Micheal Pope	Alzheimer's Services of the East Bay	CEO	<a href="mailto:micheal@aseb.org">micheal@aseb.org</a>	510-644-8292	Alzheimer's Services of the East Bay (ASEB) has been providing transportation for our program participants since 1992. The program began in an attempt to fill the need of employed caregivers/partners who had a tight schedule which made it difficult for them to drop their loved one off at the program. For 32 years ASEB has provided curb to curb transportation! Over this time ASEB has been supported not only by Alameda CTC but others who understand that transportation is a necessity not luxury for the families we serve. ASEB will be submitting a grant to request the continued collaboration and support of Alameda CTC. ASEB's current transportation program is vital to enrollment and access for the citizens served. ASEB is currently serving families from Fremont to Hercules at our Berkeley location. With our current aging fleet ( 2 van lift vans and 1 mini-van) ASEB is performing a "magic act" to maintain our award winning transportation program. For the fiscal year 2022-2023 ASEB provided 7,941 one way van trips for 133 caregivers. ASEB will be requesting support to revamp its transportation program to adapt to the impact of the pandemic and the "great resignation" both have come close to devastating ASEB's ability to serve Alameda County.
