

CONSTRUCTION AND TRAFFIC ADVISORY

PROJECT

The Alameda County Transportation Commission (Alameda CTC), in cooperation with the Port of Oakland, City of Oakland, California Department of Transportation (Caltrans) and Union Pacific Railroad (UPRR) is constructing the 7th Street Grade Separation East Project. This project is one of the critical elements of the GoPort program which proposes to realign and reconstruct the existing railroad underpass and multi-use path along 7th Street between west of I-880 and Maritime Street. The project will replace aging infrastructure and increase vertical and horizontal clearances for trucks to current standards and improve the shared pedestrian/bicycle pathway.

TRAFFIC ADVISORY

The 7th Street Grade Separation East Project is set to start construction in early September 2023. Starting the evening of September 5, 2023, running through September 15, 2023, initial work starts on the project. The work requires temporary lane closures on 7th Street between Bay St. and Maritime to accurately locate critical underground utility lines primarily in the area of the 7th Street/Maritime intersection. A minimum of one lane will be open at all times in each direction on 7th Street and Maritime Street. Lane closures will be limited to the hours of 8 pm to 4 am.
