

Alameda CTC Rail Safety Enhancement Project

A Notice of Intent (NOI) to Adopt an Initial Study with Proposed Mitigated Negative Declaration (IS/MND) will be issued by the Alameda County Transportation Commission (Alameda CTC) on March 15, 2023 as the Lead Agency under the California Environmental Quality Act (CEQA).

Virtual Public Hearing for Virginia Avenue and Hearst Ave Crossings in Berkeley on Tuesday, March 28, 2023 6:00 – 7:30 p.m.

The proposed Alameda CTC Rail Safety Enhancement Project (RSEP) includes several individual rail crossings throughout the County that were identified as priorities and the recommended enhancements center around pedestrian, bicycle and vehicle user safety with an emphasis on schools. The project will be implemented in two phases, within six local jurisdictions.

Join Alameda CTC on Tuesday, March 28, 2023 from 6:00 – 7:30 p.m. for a virtual public hearing about the Rail Safety Enhancement Project (RSEP) and the enhancements planned for the Virginia Avenue and Hearst Ave Crossings in Berkeley. The virtual hearing will be held via Zoom and attendees can join online or by calling in. Hearing participants will learn more about the proposed project, the environmental review process, project benefits, and how to comment on the project.

ATTENDANCE THROUGH ZOOM: Register today at www.alamedactc.org/RSEP_PH-01. After registration, participants will receive an email with the meeting link and dial-in information. Please note that the meeting will be recorded.

Can't make the meeting? Public comments on the CEQA document will be accepted from March 15, 2023 through April 13, 2023. Public comments can be directed to Jhay Delos Reyes, Principal Transportation Engineer at Alameda CTC, via email to jdelosreyes@alamedactc.org or by mail at 1111 Broadway, Suite 800, Oakland, CA 94607.
