

Interested in Doing Business with the
Alameda County Transportation Commission?

You are invited to our **Rail Safety Enhancement Program - Phase A Subcontractor Outreach Event**

**18
AUG**

1111 Broadway, Suite 800 Oakland, CA 94607
Alameda County Transportation Commission Offices

2:00PM - 4:00PM (PDT)

Alameda CTC is delivering the Rail Safety Enhancement Program - Phase A (Project) using the alternative Construction Manager/General Contractor (CM/GC) delivery method. Clark Construction, Alameda CTC's CM/GC for pre-construction services, has released an invitation to bid for the remaining 21 at-grade railroad crossings and 1 trespass location in the cities of San Leandro, Oakland, Berkeley and unincorporated Alameda County. Safety improvements include sidewalks, manual swing gates, handrailing, tactile warning strips, fencing, anti-trespassing landscaping, signing, striping, lighting, median islands, bulbouts, traffic signal preemption and driveway modifications.

CONNECT TO GET THE INFORMATION YOU NEED!

Attendees will have the opportunity to learn about the project and network with each other.

- Project Overview
- Meet the Project Team
- Schedule and Contracting Opportunities
- Networking
- Q&A with Clark and Alameda CTC
