

2020 Countywide Transportation Plan: Project List Update and Commission Discussions

A Presentation to ACTAC
Kristen Villanueva, Senior Transportation Planner
June 4, 2020

Primary Outcomes of the CTP

10-Year Priorities

- Near-term projects that best advance countywide goals and local priorities
- Reinforces multimodal and complete streets corridors
- Programs and ongoing commitments

Strategies

- Guiding principles to complement projects
- Application of industry best practices
- Inform funding, advocacy, policy, technical assistance, and implementation

Long-Term Projects

- Long-term 30-year project list submitted to the CTP
- Includes many complete streets projects
- Long-term programmatic investments

Overarching Feedback from Commissioner Meetings

May 2020

- ✓ Broad consensus on needs assessment
- ✓ Support for 10-year priorities, on-going programs, and strategies

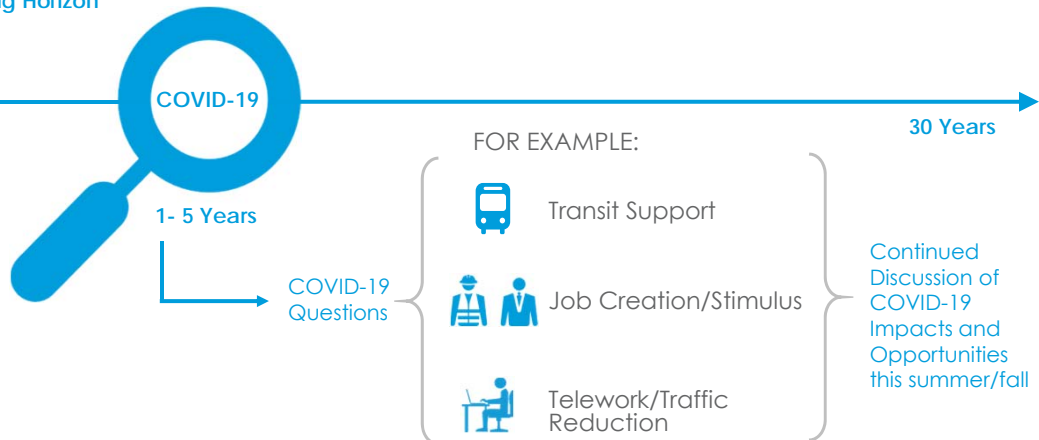

High-level recommendations for CTP:

- Respond to COVID-19 challenges and opportunities
- Priority needs include safety, first/last mile access, rail connectivity, seamless mobility, and reducing impact of cut-through traffic
- Add cross-cutting strategy for equity including disadvantaged communities, seniors and geographic equity

Risks and Opportunities of COVID-19

CTP Planning Horizon

5

COVID-19 Risks and Opportunities

Strategies will incorporate COVID-19 risks and opportunities based on what we know as of the finalization of this plan

Example Risks:

- Transit ridership losses persist
- Reduced agency budgets

Example Opportunities:

- Expansion of "Slow Streets"
- Quick build pilot projects

6

Project List Next Steps

Staff will email out draft final project list by June 5

- ✓ Reflects modifications requested in April and May
- ✓ Includes more project bundles
- ✓ Countywide list including 10-year priorities, long-term projects and fully funded projects

FINAL comments by June 17 via email
