will be applicable to the project and project sponsor, similar to all other TEP projects
- Strict Project Deadlines: Each project will be given a period of seven years to receive environmental clearance approvals and to have a full funding plan for each project
- Commitments from Fund Recipients: All recipients of funds allocated in this expenditure plan will be required to sign a Master Funding Agreement, which details their roles and responsibilities in spending sales tax funds, and includes local hiring requirements
- No expenditures outside of Alameda County

TVSJVRRRA TEP Amendment Request

1. Acknowledge TVSJVRRRA as a new agency eligible for Measure BB funds (Attachment B)
2. Removal of BART to Livermore Project as a named capital project and associated \$400 million in Measure BB funding (Attachment C)
3. Addition of the Valley Link Project as a named capital project and include \$400 million in Measure BB funding (Attachment C)
4. Technical adjustments such as maps and tables to reflect changes noted above (Attachment C)

Valley Link Rail

This project funds the first phase of a Valley Link Rail Extension from the existing Dublin/Pleasanton BART station within the Tri-Valley and Altamont Pass in Alameda County using the most effective and efficient technology. Funds are for construction for any element of this first phase project in Alameda County and shall not be used until full funding commitments are identified and approved for the initial operating segment, and a project-specific environmental clearance is obtained. The project-specific environmental process will include a detailed alternative assessment of all fundable and feasible alternatives, and be consistent with mandates, policies and guidance of federal, state, and regional agencies that have jurisdiction over the environmental and project development process.

Recommendation

- Approval of this item will initiate a 45-day comment period by jurisdictions in Alameda County on the proposed amendment, which would then return to the Committee and Commission for final action. This is an action item and requires 2/3rds approval at the Commission meeting per the Implementing Guidelines of the 2014 TEP.
