

thrDATE: September 4, 2020

TO: I-680 Sunol Express Lane Joint Powers Authority

FROM: Liz Rutman, Director of Express Lanes Implementation and Operations

SUBJECT: Adoption of the I-680 Express Lanes Toll Enforcement Ordinance

Recommendation

It is recommended that the Authority waive reading, and adopt an ordinance for the administration of tolls and enforcement of toll violations for the I-680 Sunol Express Lanes and incorporation of Article 4, Chapter 1, Division 17 of the Vehicle Code.

Summary

The Sunol Smart Carpool Lane Joint Powers Authority ("Authority") is authorized pursuant to California Streets and Highways Code section 149.5 to conduct, administer, and operate a value pricing high-occupancy vehicle program (also known as express lanes) on Interstate 680 (I-680) in Alameda and Santa Clara counties. The Alameda County Transportation Commission (Alameda CTC) is the managing agency for the Authority.

In order to assess toll evasion violation penalties and send violation notices, the Authority must adopt a toll enforcement ordinance pursuant to, and consistent with, Vehicle Code Section 40250. The proposed Ordinance for the Administration of Tolls and Enforcement of Toll Violations for the I-680 Sunol Express Lanes and Incorporation of Article 4, Chapter 1, Division 17 of the Vehicle Code by Reference, also to be known as the I-680 Sunol Express Lanes Toll Ordinance, will establish usage requirements for the I-680 Express Lanes and civil penalties for the evasion of those tolls or noncompliance with other policies set forth in the ordinance.

As the ordinance is incorporating the relevant provisions of the Vehicle Code by reference, the ordinance must be introduced, adopted, and noticed pursuant to specific procedures under state law. Introduction and adoption of the ordinance must take place at two separate meetings. The ordinance was introduced at the I-680 Sunol Express Lane Joint Powers Authority Meeting held on July 14, 2020. In advance of this meeting, a public hearing notice was published twice in a newspaper of general circulation in both Alameda and Santa Clara Counties. The public hearing notice was also published in

Chinese and Spanish on two occasions in a Chinese-language and two Spanish-language publications. An ordinance summary highlighting the relevant provisions and including a web link to the full ordinance was also published in all of the above-referenced publications. After conclusion of the Public Hearing at this meeting, it is recommended that the Authority waive reading and adopt the ordinance.

Background

The I-680 Sunol Express Lanes Project will implement a new toll system on northbound I-680 from south of Auto Mall Parkway to State Route 84, and on southbound I-680 from State Route 84 to State Route 237. Like other regional express lanes, the I-680 Sunol Express Lanes will be continuous access, meaning motorists will be able to enter and exit the express lanes throughout the corridor. Technology will be deployed throughout the corridors that will detect when a vehicle is in the express lane, receive transmission of electronic data from a toll transponder located within the vehicle, and capture images of the vehicle and associated license plate. This third element supports the automated violation enforcement system (VES) which allows for identification of vehicles that are not carrying a transponder. The Authority contracts with The Bay Area Toll Authority (BATA) for processing of all toll transactions, and with California Highway Patrol for enforcement of the I-680 Sunol Express Lanes user requirements. The VES is commonly implemented on toll facilities of all types to reduce revenue leakage that would otherwise occur with only manual enforcement tools.

Supported by state law, Alameda CTC's adopted toll policies and business rules require that all motorists traveling in Alameda CTC's Express Lanes facilities are required to be in a vehicle with either (1) a properly-mounted and properly-functioning valid transponder on board, or (2) valid vehicle license plates properly attached pursuant to Vehicle Code Section 4850.5 or 5200, and, in either case, being associated with a valid FasTrak® account having a balance sufficient to pay the toll. Every motorist traveling in the facilities during its hours of operation is required to pay the applicable toll using a FasTrak® account. For the purposes of this ordinance, FasTrak accounts are those established with the Bay Area Toll Authority (BATA) or any other members of the California Toll Operator's Commission to administer the payment of tolls, including accounts established to administer the payment of tolls without the use of a transponder that are also known as License Plate Accounts.

All motorists seeking toll discounts, including toll-free use of the express lanes, are required to self-declare eligibility for these discounts by using an appropriate FasTrak transponder, properly mounted and linked to a valid FasTrak account. For qualifying high occupancy vehicles (HOVs) and motorcycles, this is a FasTrak Flex® transponder, also known as "switchable", which allows motorists to declare the occupancy of the vehicle as "1", "2", or "3+". For qualifying clean air vehicles (CAVs), this is a FasTrak transponder marked for use by CAVs; occupancy for these users must also be self-declared via a switchable transponder so that the maximum toll discount for which the vehicle is eligible may be applied.

Motorists traveling in Alameda CTC's express lanes with either a valid FasTrak transponder or a license plate linked to a valid FasTrak account will be charged the applicable toll via the associated FasTrak account. All other motorists are deemed violators.

In order to assess toll evasion violation penalties and send violation notices, the Authority must adopt a toll enforcement ordinance pursuant to and consistent with Vehicle Code Section 40250. Attachment A is a toll enforcement ordinance, prepared by legal counsel and Alameda CTC staff, which conforms to the legal requirements. The Ordinance affirms the user rules stated above in order to establish what constitutes a violator. The Ordinance adopts and incorporates by reference the statutory requirements and administrative procedures provided in Article 4, Chapter 1 of Division 17 of the Vehicle Code for the imposition, processing, and collection of Toll Evasion Violations; and authorizes that the processing of violation notices be conducted in accordance with those procedures adopted by BATA, with whom the Authority contracts for processing of toll violation notices.

Provisions have been made within this ordinance to simplify future amendments, such as modifications to toll policies regarding discounts and expansion of the I-680 Sunol Express Lanes toll system.

Staff recommends that the Authority waive reading and adopt the ordinance.

Fiscal Impact: Approval of the toll ordinance will enable staff to enact toll evasion violation enforcement on the I-680 Sunol Express Lane, curtailing toll revenue leakage.

PREAMBLE

Every motorist traveling in the facilities during its hours of operation is required to pay the applicable toll using a FasTrak[®] account. Vehicle Code Section 23302.5 provides that it is unlawful for a person to evade or attempt to evade the payment of tolls or other charges on any vehicular crossing or toll highway, and further provides that such acts are subject to civil penalties. Vehicle Code Division 17, Chapter 1, Article 4, commencing with Section 40250, provides for enforcement of civil penalties for violation of Vehicle Code Section 23302.5 and any ordinance enacted by local authorities, including joint powers authorities, pursuant to civil administrative procedures set forth in Article 4. This Ordinance establishes the usage requirements for the I-680 Sunol Express Lanes, as well as administrative procedures and penalties, enacted pursuant to Article 4, to ensure that motorists who evade the payment of tolls are subject to civil penalties, while also ensuring fairness in the treatment of violators.

In addition to this Ordinance, the Sunol Smart Carpool Lane Joint Powers Authority has also adopted supplemental administrative policies applicable to its facilities. These policies are available online on the I-680 Sunol Express Lanes Website and hard copies are available upon request.
