

GoPort!

PORT OF OAKLAND

CONSTRUCTION TRAFFIC ADVISORY

PROJECT

The Alameda County Transportation Commission (Alameda CTC), in cooperation with the Port of Oakland, City of Oakland, California Department of Transportation (Caltrans) and Union Pacific Railroad (UPRR) is constructing the 7th Street Grade Separation East Project. This project is one of the critical elements of the GoPort program which proposes to realign and reconstruct the existing railroad underpass and multi-use path along 7th Street between west of I-880 and Maritime Street. The project will replace aging infrastructure and increase vertical and horizontal clearances for trucks to current standards and improve the shared pedestrian/bicycle pathway.

TRAFFIC ADVISORY

The 7th Street Grade Separation East Project is continuing construction. Starting the evening of Monday December 4, 2023, running through December 15, 2023, temporary lane closures on 7th Street between Bay St. and Maritime St. will be implemented to relocate storm drain and utility lines in the vicinity of the 7th Street/Maritime intersection. A minimum of one lane will be open at all times in each direction on 7th Street and Maritime Street. Lane closures will be limited to the hours of 8 pm to 4 am. The lane closures are limited to the Port of Oakland area. No lane closures from this project will occur in any residential neighborhoods.
