

I-680 Express Lanes from SR 84 to Alcosta Boulevard

How will this project alleviate traffic?

Additional Lane

Provides an extra lane in each direction to help keep traffic moving at speed of ~45 mph

Bottlenecking

Eliminates the severity of bottlenecks including AM congestion between Sunol Blvd. and Koopman Rd. and PM congestion between Stoneridge Dr. and I-580

Usage

Lanes will be open to all M-F, 5am–8pm

Delay

Reduced Vehicle Hours of Delay (VHD)

Reliability

Makes travel time more reliable throughout peak periods
