## Future Vision for the Transportation System

*A bus on San Pablo Avenue, City of Oakland*

# THE CTP ESTABLISHES A VISION FOR THE FUTURE OF TRANSPORTATION IN ALAMEDA COUNTY

## THE CTP WILL ADVANCE THE VISION BY FOCUSING ON FOUR GOALS

### ACCESSIBLE, AFFORDABLE, AND EQUITABLE

Improve and expand connected multimodal choices that are available for people of all abilities, affordable to all income levels and equitable.

### SAFE, HEALTHY AND SUSTAINABLE

Create safe multimodal facilities to walk, bike and access public transportation to promote healthy outcomes and support strategies that reduce reliance on-occupant vehicles and minimize impacts of pollutants and greenhouse gas emissions

Alameda County residents, businesses and visitors will be served by a premier transportation system that supports a vibrant and livable Alameda County through a connected and integrated multimodal transportation system promoting sustainability, access, transit operations, public health and economic opportunities.

## HIGH QUALITY AND MODERN INFRASTRUCTURE

Deliver a transportation system that is of a high quality, well-maintained, resilient, and maximizes the benefits of new technologies for the public.

## ECONOMIC VITALITY

Support the growth of Alameda County's economy and vibrant local communities through a transportation system that is safe, reliable, efficient, cost-effective, high-capacity and integrated with sustainable transit-oriented development facilitating multimodal local, regional, and interregional travel.
