## INDEPENDENT AUDITOR'S REPORT

To the City Council  
City of Piedmont  
Piedmont, California

### Report on the Financial Statements

We have audited the accompanying financial statements of the Measure F Fund of the City of Piedmont (the City) as of and for the year ended June 30, 2020 and the related notes to the financial statements, as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Measure F Fund of the City as of June 30, 2020, and the changes in financial position thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

**Emphasis of Matter**

As discussed in Note 2, the financial statements present only the Measure F Fund and do not purport to, and do not present fairly the financial position of the City of Piedmont as of June 30, 2020, the changes in its financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Management has omitted a management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2020, on our consideration of the City's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

**CITY OF PIEDMONT  
MEASURE F FUND  
NOTES TO THE FINANCIAL STATEMENTS  
JUNE 30, 2020**

**NOTE 1: BACKGROUND - MEASURE F**

The Measure F Alameda County Vehicle Registration Fee (Measure F) was approved by the voters in November 2010, with 63 percent of the vote. The fee will generate about \$10.7 million per year by a \$10 per year vehicle registration fee. The collection of the \$10 per year vehicle registration fee started in the first week of May 2011. The goal of Measure F is to sustain the County's transportation network and reduce traffic congestion and vehicle related pollution. The program includes the following four categories of projects:

- Local Road Improvement and Repair Program (60 percent)
- Transit for Congestion Relief (25 percent)
- Local Transportation Technology (10 percent)
- Pedestrian and Bicyclist Access and Safety Program (5 percent)

The Alameda County Transportation Commission administers the program and distributes an equitable share of funds among the four planning areas of the county over successive five year cycles. Geographic equity will be measured by a formula, weighted 50 percent by population of the planning area and 50 percent of registered vehicles of the planning area.

**NOTE 2: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**A. Reporting Entity**

All transactions of the Measure F Fund of the City of Piedmont, California (City) are included as a separate capital project fund in the basic financial statements of the City.

The accompanying financial statements are intended to present the financial position and results of operations of only transactions recorded under the Measure F Fund. The fund itself is included in the financial statements of the City.

**B. Basis of Presentation**

The Measure F Fund's basic financial statements are prepared in conformity with accounting principles generally accepted in the United States of America. The Government Accounting Standards Board is the acknowledged standard setting body for establishing accounting and financial reporting standards followed by governmental entities in the United States of America.

**C. Basis of Accounting**

Measurement focus is a term used to describe "which" transactions are recorded within the various financial statements. Basis of accounting refers to "when" revenues and expenditures or expenses are recognized in the accounts and reported in the financial statements regardless of the measurement focus applied.

All governmental funds are reported using the *current financial resources* measurement focus and the *modified accrual* basis of accounting. Revenues are recorded when measurable and available and expenditures are recorded at the time liabilities are incurred, regardless of when the related cash flows take place.

**D. Description of Fund**

The accounts are maintained on the basis of fund accounting. A fund is a separate accounting entity with a self-balancing set of accounts. The City uses special revenue funds to account for the proceeds of specific revenues (other than for capital projects) that are legally restricted to be expended for specified purposes.

**CITY OF PIEDMONT**  
**MEASURE F FUND**  
NOTES TO THE FINANCIAL STATEMENTS (continued)  
JUNE 30, 2020

**E. Use of Estimates**

The preparation of the financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**NOTE 3: CASH AND INVESTMENTS**

The Measure F fund participates in the City's cash and investment pool. See the City's Basic Financial Statements for disclosures related to cash and investments and the related custodial risk categorization.

**NOTE 4: COMMITMENTS AND CONTINGENCIES**

The City participates in several grant programs. These programs did not require a Single Audit during the year ended June 30, 2020. However, these programs are subject to further examination by the grantors and the amount, if any, of expenditures which may be disallowed by the granting agencies cannot be determined at this time. The City expects such amounts, if any, to be immaterial.

The World Health Organization declared the worldwide coronavirus (COVID-19) outbreak a public health emergency on January 30, 2020 and officially declared it a pandemic as of March 11, 2020. The City has performed an evaluation of financial statement line items to determine whether valuation of impairment adjustments should be made. The City has determined that the amounts reported on the Measure F Fund's financial statements are properly valued as of June 30, 2020. However, since the duration and full effects of the COVID-19 outbreak are yet unknown there could be future negative impacts to Measure F Fund's financial position that have yet to be determined.

## INDEPENDENT AUDITOR'S REPORT ON MEASURE F COMPLIANCE AND ON INTERNAL CONTROL OVER COMPLIANCE

To the City Council  
City of Piedmont  
Piedmont, California

### Report on Compliance for Measure F Fund

We have audited the accompanying financial statements of the Measure F Fund of the City of Piedmont's (the City) compliance with the requirements described in the *Master Program Funding Agreement* between the City and the Alameda County Transportation Commission (ACTC) that could have a direct and material effect to the Measure F Fund for the year ended June 30, 2020.

### Management's Responsibility

Management is responsible for compliance with the laws and regulations, contracts and grant requirements as specified in the *Master Programs Funding Agreement* between the City and the ACTC.

### Auditor's Responsibility

Our responsibility is to express an opinion on the City's compliance based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and requirements specified in the *Master Programs Funding Agreement* between the City and ACTC. Those standards and requirements require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on Measure F Funds occurred. An audit includes examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance. However, our audit does not provide a legal determination of the City's compliance with those requirements.

### Opinion on Compliance

In our opinion, the City complied, in all material respects, with the types of compliance requirements referred to above that could have direct and material effect on Measure F Funds for the year ended June 30, 2020.

### Report on Internal Control over Compliance

Management of the City is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City's internal control over compliance with the types of requirements that could have a direct and material effect on Measure F Funds to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance and to test and report on internal control over compliance in accordance with the requirements noted above, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Purpose of this Report**

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal controls over compliance and the results of that testing based on the requirements of the *Master Programs Funding Agreement*. Accordingly, this report is not suitable for any other purpose.

Sacramento, California  
December 18, 2020

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

To the City Council of  
the City of Piedmont  
Piedmont, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Measure F Fund of the City of Piedmont (the "Fund"), as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise Fund's basic financial statements and have issued our report thereon dated December 18, 2020.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statements, we considered City of Piedmont's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of City of Piedmont's internal control. Accordingly, we do not express an opinion on the effectiveness of City of Piedmont's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

**Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Fund's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
