

ALAMEDA COUNTY TRANSPORTATION COMMISSION

Climate Action Plan for Transportation Infrastructure

Carolyn Clevenger, Deputy Executive Director of Planning and Policy
April 22, 2021

Background

- Governor's Executive Order N-19-19: leverage state transportation spending to help meet state climate goals
- Governor's Executive Order N-79-20: expand clean transportation options
- California State Transportation Agency charged with developing Climate Action Plan for Transportation Infrastructure (CAPTI)
- Draft Plan is out for public comment until May 19, 2021
- Submittal to Governor and Legislature by July 15, 2021

State Transportation Funding Programs

- Leverage transportation funding to reach climate goals
- State agencies play a role in over \$5 billion of transportation infrastructure funding annually
 - Active Transportation Program
 - Interregional Transportation Improvement Program
 - Local Partnerships Program
 - Solutions for Congested Corridors
 - State Highway Operations and Protection Program
 - Trade Corridor Enhancement Program
 - Transit and Intercity Rail Capital Program

CAPTI Investment Framework

Building towards an integrated, statewide rail and transit network

Investing in networks of safe and accessible bicycle and pedestrian infrastructure

Including investments in light, medium, and heavy-duty zero-emission-vehicle (ZEV) infrastructure

CAPTI Investment Framework

Reducing public health harms and maximize benefits to disproportionately impacted disadvantaged communities

Making safety improvements to reduce fatalities and severe injuries

Assessing physical climate risk

Promoting projects that do not increase passenger vehicle travel

Promoting compact infill development

Developing a zero-emission freight transportation system

Protecting natural and working lands

State of the System

5

CAPTI Strategies

1. Cultivate and Accelerate Sustainable Transportation Innovation by Leading with State Investments
2. Support a Robust Economic Recovery by Revitalizing Transit, Supporting ZEV Deployment, and Expanding Active Transportation Investments
3. Elevate Community Voices in How We Plan and Fund Transportation Projects
4. Advance State Transportation Leadership on Climate and Equity through Improved Planning & Project Partnerships
5. Support Climate Resilience through Transportation System Improvements and Protections for Natural and Working Lands
6. Support Local and Regional Innovation to Advance Sustainable Mobility
7. Strengthen Transportation-Land Use Connections

State of the System

Next Steps

- What this means for Alameda CTC
 - Projects and programs that advance CAPTI goals and strategies will be most competitive for state funding
 - Strong consistency between 2020 Countywide Transportation Plan goals and focus areas
- Comments due to CalSTA on May 19, 2021
- New guidelines will be developed for each individual program following the normal guideline development process of the relevant agency
