This form is also recommended to be completed by proposers even if the goal is met, in case of a calculation discrepancy, or, if a firm believed to be a DBE is in fact not certified as a DBE. Also, Alameda CTC has seen instances where costs were not allowable under a DBE (e.g.: a firm charging for unit costs that should be captured in company overhead), therefore it is recommended to complete this form.

This form must be completed in entirety, in detail.

Termination or Substitution of DBE

- Per Caltrans LAPM Chapter 9: *When a DBE subcontract is terminated or when a DBE subcontractor fails to complete its work on the contract for any reason, the Local Public Agency (Alameda CTC) must require the prime contractor to make GFEs to find another DBE subcontractor to substitute for the original DBE subcontractor. These GFEs must be directed at finding another DBE subcontractor to perform at least the same amount of work under the contract as the DBE subcontractor that was terminated to the extent needed to meet the DBE contract goal.*
- Per Code of Federal Regulations (CFR) 26.53(f)(1)(i)
 - You must require that a prime contractor not terminate a DBE subcontractor listed in response to paragraph (b)(2) of this section (or an approved substitute DBE firm) without your prior written consent. This includes, but is not limited to, instances in which a prime contractor seeks to perform work originally designated for a DBE subcontractor with its own forces or those of an affiliate, a non-DBE firm, or with another DBE firm

Termination or Substitution of DBE

- 26.53(f)(3)
 - Note that terminating work slated for a DBE for good cause must be documented and fall under one of the listed reasons in this section.
- Including:
 - The listed DBE subcontractor fails or refuses to execute a written contract;
 - The listed DBE subcontractor fails or refuses to perform the work of its subcontract in a way consistent with normal industry standards. Provided, however, that good cause does not exist if the failure or refusal of the DBE subcontractor to perform its work on the subcontract results from the bad faith or discriminatory action of the prime contractor;
 - The listed DBE subcontractor fails or refuses to meet the prime contractor's reasonable, nondiscriminatory bond requirements.
 - The listed DBE subcontractor becomes bankrupt, insolvent, or exhibits credit unworthiness;
 - The listed DBE subcontractor is ineligible to work on public works projects because of suspension and debarment proceedings pursuant [2_CFR Parts 180, 215](#) and [1,200](#) or applicable state law;
 - You have determined that the listed DBE subcontractor is not a responsible contractor;

As an example a DBE cannot be terminated for “project reasons” there must be a documented good cause that falls under specific CFR requirements.

Termination or Substitution of DBE

- Continued:
 - The listed DBE subcontractor voluntarily withdraws from the project and provides to you written notice of its withdrawal;
 - The listed DBE is ineligible to receive DBE credit for the type of work required;
 - A DBE owner dies or becomes disabled with the result that the listed DBE contractor is unable to complete its work on the contract;
 - Other documented good cause that you determine compels the termination of the DBE subcontractor. Provided, that good cause does not exist if the prime contractor seeks to terminate a DBE it relied upon to obtain the contract so that the prime contractor can self-perform the work for which the DBE contractor was engaged or so that the prime contractor can substitute another DBE or non-DBE contractor after contract award.

Note that a DBE withdrawing from a *task* is not the same as withdrawing from the *project* (contract).

Proposal Requirements (RFP Table 3)

Proposers must provide completed Forms and Certifications (see RFP Table 3) for prime consultant and all subconsultants. **If there is any reason that specific items are incomplete or not provided, proposers must include a justification for each item explaining why it was incomplete or not provided.**

1. Non-Lobbying Certification
 - Prime
 - Sub 1

Proposal Requirements (Insurance)

- The successful proposer shall provide the required Proof of Insurance as outlined in **Appendix E** within ten (10) calendar days of the execution of the resulting contract and prior to performing any work under such contract.
- If such exceptions are not requested via the Insurance Requirement Form (IRF) with the proposal, compliance will be assumed. **The prime shall submit one IRF for any and all insurance exceptions requests.**
- Proof of Insurance required to be submitted to Alameda CTC:
 - Prime: All Insurance
 - Sub: Professional Liability Insurance, if applicable
- Notice to Proceed will be issued after execution of agreement and review of compliance.

Note that for this contract, the escalation rates may not exceed 3% and the profit rates may not exceed 8-10%. To justify and support a profit rate exceeding 8%, consideration will be given based on the complexity of the work to be performed, the risk borne by the consultant, the amount of subcontracting, and industry profit rates in the surrounding geographical area for similar work.

- Communicate to references the instructions and requirements for this process as outlined in the RFP.
- Provide reference project information (i.e., project details) in proposal.

> References

- Complete and submit the web-based **Reference Questionnaire** by or before the proposal due date.

We recognize that Reference Questionnaires are submitted at the discretion of the reference, and that references may be presented with challenges such as time constraints or availability. In part for this reason, Section II.3 (Proposal Evaluation/Criteria) states that a proposal that fails to include one or more items requested in Section II.2 (Proposal Content and Format) may be considered complete and generally responsive, if evaluation in every criteria is possible. Accordingly, omission of one or more Reference Questionnaires will not render a proposal non-responsive. Reference Questionnaires, if submitted by the RFP deadline, are considered during the Selection Review Panel's evaluation as part of Criteria 4 (Staffing Plan and Availability) under Section II.3 (Proposal Evaluation/Criteria).

Alameda CTC is unable to provide any way for proposers to track whether a Reference Questionnaire has been submitted. This information is only available from the individual references. Alameda CTC does not provide any confirmation that reference forms have been received and completed.
